PALMA MAKES PEACE BY STOPPING FIGHTS.

Cuba's President Issues Decree Suspending the Campaign.

Government Forces Will Act Only on the Defensive Throughout the Republic—Attempt to Settle the Question Without Intervention—No Objection to Friendly Assistance of the United States.

[BY THE ASSOCIATED PRESS—P.M.]

HAVANA, Sept. 16.—The government, this evening, is making final strenuous efforts to restore peace in Cuba, and thus avoid any kind of American intervention.

The object of these endeavors, it is said, is that it may be able to say by the time Secretary of War Taft and acting Secretary of State Bacon arrive that peace has already resulted, and that therefore there is no need for American government intervention, either to restore peace or insure permanent tranquillity.

Members of the government informed the Associated Press that they are making the efforts in accordance with the advice contained in President Roosevelt's letter; that they have no objection to the friendly assistance of the United States in the matter, if it becomes necessary, but that they believe they can settle it between the government and the revolutionists, without the necessity of intervention. At least, they say they are making an attempt to accomplish this end unaided and with fair prospects of success.

PALMA'S DECREE.

This is the latest phase of the rapidly-changing situation that developed late this afternoon, when an extraordinary gazette was issued, containing a decree signed by President Palma on the recommendation of Secretary of Public Works Montalvo. The decree follows:

"All campaign operations are suspended, and in consequence the government forces will act only on the defensive throughout the republic. The Secretary of the Interior will issue all the necessary orders for the execution of this decree."

HAVANA, Sept. 16.—[Exclusive Dispatch.] A truce was officially proclaimed by the administration this afternoon, in a decree signed by President Palma and Señor Montalvo, secretary of the government, and Montalvo admitted that negotiations were pending for a compromise. This agreement virtually ends the revolution.

The peace was the outcome of the landing of sailors from the cruiser Denver. After the men reached shore, Capt. Colwell was informed that all the leading generals in the field were willing to surrender to him. He could not accept the surrender, but spoke to President Palma, and the preliminaries were quickly settled and the truce arranged.

REBELS AGREE TO TRUCE.

After the rebels agreed to the truce, the government took official action. On account of the difficulty of communicating with the interior of the island, it will require several days to terminate the fighting.

SEVERAL SKIRMISHES.

News comes tonight of skirmishes at several points. A commission left here hurriedly to carry the peace news. Felipe Romero, who is known to have acted as intermediary of Alfred Zayas, was about to be arrested when the fact of the armistice was made public. Chief Jerez of the recent police had made the affidavit.

On receipt of word from the Cuban junta in New York, Romero left Havana in an automobile to communicate with the rebels.

Romero told a correspondent that he had received a cable dispatch from Señor Aguirre, in New York, and had asked permission to go to the insurgent camp. He was told he could not, and did not make the effort.

ALFREDO ZAYAS FLEEING.

Francisco Zayas went aboard the Denver today and asked Capt. Colwell if he could obtain a safe conduct to bring his brother, Alfredo, to the warship. He said that Alfredo was anxious to get to the United States as quickly as possible. He was told that no safe conduct, as such, was possible.

WONDERING ABOUT TAFT.

What can Secretary of War Taft and Assistant Secretary of State Bacon do to stop the rebellion and put Cuba on her feet again is the question agitating people here. They are coming, so it is announced, with one hand extended and the other significantly behind their backs.

FUNSTON EXPECTED.

Gen. Funston, who has fought in Cuba and knows the lay of the land, it is said, is to come with them, as President Roosevelt's peace commissioner.

Three American men-of-war are in the harbor, and more are coming to give the peace parley a proper setting. All this is proper, according to the best-informed men in Cuba with anything to lose. They hope to see American troops landed in the cause of peace now, and stay forever. Their first withdrawal, they say, has proved to have been a mistake, and a second would be a crime.

PROTECTORATE IDEAS.

In other words, the politically disinterested cannot see how Secretary Taft can offer any settlement that will continue the Cuban republic as an independent power and secure to it permanent peace. They believe President Roosevelt realizes this, and is prepared to have Mr. Taft and Mr. Bacon leave peace behind them with Gen. Funston and some troops to preserve it.

Destruction of property so far has been mostly that of British railroads, and the question is often asked whether England has not slightly urged President Roosevelt to his sudden peace efforts.

URGED BY MENOCAL.

[BY THE ASSOCIATED PRESS—P.M.]

HAVANA, Sept. 16.—The Associated Press learns that today's action had its beginning by Gen. Menocal's renewed effort in visiting Secretary Montalvo and urging him to make the strongest possible endeavor to induce President Palma to comply with President Roosevelt's advice and avoid the consequences of intervention by requesting a truce and endeavoring to have the Cubans themselves come to an agreement.

Secretary Montalvo and Gen. Menocal first visited José Miguel Gomez and others of the alleged conspirators in the prison, and found them willing to cooperate in securing peace. The basis of peace was not discussed in any detail, but Secretary Montalvo returned to the palace and urged President Palma to consider the matter. The President called a conference for this purpose, which was attended by the Minister, Vice-President Mendez Capote, Gen. Freyre and Senator Dolz. The result of this conference was the issuance of the decree suspending governmental campaign operations.

After the decree was issued, government emissaries were dispatched in automobiles to confer with the revolutionists. Gen. Menocal, accompanied by Congressman Cobin and Garcia Vieta, the youngest son of Calixto Garcia, drove in the direction where Alfredo Zayas was encamped with Castillo's forces, not far from Santiago de las Vegas, and others went to Guanajay.

MAYOR GALLES COOPED UP.

This place this afternoon was occupied by a big band of revolutionists, under Congressman Campos Marquetti. The latter had Mayor Galles and the 200 volunteers defending the town cooped up in a cuartel and surrounded by a swarm of insurgents. The Mayor up to this evening had defied Campos Marquetti, and was still holding out when the peace emissaries arrived. Meanwhile, Campos Marquetti was threatening to blow up the cuartel with dynamite.

TERMS NOT DEFINED.

Gen. Freyre Andrade, when asked about the terms discussed at the conference with the revolutionists, said that the matter had not gone far enough along to discuss actual peace terms. The conferees had only touched them informally, he declared, but one thing was certain—that the government would never agree to annual constitutional elections, and that contention must be eliminated from the claims of the revolutionists. He thought there was reason to believe that the government and hostile element would get together on terms, although this as yet was uncertain. Those who had been sent to confer with the revolutionists carried passes for themselves and as many of the revolutionists as they choose to bring into the city.

The general said that the government had appreciated the friendly efforts of the United States, and would avail itself of them if its own efforts are unsuccessful, but naturally favored settling their questions without intervention.

PRISONERS RELEASED.

Similarly with the issuance of the decree, declaring a cessation of hostilities the special judge in charge of the cases against the alleged conspirators in prison and prisoners recently captured liberated thirty of the latter, against whom indictments had been issued. Meanwhile a warrant was issued for Felipe Romero, a wealthy

(Continued on Second Page.)

PEACE CONGRESS MEETS.

American Consul Dunning Reads Message from the President Conveying Congratulations to It.

[BY THE ASSOCIATED PRESS—P.M.]

MILAN, Sept. 16.—The fifteenth Universal Peace Congress was inaugurated yesterday in the large hall of the Villa Reale, which was crowded with delegates from all parts of the world. J. E. Dunning, the American Consul here, read the following message from the President:

"Giving utterance to the aspirations of the American people that the great cause of peace among nations shall prevail and sharing the hopeful desire of my countrymen that the labors of the present conference at Milan will mark a further advance toward realizing the aims of the advocates of universal peace, I congratulate the conference upon its auspicious meeting."

FIGHTS SHY OF ESKIMO MAIDEN.

NOVEL STORY OF CASTAWAY ON SEAL ISLANDS.

Two Fishermen Lost from Schooner in Fog Drift in Open Boat and After Much Suffering Meet With Curious Adventures With Tribe of Kindly-Disposed Blubber-Eaters.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Sept. 16.—[Exclusive Dispatch.] Charles Maimberg, the Gloucester fisherman who was a member of the crew of the schooner Dora Lawson, was brought into port today on the steamer Pretoria from Halifax with as strange a tale of castaways as ever was heard here. He was lost with Patrick Manahan from the schooner while out trawling August 9, owing to the thick fog and heavy seas. For three days Maimberg battled with the elements, Manahan being so sick and crazed by sufferings that he could do nothing.

Maimberg steered the boat with one hand and bailed out the water with his other hand. The two finally were rescued from their plight by the Danish barkentine Vigilant, and landed on Seal Island, where they found a colony of fourteen Eskimos.

Maimberg was elected their chief but refused to accept the honor and also declined to marry an Eskimo girl, the fattest blubber-eating maiden "north of 63."

Manahan gradually recovered and the two made their way in an Eskimo boat to a neighboring island where a Marconi station is located and succeeded in getting a message through to the American Consul at St. John's.

GERMANS BEWAIL BEER TAX.

New Law Hits the Popular Beverage Hard and Price Keeps Thirsty from Buying.

[BY DIRECT WIRE TO THE TIMES.]

BERLIN, Sept. 16.—[Exclusive Dispatch.] Next to a real war the most serious thing possible has happened in Germany—a beer war. Nearly 60,000,000 people are talking about it.

Last May the Reichstag passed an excise law raising the duty on beer 50 cents for a thousand liters, or 220 gallons. In order to get the law passed the government proved to the satisfaction of every one that the brewer must pay this increased tax.

Now it appears that it is the consumer who is to suffer. Brewers and retailers add charges which swell the duty of 50 cents to $28.75 by the time it reaches the consumer.

That is why thousands of Germans are drinking mineral water and cider rather than touch beer at the enhanced price.

CLOUDBURST CAUSES LOSS.

JACKSON (Neb.) Sept. 16.—At 7:30 o'clock this morning water from a cloudburst in the western part of Dakota county and the eastern part of Dixon county rushed down the valley of Elk Creek, sweeping away hundreds of tons of hay, drowning hogs caught in pens, flooding cellars, washing away railroad tracks, and doing other damage, all of which is conservatively estimated at $100,000. The wave of water in the creek when it struck this town was seven feet high. The Omaha and Great Northern railroads lost considerable track.

READY FOR PEACE TREATY.

Three South American Countries Prepare to Carry Out Articles' Precepts.

[BY THE ASSOCIATED PRESS—P.M.]

SAN JOSE (Costa Rica) Sept. 16.—In conformity with the fourth article in the treaty of peace between Guatemala, Salvador and Honduras, which was signed on board the United States cruiser Marblehead, July 20, a peace conference was inaugurated here Saturday by President Gonzales Vicquez.

The object of the conference is the signing of a general treaty of peace friendship and commerce.

Luis Anderson, Costa Rican Minister of foreign affairs, was appointed a delegate to the conference, and Señor Calvo, the Costa Rican Minister to the United States, was chosen as secretary.

"BARON" FACES TWO SPOUSES.

MISS BLANCHE JEWETT IS SECOND VICTIM.

"August Franz Von Waldeck Lofeld" Leads the Well-Known Actress to Altar in Boston, but Wife No. 2 Appears and Has the Many-Aliased Foreigner Landed in Cell.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Sept. 16.—[Exclusive Dispatch.] "Baron August Frank Von Waldeck Lofeld," who married Miss Blanche Jewett, the well-known Boston actress, in July, is under arrest in New York, charged with bigamy on complaint of his first wife, Mrs. Catherine D. Voss, No. 716 Springfield avenue, Newark, N. J., who alleges that he married here five years ago.

According to the police, Von Lofeld's right name is August Rank Voss, but that he also has the aliases "Baron "Sofeld," and "D. A. Liefeld," and is said to have a criminal record.

It was given out the day after the marriage that the Baron and Mrs. Lofeld had sailed for Europe, but Voss went to work for a Brooklyn jeweler. The police say his game is to abscond with valuable jewels, after securing a position.

Voss's second wife, Miss Jewett, was the former wife of Dr. William L. Mallabar, a Harvard medical graduate from whom she had secured a divorce. It is probable that Voss will be brought here for trial.

WRECKED FISHERMEN GET AID.

Cruiser Fiona Sent to Belle Island With Provisions for the Helpless Survivors.

[BY THE ASSOCIATED PRESS—P.M.]

ST. JOHNS (N. F.) Sept. 16.—The government today dispatched the cruiser Fiona with provisions for the fishermen who were shipwrecked in the Strait of Belle Isle during Friday night's gale and who later sought temporary relief with the keeper of the lighthouse on Belle Island.

In all eleven fishing vessels were driven ashore and the 140 men, women and children aboard barely escaped with their lives.

The smacks with their season's catch are total losses. The Fiona will bring the fishermen here.

PEACE REIGNS OVER "YELLOW" GORY FIELD.

[BY DIRECT WIRE TO THE TIMES.]

DOUGLAS (Ariz.) Sept. 16.—[Exclusive Dispatch.] Mexican Independence Day, fixed by the Examiner's reliable border correspondents as the time for the overthrow of the Mexican government, massacre of gringos, and attacks in force upon Douglas, Nogales and other border towns, has been the quietest Sunday known on the line for years.

The mysterious army of 5000 men marching at night through the dreams of yellow fakers seems to have marched into the realm of shades to join the 5000 Hearst victims of the Los Angeles earthquake.

The Mexican insurrection and the mythical earthquake were products of the same fake factory. Douglas was patrolled Saturday night by rangers, but not even a drunken Mexican turned up to relieve the monotony of their ride.

When the rangers gathered in Salcido and among the yellow agitators a few days ago, they broke up the revolution and spoiled the game of getting money out of deluded Mexican laborers.

Douglas celebrated the day with a roping and branding exhibition by cow punchers and forgot all about the Mexican "revolution." No reports of disturbance o. any sort have been received from other points.

Douglas voted Saturday to abolish open gambling on March 1 next. The majority against gambling was 73.

PARADES IN JUAREZ.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) Sept. 16.—[Exclusive Dispatch.] The independence of Mexico and the anniversary of the birth of President Diaz were celebrated in Juarez today. The festivities began last night with a musical programme.

Today's functions included parades of the school pupils, and civil and military authorities in patriotic orations. There were bull fights and other fiesta features.

There was not even a suggestion of trouble of any character.

FLAGS WAVE TOGETHER.

[BY THE ASSOCIATED PRESS—P.M.]

NACO (Ariz.) Sept. 16.—A special from Cananea, Mex., says everything was quiet there today. This afternoon 10,000 American and Mexicans marched side by side from one end of the city to the other. The American flags were as conspicuous as the Mexican and the Americans generally wore Mexican colors. Although there were 25,000 people in town during the day there was not even a case of drunkenness to disturb the perfect harmony of the celebration.

CELEBRATIONS PEACEFUL.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) Sept. 16.—[Exclusive Dispatch.] A prominent Mexican official at midnight says he has had reports from all over the interior of Mexico including Aguas Calientes, Torreon and Chihuahua, and that there has not been the slightest trouble anywhere. Officials of the Mexican Central confirm the stories of a great celebration all along their line with no trouble or disorder anywhere.

MONTEREY OBSERVES DAY.

[BY THE ASSOCIATED PRESS—P.M.]

MONTERREY (Mex.) Sept. 16.—The anniversary of Mexico's independence was observed here today by general merry-making.

PASSENGERS ESCAPE DEATH BY MIRACLE.

Salt Lake Train Derailed in Desert and Cars and Track Are Wrecked.

Well-Known Men Among the Two Hundred Travelers Who Are Stranded in the Wilderness by the Smash-up—Many Narrow Escapes from Injury, Yet no One Is Seriously Hurt—One "Saved by Prayer," He Says.

TWO HUNDRED persons miraculously escaped death in an accident that wrecked Train No. 1 of the Salt Lake Railroad just before daylight yesterday morning on the California desert.

Heavy Pullman sleepers were distributed between the main track and the switch at Helen, Cal., in a zig-zag pattern, trucks off one car broke into another; the immense gas tanks were wrecked under four cars, and the crowded and sleeping people were thrown into heaps in the aisles. There was not one seriously injured.

Thousands of dollars worth of rolling stock was destroyed, and the rails of both lines of track were twisted and crossties stacked up in broken heaps.

Strange to say, the passengers in one sleeper that remained on the track slept peacefully until morning.

The train was derailed by a defective switch, from which a nut had been either maliciously removed or had fallen by accident. This was the most important one on the entire apparatus, as it held the throw rod to the end of the switch staff. The loosening of this allowed the switch to stand slightly away from the rail, but the two big locomotives hauling the train passed over in safety with the baggage coach until the rear truck of the coach took to the side track, which had by that time been opened by the jarring of the passing engine.

NARROW ESCAPES.

It was only a moment until the people on the chair car began to be shuffled about. The engine was pulling it toward the main track, and its wheels were on the side track for a few seconds, when it began to bump along the crossties. It finally landed crosswise of the main track. Three tourist cars distributed themselves in a remarkable position back of it.

I. B. Lawyer of South Pasadena, 80 years old, escaped death under the trucks of the chair car, which smashed in upon his berth. Splinters a foot long were thrust from the edge of one car toward the trucks, wheer they entered the car, and yet Mr. Lawyer remembers lying perfectly quiet until the careening car was still again. There was more excitement around him that he manifested.

"I always place myself in His hands," said Mr. Lawyer, "and I believe that my prayer saved me."

Mr. and Mrs. Webster, who occupied the berth toward the lower end in the same tourist sleeper with Mr. Lawyer, found their retreat cut off from the doors, and got out through the window. There was not a cry from this car until a man who had been thrown into a berth across the aisle began to feel for his clothes. It was a woman's berth that he had landed in, and it was one of the strange things that he and the woman joined in the laugh which their mutual surprise entailed.

THEY WERE HIS LAST.

car than any one else. Long past the time that there was considered to be danger of fire, he was standing by his berth, and was accosted by a woman who was looking for some one who needed help. This was Miss Sarah Weeks, a kindergarten teacher of No. 518 West Twenty-third street, Los Angeles.

"Are you injured?" she asked, solicitously.

"No, but I had two cigars in my vest pocket," he replied, "and I can't find them."

W. A. Perry, the porter of this car, was the only one awake when the accident occurred.

"There were two short, blasts from the locomotive," he said. "Then I felt the engineer setting the air and I thought that he was going to throw the cars off the track, it was so sudden. I was just turning out the gas, and in just a minute I began to fall all over everything, and got badly bruised up—at least, I found I was after the people got off the car."

YOUNG WOMAN FAINTS.

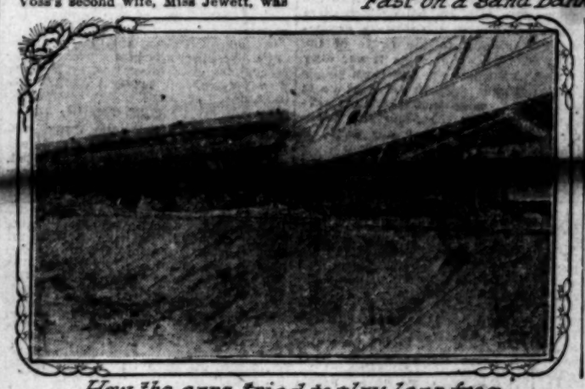
It was in the chair car that the worst confusion reigned. Mrs. Anna Keating of Butte, Mont., was occupying a chair on the right side of the car. She was ill. Miss Grace Keating fell across the aisle into the lap of another sleeper and they both fell into the aisle. The young woman fainted, overcome by the gas that rose from the floor of the car.

A. L. Bryan of Salt Lake City thrust his foot through the window and admitted air to revive her. The search for a shoe suggested to one passenger that he light a match, when the brakeman called through the window that no lights must be lit on account of the danger from gas.

Dr. P. L. Brouillet of Jackson, Tenn., who rose from his chair to reassure some ladies who were dazed by the first shock, was thrown against a chair on the opposite side and suffered an abrasion of the right side, which made him fear his rib was broken. However, he was able to go through the train to help any who might need him, but not one person needed a physician's aid.

Among the parties on the train was

Fast on a sand bank in the Mohave desert.



How the cars tried to play leap-frog.

J. B. Sawyer and the truck which broke into his berth.

one of Philadelphia capitalists, who were on their way from Searchlight, and who had remained until a late hour in the dining-room, that had been kept open especially for them.

R. M. Popham, president of the Goodyear Rubber Company, and also a director of the Searchlight, Nev., Consolidated Mines, Limited, was with Arthur L. Wheeler, a banker of the eastern city, in the drawing-room of one of the regular Pullmans which remained on the track. Both men slept soundly until morning.

The others of the party, George P. Spittal, general manager of the mining company, and E. C. Smith and R. M. Cadwallader, Jr., had just left the dining car when the wreck came, and barely escaped severe injuries in this car, which was thrown off the rails.

The dining car was sufficiently well preserved to serve breakfast to the 200 passengers in the morning, although a wrecking crew that arrived at daylight secured the first service and went to work laying a track around the wreck.

The last car of the train was the special of R. A. Wells, general manager of the Salt Lake Route. He was one of the first to reach the scene of the disaster. He met there H. S. Wallace, Pullman conductor, who rushed forward fearing that a fire might carelessly be started by some one who wished to discover any wounded.

"The wrecked cars were as quiet as a Quaker meeting when I reached them," he said.

ACCIDENT OR MALICE?

The cause of the wreck was discovered immediately and General Manager Wells took a careful imprint of the position of the bolt which lay underneath the switch. He is not yet sure if it could have been removed and lain there in the dust, or whether it naturally worked off the thread. Nearly all these bolts on switches are fitted with a key bolt through them, making slipping almost impossible.

An investigation will be pursued to discover if any suspicious characters have been seen in the vicinity. The point at which the wreck occurred is on the Santa Fé trackage, which is used by the Salt Lake Route between Daggett and Colton. The train was traveling as No. 201 on the Santa Fé. There is an agreement between the railroads as to keeping up the trackway.

The engineer stopped the train in about eight and a half car lengths from the switch. His thoughtfulness in gradually stopping down the train is said to have prevented the cars piling up in a fashion that would have caused great loss of life.

The engineer was Arthur Smith and the conductor of the train was J. J. Ramsey. There were coaches from St. Louis, Denver and Salt Lake making up the train.

By 11:30 a.m. yesterday there arrived a special of four coaches from Los Angeles at the scene of the wreck, and nearly all the passengers were brought in without waiting for the new tracks to be built around the wreck to bring in the Pullmans which were not thrown off the track.

The passengers who so miraculously escaped death reached Los Angeles at 4 o'clock in the afternoon.

At the Santa Fé offices last night it was stated that all damage to the tracks had been repaired, and that trains were again running over them on schedule time. The first section to arrive from the scene of disaster pulled into Los Angeles at 9:45 o'clock.

EARLING'S AUTO KILLS CYCLIST.

SON OF THE ST. PAUL'S PRESIDENT IN ACCIDENT.

Motor Car Is Bowling Along Near Hartland, Wis., and Collides With Wheel on Which Is Riding Alfred Overland, Who Is Thrown Violently on His Head and Succumbs.

[BY DIRECT WIRE TO THE TIMES.]

HARTLAND (Wis.) Sept. 16.—[Exclusive Dispatch.] While automobiling along the road near this city, George Earling, son of Albert J. Earling, president of the Chicago, Milwaukee and St. Paul Railroad, collided with Alfred Overland, a passing bicyclist. Overland was thrown from his wheel and landed violently upon his head. He was picked up unconscious by Earling and died today.

Earling carried the injured man in his automobile to Ira Bigelow's Hotel. Dr. Mitchell of Hartland was summoned and reached the hotel in twenty minutes. After a hasty examination he found that the man's skull was injured at the base of the brain.

Hearing of the accident, the father of the automobilist, Albert J. Earling, rushed to the city and arrived here shortly after midnight. He immediately ordered every effort to be exerted to save the injured man's life. A special train was summoned from Milwaukee carrying Dr. Horace Manchester Brown.

Dr. Brown arrived at Nashota at 7:08 o'clock this morning, after a record run. He took with him a trained nurse from Milwaukee, but his efforts were unavailing as Overland began to sink rapidly and died at 8 o'clock, without regaining consciousness.

At the point where the accident occurred the road is wide and the only explanation is that there must have been [illegible] in steering.

Coroner Gill of Waukesha viewed the remains and adjourned the inquest until 2 o'clock Thursday afternoon. The body of Overland, who was a coachman for J. A. Whaling, of Milwaukee, will be sent to his former home in Ohio after the inquest.

OBITUARY.

Aaron Thomas Bliss.

MILWAUKEE, Sept. 16.—Former Gov. Aaron Thomas Bliss of Michigan died today at a sanatorium here of apoplexy.

John J. Michener, prominent in financial circles, president of the Clearing-house Association, president of the Bank of North America, and the oldest member of the Board of City Trustees of Philadelphia, died yesterday, aged 85 years.

PALMA MAKES PEACE.

(Continued from First Page.)

young Cuban, who has been representing the revolutionists in various errands to Commander Colwell of the United States cruiser Denver, and who is charged with being the recipient of the communications from the New York revolutionary junta. But now that hostilities have been suspended, it is probable that no arrest will be made.

LIBERALS GETTING HOT.

Previous to this afternoon's development, the situation had about resolved itself into a condition where the Liberals were declaring that if the United States assisted the administration they would fight the intervening forces, while the Moderates were saying that if the interventionists helped to depose President Palma, they would become insurgents. The cessation of hostilities has checked such talk altogether.

The new situation was received at the hotels and clubs with blank surprise. Here it was considered that the arranging of peace without the guarantee of the United States behind it would be an unwelcome outcome, it being feared that the future tranquillity of the island would not be assured. Since the publication of President Roosevelt's letter here, it has been expected that the United States would be a strong factor in arranging for Cuba some better form of government and a reduction in tariffs, which would bring the cost of living to a reasonable basis.

Although the opinion on the subject is very vague, tonight, the general conviction seems to prevail that Secretary Taft will take a friendly hand in the negotiations for peace.

No other encounter than that resulting from the capture of Guanajay was reported here today.

Vice-President Mendez Capote tonight said that nothing as yet had been decided on which to base peace negotiations. He said by the time of the arrival of Secretary Taft, it was hoped that a permanent adjustment of the difficulties would be arranged and ready for Mr. Taft's approval.

DIXIE TO CIENFUEGOS.

The United States auxiliary cruiser Dixie received orders, today, from Washington to proceed to Cienfuegos, and will sail at 2 o'clock tomorrow morning. It is believed that the small force of the gunboat Marietta is not considered a sufficient guard, owing to the condition in the besieged city.

TAFT AND BACON LEAVE.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Sept. 16.—Secretary Taft and Assistant Secretary of State Bacon left Washington this afternoon for Tampa, Fla., to embark on a naval vessel there for Havana, in accordance with the instructions of the President to ascertain the exact political situation. Other members of the party were Frank G. Rockwood, stenographer to Secretary Taft; Henry Newcomb, private secretary to Assistant Secretary Bacon; Capt. F. R. McCoy, the President's military aide; James F. Cairnes, surveyor of the port of Manila; José M. Macias, a Spanish interpreter from the insular bureau, and two messengers. The party is due to arrive at Port Tampa at 10 o'clock tomorrow night.

CUBAN JUNTA MAKES SERIOUS CHARGES.

Responsibility for Present Trouble in the Island Laid at Palma's Door. Fraud and Intimidation in Elections Alleged.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 16.—[Exclusive Dispatch.] In a statement issued yesterday by Charles M. Aguirre, head of the Cuban junta in this city, charges are made against President Palma of a grave nature, and placing the responsibility of the present trouble directly on the Chief Executive. The statement reads:

"So much has been published and sold in this country with regard to the insurrection in Cuba, from which there might be adduced impressions erroneous and hurtful to the cause of the Liberals, that we consider it our duty to make known to the American people the exact causes which actuated us in taking up arms against the Palma government, and let the Americans judge for themselves whether our cause is justifiable and right.

"In the first place this movement must not be confounded with the internecine strife that so often disturbs the peace of the republics of South and Central America. In these latter movements, the one object of the leader is to gain control of the Presidency. With us it is not so. We are fighting for nothing more than our constitutional rights, which have been arbitrarily denied by President Palma.

"We are fighting against the prostitution of the ballot, the stultification of the judiciary, and the flagrant violation of the constitution, of which President Palma and his officials have been guilty.

"We charge that President Palma obtained his election to office through fraud and intimidation, and by the denial to the Liberals of their right of suffrage. We charge that President Palma has usurped the powers and functions of the governing bodies of municipalities, and has annulled, arbitrarily and without warrant in law, the elections of Liberal officials, displacing them with members of his own political party, the Moderates.

"We charge that he has, in like manner, removed from the bench judges who refused to act in their judicial capacity according to his dictates.

"President Palma also has imprisoned, without judicial proceedings, members of the Liberal party because they voiced their protests against his dictatorial conduct.

ASKING ONE THING.

"We now ask only one thing, and that is that the illegal and fraudulent election of last December be annulled, and a new election held, at which every Cuban citizen will be given a fair chance to vote.

"We are ready to leave it to the United States whether we are patriots or bandits. Perhaps it is difficult for the American people to see in any circumstances cause for revolt against an established government. In this country, where the judiciary is untrammeled and impartial, it is possible to right any wrong through appeal to the law and Constitution. In Cuba, the President is paramount to the law and Constitution, and the extreme measures we have taken were forced upon us."

CONCEDING THE RIGHT OF INTERVENTION.

[BY THE ASSOCIATED PRESS—P.M.]

PARIS, Sept. 16.—Lively interest is manifested here over the President's decision to send Secretary of War Taft and acting Secretary of State Bacon to Cuba, and many of the newspapers jump to the conclusion that this will sound the knell of Cuban independence, in responsible circles, however, the right of the United States under the treaty with Cuba to restore order is recognized, but there is no disposition to impute to the Washington government a desire to seize the occasion to annex the island.

Nevertheless, it is thought by some persons that even if the wise counsel of President Roosevelt is followed and the rival factions temporarily bury the hatchet, there will be an early recurrence of the insurrection, which will ultimately compel annexation.

The Temps, which frequently reflects the views of the Foreign Office, says that while American commercial interests, in the belief that they are insured by the commercial treaties Cuba has negotiated with other powers, undoubtedly hope the present imbroglio will result in annexation, the position of the government is very reserved.

MAN OF HONOR.

"President Roosevelt is a man of honor, who will keep his word," says the Temps. "He gave liberty to Cuba, and will not take the first opportunity to withdraw it. Besides, he is a man of experience, and knows what possession of the Philippines cost and continues to cost the United States. Cubans as citizens or subjects are not easy to govern.

"Unless the unexpected happens, it is safe to affirm, therefore, that America does not contemplate laying violent hands on the island but only intends to safeguard American interests and demonstrate to the Cubans that it will be a matter of hours, if it desires to impose its will. It probably will require the appearance of American warships to induce the Cubans to accept President Roosevelt's excellent advice.

"But, unfortunately, a settlement of the present difficulties will not be efinite, and the Cubans, who, during our years, have surprised Europe by their prosperity and tranquillity, will return to their old vice. Such relapses are rarely isolated. This is a grave feature of the situation, and one we deplore in a people who always have received French sympathy and friendship."

CRUISERS FROM NORFOLK.

AMBASSADOR MORGAN GOES.

[BY THE ASSOCIATED PRESS—P.M.]

[BY THE ASSOCIATED PRESS—P.M.]

NORFOLK (Va.) Sept. 16.—Two cruisers from the Norfolk Navy Yard with several hundred men, in addition to two drafts of marines from Boston and League Island, passed out of the Virginia Capes, today, en route to Cuba. They were the cruisers Cleveland and Tacoma. The Cleveland left the navy yard yesterday, and dropped anchor in Hampton Roads to await the departure of the cruiser Tacoma.

The Tacoma left the navy yard at 3 o'clock this morning, and passed out of the Capes at 4 o'clock this evening. The Cleveland went out at 2 o'clock.

Because of the terrific northeast storm on this coast and the thick fogs at the Capes, the observer at Cape Henry was unable to get the names of these two cruisers as they steamed out to sea. The wind at the Capes was blowing thirty-six miles an hour from the northeast, and there was a heavy sea on.

A draft of marines from League Island arrived here this morning, and were assigned to the Tacoma. Two hours later, the cruiser was steaming out of this harbor for Cuba. A draft of marines from the Boston also arrived today and were assigned to join the men on the cruiser Newark, which is still at this yard, but making every preparation for an early departure.

AMBASSADOR ON HIS WAY.

WASHINGTON, Sept. 16.—Edward T. Morgan, the American Ambassador to Cuba, is on the way to his post at Havana. Morgan unexpectedly joined Secretary Taft and Assistant Secretary of State Bacon in this city, just as the train left Washington today. He has been in Europe since the insurrection began, but will proceed to Cuba with the Taft-Bacon party to resume his duties at once.

All three of the big battleships which have been ordered down the coast to "keep in touch," with a view to dispatch to Cuba, if necessary, are the newest and speediest in the navy, the Virginia and the New Jersey having been commissioned last May and the Louisiana in June.

The Cuban legation received a cablegram announcing the arrival of Mr. Quesada, the Cuban Minister, at Paris, en route home from the Pan-American conference, and he will sail on the first available steamer from Paris and take charge of his post here. It is expected he will sail Wednesday.

A detachment of 100 marines from the Washington Barracks left today for Norfolk, to go aboard American warships, under orders for Cuba. Accompanying them was a detachment of sixty marines, who arrived today from Portsmouth, N. H.

GEN. BRAGG'S OPINION.

UPRISING WAS CERTAIN.

[BY DIRECT WIRE TO THE TIMES.]

FOND DU LAC (Wis.) Sept. 16.—[Exclusive Dispatch.] If Gen. Edward S. Bragg ever said: "You might as well attempt to make a whistle out of a pig's tail as to try to make anything out of the Cubans," he seems to be of the same opinion still.

"The uprising in Cuba," said the former Consul-General, at his home tonight, "was bound to come. The Cubans, whenever they get hard up, are bound to fight. Both sides are afraid of each other, and would rather run than engage in a pitched battle. They will continue this method of warfare until Uncle Sam takes a hand, and they will do it after that, you mark my words.

"If this trouble is not settled at once, the insurgents will begin to pillage and burn plantation buildings and villages. The time has not come yet, but it is coming."

"What do you think of President Roosevelt's letter?"

"It was the best thing that could be done. I cannot express my contempt for the Cubans too strongly. They are arrogant, and shortly after the war with Spain, spoke of the haughty Americans who stepped in to meddle after their glorious victory over Spain.

"Now, that imprisonment of the two girls on the isle of Pines for operating a toy telegraph was not at all surprising to me. You can expect anything of the old Spanish law. Give a man a handful of gold, and he will decide for you, unless the other man has a larger handful."

STORK HOVERS OVER NEWPORT.

Mrs. Robert Goelet of Philadelphia Creates More Than Ordinary Interest.

[BY DIRECT WIRE TO THE TIMES.]

NEWPORT (R. I.) Sept. 16.—[Exclusive Dispatch.] The stork is coming on a visit to Ochre Court and members of the exclusive summer colony are showering congratulations upon Mr. and Mrs. Robert Goelet, who have been particularly distinguished here this summer as the very happiest of all young couples.

The prospective mother, who was the beautiful Elsie Wheien of Philadelphia, was one of the leaders of the younger set in the Quaker City.

Attractive and beautiful as she was as the reigning belle of Philadelphia's most exclusive society, the more charming has she become as one of the most popular and most sought after among the matrons of Newport's aristocracy, and the news of her approaching accouchement has created more than ordinary interest.

OUTLAWS' TRIALS BEGIN.

MANILA, Sept. 17.—The trials of Sakay and Montalan, and other outlaws, began at Cavite today. The government expects to secure convictions on the charge of conspiracy to murder Americans at Dvao. The conspiracy was suppressed by the military acting in cooperation with planters. An American named Bolton was the only victim of the plot.

The plot was discovered during the investigation of Bolton's death, June 16. It then was learned that three head men, Mungalay, Baluang and Sinbanan planned the assassination.

Mungalay killed Bolton and afterwards fell a victim to the troops. Baluang was arrested August 27. Sinbanan has been located and his arrest is expected soon.

PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Sept. 16.—[Exclusive Dispatch.] The midsummer heat, today, drove thousands of residents from their homes in the congested districts to seek the cool breeze of the lake, and the shade of trees in Lincoln Park. The maximum temperature was 83, and the minimum 69 degs. The weather man forecasts showers and cool weather for tomorrow. Middle West Temperatures:

Alpena 68, Bismarck 60, Buffalo 70, Cairo 78, Cheyenne 42, Cincinnati 70, Cleveland 72, Davenport 84, Denver 48, Des Moines 82, Detroit 70, Devils Lake 58, Dubuque 64, Duluth 64, Edgonton 72, Escanaba 66, Grand Rapids 82, Green Bay 74, Helena 58, Huron 58, Indianapolis 78, Kansas City 84, Madison 80, Marquette 70, Memphis 82, Milwaukee 76, Minnedosa 60, North Platte 52, Omaha 70, Pittsburgh 72, Pueblo 56, Rapid City 52, St. Louis 84, St. Paul 68, Sault Sainte Marie 62, Springfield, Ill., 82, Springfield, Mo., 80, Wichita 80, Williston 64.

THEIR WINNING STREAK.

The Sox kept up their winning streak today, defeating Detroit 2 to 0, and, in the absence of a game by New York, increasing their lead for the pennant. The Cubs, too, batted out a victory from Pittsburgh, by a score of 5 to 1. It looks as if Chicago will carry off both pennants, as the Six will finish the season on home ground.

LEAGUE CLUBS' STANDING.

National League: Chicago, .766; New York, .642; Pittsburgh, .619; Philadelphia, .470; Cincinnati, .428; Brooklyn, .414; St. Louis, .350; Boston, .309.

American League: Chicago, .614; New York, .606; Philadelphia, .565; Cleveland, .562; St. Louis, .500; Detroit, .458; Washington, .383; Boston, .319.

OLD GREEK "FIRE."

In the midst of the Ghetto district, from whence has arisen a plea against the wanton slaughter of the Jews in Russia, the Greeks, with all the old fire of their race, yesterday cried out against the encroachment of the Slav in Macedonia. At Hull House, 3000 Greeks gathered and adopted resolutions asking the President to interfere to prevent the destruction of Greek life and property by the Bulgarians.

DOWIE TURNS OUT WIFE.

Mrs. Jane Dowie arrived in Chicago last evening, from Zion City, after having been turned from the door of her husband, the deposed First Apostle, who, it is said, has had a relapse, and is nearer death than at any time since his sensational return from Jamaica. Mrs. Dowie arrived at Zion City from the Dowie summer home in Michigan, but was refused admittance.

PURITY IN POLITICS.

[BY DIRECT WIRE TO THE TIMES.]

BOONEVILLE (Ind.) Sept. 16.—[Exclusive Dispatch.] If an agreement entered into here by the Republican and Democratic leaders is carried out, vote buying in Warrick county will be impossible during the present campaign. No candidate, or any one representing a candidate, is permitted to give anything which might influence any elector. No drinks, "soft" or otherwise, will be allowed to be dispensed at the expense of a candidate.

KILLED BY A BASEBALL.

[BY DIRECT WIRE TO THE TIMES.]

MILWAUKEE, Sept. 16.—[Exclusive Dispatch.] While watching a baseball game this afternoon, Kuno Schilling was struck in the back of the neck by a batted ball, and died a few moments later.

DEFENSE OF BARRINGTON.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Sept. 16.—[Exclusive Dispatch.] That the British government has decided to send a special attorney to this country to defend "Lord" F. Seymour Barrington in the United States Supreme Court, is the assertion made by his friends. Barrington was convicted of the murder of James P. McGann in St. Louis county almost three years ago, and was sentenced to be hanged.

EX-GOV. BLISS DEAD.

[BY DIRECT WIRE TO THE TIMES.]

MILWAUKEE, Sept. 16.—[Exclusive Dispatch.] Former Gov. Aaron Thomas Bliss of Michigan died of apoplexy at the Sacred Heart Sanatorium in this city at 4 o'clock this morning. His body was shipped to Saginaw, Mich., his home city, this afternoon, where the funeral will be held.

TWO ELECTRIC CARS IN FATAL SMASH-UP.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Sept. 16.—Two heavily loaded electric cars collided here this afternoon with fatal results.

Two persons were killed outright, several seriously injured, five sustained broken limbs and bruises, and over a score received injuries, and over a score received bruises and cuts.

Following the accident a clash of authority occurred between the surgeons of the United Railroads and the City Emergency Hospital as to who should be called to the wounded, and where they should be taken. The police finally took a hand in the matter, and the injured were taken to the Central Emergency Hospital.

THE LIST.

Dead:
WILLIAM PIERSON, book-binder.
OTTO GELP, baker.

Seriously injured:
HENRY JOHNSON, contractor, left leg crushed, compound fracture of thigh.
MRS. JOHNSON, right leg broken.
MRS. ENGSCH, left hip fractured, fracture of ribs and internal injuries.
WILLIAM TAYLOR, left arm broken.
MRS. WINKLER, fingers crushed.
MISS EMMA MARKS, hip injured.
MRS. BRIDGET FITZPATRICK, injuries and bruises.
MRS. W. F. SCHRADER, hip injured.
MRS. SPANK, lacerations of head.
MRS. MCKAY, leg injured.
Many others were treated in drug stores.

LOSES CONTROL OF CAR.

The accident occurred at Turk and Devisadero streets, where an eastbound Ellis street car in charge of Motorman F. F. Lynch and Motorman J. F. Fender became uncontrollable in descending the Devisadero-street hill and crashed into a westbound Ellis street car as it was turning from Turk into Devisadero street. The westbound car was in charge of Motorman J. D. Sullivan and was filled with men, women and children on their way to the beach.

The Ellis-street car struck the other standing car with terrific force, killing Lynch and tore off one end of the car. The screams of women and children mingled with the crash of splintering timbers as the Ellis-street car struck the other car.

Fender was standing on the steps and was instantly killed. Gelp was so badly crushed that he died soon after arriving at the Central Emergency Hospital.

MANY LAY WOUNDED.

It is claimed, was made to help out of the Park Emergency Hospital ambulance. The police were put a stop to the quarrel and all of the wounded were taken to the Central and Park Emergency Hospital for treatment. The two Engsch are in a precarious condition. Albert Johnson's leg was badly crushed that it had to be amputated.

The cars were packed, many persons standing outside and hanging on wherever they could gain a foothold. The overcrowded condition of the cars is said by the motorman Fender attributes the cause of the accident. He declares that the crowded condition of the car was such that when the gangway of the car was reached he was jammed against the controller in such a way that he could not use his arms to apply the long lever. When he finally reversed the power the fuse blew out and the car got beyond control, striking the car at the foot of the hill with fearful force.

SLOPE BRIEFS.

Conference Draws Crowd.

PACIFIC GROVE, Sept. 16.—As usual, on conference Sunday, the auditorium of the spacious Methodist Episcopal Church was filled to overflowing with a gathering of noted pastors and laymen. Bishop David H. Moore was the central figure. In the afternoon an ordination service was held.

Zee Crys Is Killed.

AUBURN, Sept. 16.—Zee Crys, a brakeman, was killed instantly early this morning at Tunnel No. 13, near Truckee. He was on top of a car and evidently was struck on the head by a piece of timber that had fallen out of place. He was 25 years of age and leaves a wife and child at Rocklin. His mother and three sisters live in Los Angeles. His brother, Harry Crys, is one of the best-known engineers on the road.

OREGON IN BAD SHAPE.

HOLD FILLED WITH WATER.

[BY DIRECT WIRE TO THE TIMES.]

VALDEZ, Sept. 16.—[Exclusive Dispatch.] The cutter Rush returned last night from the wreck of the Oregon. It reports the sea still calm and the vessel resting undisturbed. She is about 100 feet from the foot of the bluff on the beach, which is fully 1000 feet high. A rock is protruding into the engine room five feet, and the water is within four feet of the saloon deck.

The captain of the rush says the first wind in that direction will break up the vessel. Before leaving the captain of the Oregon ran a heavy line ashore. The Oregon is entirely deserted since the Rush left. The crew of the latter vessel spent six hours aboard getting mail and safes.

Capt. Richardson of the tender Columbine, says: "The morning of the 14th while unloading a survey party at Hinchinbrook Point, we sighted five boats rounding the point in a heavy rain. We ran out and picked up the party, among which were seven women. Towing the small boats we went to the wreck anchored in seven fathoms of water, head on to sea, which was heavy. No one was hurt.

"The best of order was maintained in the small boats and aboard the vessel. We took the passengers and personal effects aboard the Columbine and pulled into Port Etches till the following morning, when we left for Valdez, and sighted the Rush on its way to the wreck.

"When the Oregon struck it seemed to lift the ground ahead trembling from the shock and soon settled down slowly. The second mate was on the bridge at the time of the wreck, the captain being asleep. It had encountered a big storm the day before in a heavy swell from the sea, which undoubtedly threw the officers off in their reckoning. It was very dark, with a heavy fog."

FOURTH VESSEL STRIKES REEF.

MONGOLIA GOES AGROUND AT MIDWAY ISLAND.

Sister Ship to the Manchuria in Peril in the North Pacific Ocean and Little Help Can Be Had from Honolulu as Resources Gave Out in Battling With Three Others.

[BY THE ASSOCIATED PRESS—P.M.]

MIDWAY ISLAND (North Pacific Ocean) Sept. 16.—The Pacific Mail steamship Mongolia is aground on Midway reef. The ship is being lightered, and her passengers are being landed safely. The weather is fine, and the sea smooth.

DIAZ OPENS CONGRESS.

CITY OF MEXICO, Sept. 16.—President Diaz opened the autumn session of Congress tonight, in the presence of Senators and Deputies and a brilliant audience.

He said in his message that with almost all civilized nations Mexico was on the most friendly terms, while with no nation was any question existing which even remotely threatened conflict.

The long-discussed question of an international dam in order to insure an equitable distribution of water between factors of the Rio Grande has taken satisfactory form in a treaty signed at Washington. This treaty will be submitted to the Mexican Senators for ratification.

Respecting the labor riot at Cananea in June, the President said it began as a labor movement, degenerating quickly into grave perturbation of public order. Fortunately, it was quickly suppressed, thus avoiding what might have been very serious consequences.

The President also took up the recent labor strikes, principally those which occurred on the Mexican Central Railway. The strikes were limited to the men leaving their work in the shops with a view to obtaining certain concessions from the company. As they are clearly in their right the authorities respected it, and official effort was limited to preventing any breach of the peace. The Executive expects on the part of both capitalists and workingmen due regard for each other's rights.

REMARKABLE CAREER ENDS.

NEW YORK, Sept. 16.—[Exclusive Dispatch.] When Charles A. Wilson committed suicide by throwing himself under the wheels of a trolley car at Fort Lee, N. J., he ended a remarkable career in Wall street. Wilson, who was 22 years old, was known a few years ago as the boy broker, and operated on a large scale on the curb market, amassing a fortune at one time. When luck turned against him the prominent Stock Exchange firm of Baruch Brothers engaged him as cashier, a responsible place for one so young.

By a premature explosion of dynamite yesterday afternoon at a railroad camp eighteen miles from Kenora, Manitoba, three men were blown to pieces. Fragments of their bodies were picked up forty feet away.

MOVEMENT TO GET UNIFORM LOW RATE.

[BY THE ASSOCIATED PRESS—P.M.]

HARRISBURG, Sept. 16.—S. M. Williams, secretary of the Pennsylvania State Board of Trade, today made public copies of letters received from the Governors of several States on the movement to obtain uniform legislation throughout the United States for a 2-cent maximum fare on all steam railroads.

A number of the Governors are personally favorable to a 2-cent fare, and, in a few instances, they tell of the movements in their States to obtain the passage of such legislation in the next session of the Legislature.

Governors of some Western States say that because of the sparsely settled condition of their States the time is not yet ripe for a radical reduction of fares, but that such a reform will come about when the population increases to give the business to justify a cut.

The western Governors express their approval of the movement so far as it applies to the thickly-populated States of the East.

ESPEE COUPON DIVIDEND.

CURIOSITY IN WALL STREET.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 16.—[Exclusive Dispatch.] Coupon dividends attached to the certificates of the common stock of the Southern Pacific, upon which the first dividend has just been declared, are a curiosity in Wall street, and during the last week brokers were frequently called upon to exhibit them for the edification of souvenir hunters.

Each certificate has twenty coupons, one of which will be detached and presented for payment on each semi-annual dividend. They are similar to coupons attached to bonds, and obviate the closing and opening of the company's stock books before and after the payment of a dividend. All that a shareholder has to do is to cut his coupon, and get his cash. This coupon plan originated with the late C. P. Huntington.

RAILROADS IN WASHINGTON.

APPRAISAL JUST CONCLUDED.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA, Sept. 16.—[Exclusive Dispatch.] The State Railroad Commission has just concluded the appraisal of all railroad properties within the State. The object is to obtain the existing cash value of the railroads as the basis or partial basis of regulating freight rates. Cost of operation will be another factor.

This plan is in accordance with the recent decision of the Federal Supreme Court, which lays down the rule that the actual value of the railroads must form one of the largest factors to be considered in solving the freight-rate establishment. The commission has engaged P. Gillette, expert engineer, to take charge of its engineering works.

SPOKANE AND TACOMA.

C. P. NOT BACKING NEW LINE.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA, Sept. 16.—[Exclusive Dispatch.] The Canadian Pacific Railway is not stated to be behind the three railroads which, together, are constructing a new line across the State from Spokane to Tacoma. These are the North Coast Railroad, which has a right of way secured from Spokane to North Yakima; the Tacoma Eastern, which is in operation from Tacoma to the foothills of the Cascade Mountains and is now preparing to build through Tieton Pass to Yakima; also the Seattle and Southwestern Railroad, incorporated last week by officers of the Tacoma Eastern, to build from the terminus of the Tacoma tide lands, and probably by the water route along the shore of Puget Sound to Seattle.

The Canadian Pacific will shortly be operating J. D. Corbin's new railroad, reaching from Spokane to a connection with the Canadian Pacific, 140 miles northeast of Spokane. The Hill railroads are blocking the movement of the North Coast and Tacoma Eastern wherever possible, apparently in antagonism to the Canadian Pacific. It became known last week that the Canadian Pacific has secured an option on 150 acres of Tacoma tidelands fronting the deep water just beyond the terminals of the Union Pacific and Chicago, Milwaukee and St. Paul.

TERMINAL LANDS HIGHER.

HARRIMAN'S MONEY WANTED.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA, Sept. 16.—[Exclusive Dispatch.] It will cost Harriman at least $3,000,000 more to complete his purchase of terminal grounds in Tacoma and Seattle than the same property could have been purchased for when the buying was stopped last spring, just after the San Francisco earthquake. High executive officers, including Chief Engineer Hood, of the Southern Pacific, then directed their energies to remodeling and enlarging the San Francisco terminals.

Several months ago J. D. Farrell, former assistant to President Hill of the Great Northern, was placed in executive charge of the Harriman interests in this State. Completion of the terminal purchases was turned over to him. Farrell has been busy with other matters, and for several weeks has been ill. During the last week, inquiries have been made for prices on several pieces of property which the Harriman railroad must have in both Tacoma and Seattle. These inquiries develop that much higher prices prevail since fall real estate activity began than during the dull months of July and August.

Railroad officials say that a delay of the last six weeks in completions of these purchases will cost Harriman at least $3,000,000. Harriman's director of operations, Krutschnitt, and Chief Engineer Hood, are said to have urged that the terminal purchases be finished before buying is commenced for the Canadian Pacific and Chicago and Northwestern, both of which systems are now entering the field.

WEDDED LIFE UNHAPPY.

Platt's Stepdaughter to Seek Release, Through the Courts, from Her Husband, Col. Carmody.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 16.—[Exclusive Dispatch.] After but a few months of married life, Mrs. Francis J. Carmody, wife of the assistant United States District Attorney for the Southern District of New York and stepdaughter of Senator Thomas C. Platt, will shortly seek release through the courts from the marital tie.

The marriage of Col. Carmody and Miss Louise Snow took place December 19 last, and was one of the smartest weddings of the season.

MIDNIGHT BURGLARY REPORTED.

A report reached the Central Station about midnight that a burglar was rifling the office of the Los Angeles Planing Company at No. 1124 San Pedro street. According to the information the police first received, Edgar Pangborn, a member of the company that owns the planing mill, discovered the man in the office. Officers were detailed on the case, but later the police denied knowing anything of the burglary.

ARREST TWO WAITERS.

Police Take Into Custody Men Accused of Violating the Liquor Ordinance.

George Phillips, a waiter at a "Sunday saloon" at No. 408½ North Main street, and John Jerjich, employed in the New York Kitchen, at No. 46 Sopth Main street, were arrested last night on charges of violating the Sunday license ordinance.

Officers were detailed during the day and at night to visit the various restaurants and saloons about the city and watch for breakers of the Sabbath law. The officers reported that there were practically no offenders and that legitimate meals were being served in the majority of the "Sunday saloons."

The officers aver, however, that Phillips served them with liquor and furnished some free lunch with the beer. They say that few regular meals were being served in the place. At the New York Kitchen the police claim that sandwiches of diminutive size were served with the drinks. Both men were released on bail.

EXPLOSION STARTS FIRE.

Mrs. J. Lenard of No. 2445 East Ninth street was startled last night by a muffled report of an explosion in a rear room at her home, and when she rushed to investigate, she found that an oil lamp had exploded. She worked bravely to stay the progress of the flames, while the firemen were going to the house. The damage to the house and its contents amounted to $600.

HURT BY FALL FROM CAR.

George Eddy of No. 554 Central avenue fell from a Bimini Baths car at Fifth and Main streets this morning at 1:30 o'clock. He was sent to the Receiving Hospital, but the surgeons found he had suffered no serious injury. Eddy said that he was attempting to leave the car when it was in motion and was hurled to the pavement.

BREAKS ARM AT RINK.

J. W. Schermerhorn of Pasadena sustained a fracture of the right arm while skating at the Panorama skating rink last night. He was assisted to the Receiving Hospital. Schermerhorn collided with another skater and was thrown to the floor.

NEGRO FIGHTS POLICEMAN.

J. H. Maynard, a negro, became involved in a fight on Stevenson avenue last night and broke a plate glass window in a store. He was arrested after a fight with an officer. His hands and arms were cut by glass.

Hasty Nervous Chewing of Food the Cause of Dyspepsia

Grape-Nuts

If your teeth are fit, chew, chew, chew, until the food is liquid and insists on being swallowed.

If teeth are faulty, soften Grape-Nuts with hot milk or cream, or allow to stand a minute soaking in cold cream.

"There's a reason" as follows:

Grape-Nuts Food is in the form of hard and brittle granules, intended to be ground up by the teeth; that work not only preserves the teeth but brings down the saliva from the gums so necessary in the primary work of digestion.

Many people say (and it is true) that when they eat Grape-Nuts they seem able to digest not only that food but other kinds which formerly made trouble when eaten without Grape-Nuts.

Chew!!

"There's a reason" for Grape-Nuts

HAWAII
OF OUR OWN UNITED STATES
The place to go on your vacation. Splendid hotels, modern appointments. Mark Twain said of Hawaii:
"No land in all the world has any deep, strong charm for me but that one; no other land could so longingly and beseechingly haunt me sleeping and waking through more than half a lifetime, as that one has done. Other things leave me, but it abides; other things change, but it remains the same. For me, its balmy airs are always blowing; its summer seas flashing in the sun; the pulsing of its surf beat is in my ear; I can see its garlanded crags, its leaping cascades, its plumy palms drowsing by the shore; its remote summits floating like islands above the cloud rack. I can feel the spirit of its woodland solitude; I can hear the plash of its brooks; in my nostrils still lives the breath of flowers that perished twenty years ago."
REDUCED FIRST CLASS RATE BY THE S. S. ALAMEDA SEPT. 25th—$125 FROM SAN FRANCISCO TO HONOLULU AND BACK.
F. M. JENIFER, 333 S. Spring Street.

New Zealand
The Wonderland of the Southern Hemisphere. Southern Alps easily reached by motor car from Timaru to Hermitage and short trail to Mount Cook and other peaks.
Season October to February.
West coast sounds rivaling famous fiords of Norway, and Sutherland Falls (highest, 1904 feet, in the world) via Queenstown or steamer in January.
In the North Island, Waganui River and Hot Lakes of the boiling water, with grand bush scenery, more interesting than Yellowstone. January is mid-summer in New Zealand, and this year it will be especially desirable to visit that country and attend the CHRISTCHURCH INTERNATIONAL EXHIBITION, in session for six months, beginning October. Special round-trip rates, with stop-over privileges for this Exhibition.
Sailings every three weeks from San Francisco. Address J. M. Jenifer, 334 S Spring St., Los Angeles.

Camp Rincon
Pretty warm, these days isn't it, why not try "Camp Rincon" for a place to get out of the heat, plenty of large fine shade trees, plenty of cold sparkling spring water, and only four hours from Los Angeles. No doubt some of your friends are there now, enjoying themselves with tennis, or croquet, or taking some of the beautiful side trips on horseback, during the day, and in the evening, by dancing in the new pavilion, fine music furnished every evening by Miss Angelotty's orchestra. For further information call at city office, 222 S. Spring st., or write to Manager "Camp Rincon," box "Y," Azusa, Cal.

Idyllwild In September
IS AT ITS BEST. Nature presents the climax in the matter of scenery and the weather is glorious. Following the trails through the rocky valleys and peaks on foot or on horseback offers the keenest pleasures.
Under the pines nearer at home one may enjoy bowling, croquet, dancing, evening concerts, etc.
Unexcelled accommodations at Idyllwild Bungalow. Furnished cottages and tents.

JAPS STRIKE WATER, CELEBRATE IN BEER.

Desert Colony in the San Fernando Valley Decorated Yesterday With Paper Streamers and Happy Jappies in Honor of Well.

A BOOM, a healthy and quite normal boom, is in progress near Burbank. It is a boom of the Japanese, by the Japanese, and for the Japanese. They are running it entirely, and the ground is being sold to their own people.

A grand celebration and free picnic was held there yesterday, not to sell lots, but to have a joy-fest over sixty-five inches of pure water that were running out of the new well that has just been completed. The pumphouse and the ranch-house were decorated with streamers and lanterns, and four tallyho loads of happy Jappies tooled over the dusty road from Los Angeles to inspect the land and the prospective fatness thereof.

First came a gorgeous six-horse affair, with red plumes at the horses' ears, and then followed in more sober tones the four-horse char-a-bancs. Each was filled to overflowing with Japanese men and women, and as a substitute for wedges there were round-faced, big-eyed Japanese children, fat as butter balls, who peeked out over the knees and laps.

JAPS LAND CRAZY.

Just beyond Burbank the excitement began. The property of the Japanese Mutual Benefit Association, which is the father and mother of the enterprise and the picnic, lies along both sides of the San Fernando Road. Three quarters of the acreage has been sold, and the plots so marked.

Now the Jap does not put up a laconic little 2x4 signboard with "sold" on it. Not he. The sign is a full size twelve-inch pine plank, higher than a man, with a full landscape painted on it. The first five feet from the top down gives the name of the dust and heat on the back of his neck too much, and so he had draped a little rising sun flag onto his hat and let it fall behind like a curtain. Then there was another man, much older, who had curtains of nature's own devising—a most luxuriant beard.

JAP WOMEN BUSY.

Among them were several Japanese women, talking and chatting and helping serve the lunch. One skurried around continually with never less than two bottles in her hands, and her only English seemed to be "Uz one more!"

It seemed as though a third of the Japs had cameras, and more film was exposed on groups during the lunch hour than a photographer could develop in a week. Ingenuity was exhausted in getting new poses, until an American came to the rescue. He was one of the two or three present, and had come over in an automobile to see how the well was getting on.

He left his machine, and in an instant four Japs made courteous application and rushed away to it and had their picture taken "en tour." A relay was behind them, and climbed in as they climbed out. Another relay was behind that, and another behind that, and so on for half the congregation.

Then there was a quiet little man who not only took pictures, but made notes in a book. He is the Mayor of a town in the island kingdom, and he will probably make a report to the home folks on the possibility of agriculture in American, as evidenced by that lunch.

ICE-CREAM TURKEY SHOOT.

After lunch was over, a turkey shoot was announced. The crowd went down the road toward the well again, to find two booths had sprung up. In one were many boxes of cigars, watermelons, apples and all kinds of fruit. In the other was ice cream—square feet of it. If you filled your mouth and both hands, they were disappointed. If you filled your pockets, too, they asked you to have more. You could take a valise and fill it, and get a pleasant smile.

Then the wind came up, and the accuracy of the shooting was not something to wonder at. The targets were moved in closer, and finally a man hit the board, among cheers. Meanwhile the prizes to be shot for, turkeys, geese, pigeons and chickens, made their respective noises in chorus as each shot was fired, as if they were the targets themselves, in the old-fashioned way.

Finally all the merry-making was exhausted, and after being once more sure that the well was there and turning out its sixty-five inches, the Jap picnic tally-hoed back to Los Angeles.

WEALTH OF WATER.

The property that the Japs visited is a tract of over 500 acres, owned by the Japanese Mutual Benefit Association. This must not be confounded with the berry growers association at Glendale. It has no connection with that, and none of the men in one are in the other. The directing spirits of the association are A. N. Okuzumi, N. Yamaguchi, T. Kawawa, S. Shibuya, Dr. J. Tanaka, M. Yashioka and M. Urata. Mr. Yamaguchi is the manager of the company, and Mr. Shibuya, a graduate of U.S.C., lives on the ground, also.

The land lies on both sides of the San Fernando road, near Dundee, four miles from Burbank. The soil is light and loamy, very fertile, with an abundance of water, but nearly useless without. Peanuts and strawberries grow in it finely. Water was the touchstone of success or failure. Mr. Yamaguchi was certain that there was an underground stream that could be tapped, and he was hopeful from the first.

The land lies outside of the district affected by the San Fernando-Los Angeles water dispute, and so a well was sunk. At a depth of 176 feet a supply was found, and shafts sunk fifty feet farther. Then a Modern gas engine of sixty horse power was put in with a three-step centrifugal pump, and pumping started. Fifteen inches was the first reward, but the flow has now increased to 65, and may go larger as the well is developed. A 5000-gallon tank is being erected to insure domestic supply, and four more wells at different points will be sunk in the future.

About three-quarters of the acreage has been sold to Japs, who will put in strawberries and peanuts. The remaining fourth will probably be sold soon, now that water is assured.

Except the installation of the well and power plant, everything connected with the tract has been done by Japanese, the capital and direction being furnished by prominent merchants of Los Angeles.

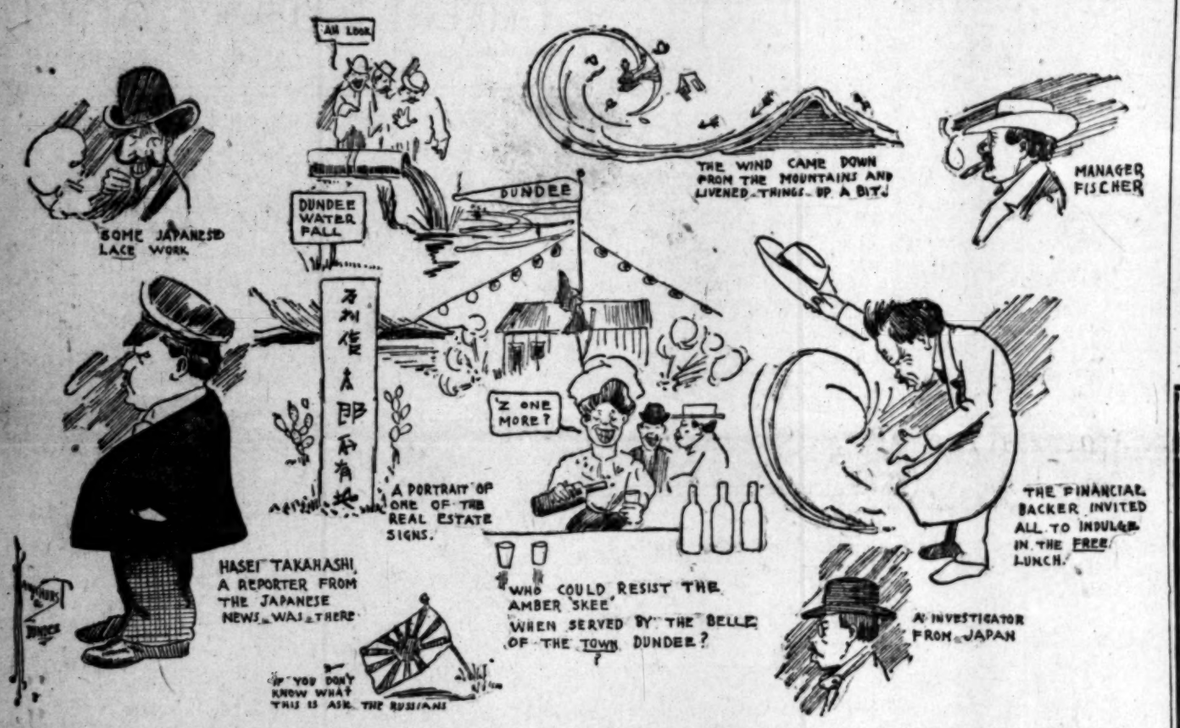
FOR LOSS OF APPETITE.

Horsford's Acid Phosphate.

It nourishes, strengthens and imparts new life and vigor. An excellent general tonic.

For the Only Real Italian Dinner

The Europa Cafe is the only place. 312 W. Seventh. Dinner, 50c.



man, and the fringe at the bottom means "is the owner." So in English at least. In Japanese it is probably "the honorable possessor of this humble territory."

One thing about these signs, they can be read without the use of a telescope. So the tallyho loads, seeing the names of their friends ornamenting the view like corset ads. waxed hilarious.

Then the pumping plant and the bunkhouse drew into view. Also a wind that had been frolicking around the mountains came down and tried to subtract about a foot of loose loam from the subsoil. The streamers that had been put up over the houses flapped and wiggled a welcome, and then as they were only crepe paper, tore themselves from their moorings and went dancing across the brush like red and blue snakes.

RUSH FOR WATER.

The tallyho loads decanted themselves at the bunkhouse, and headed directly for the well. In front of the house was a long table, with substantial evidence of free lunch, but the Japs never turned aside. Catch an American picnic doing that.

Along the road to the well, a situation arose that the Japanese language could not face. A tract of about twenty acres was planted out to something which straggled over the soil like a bunch of green spiders. Various chunks of Jap went up into the air in an endeavor to tell what it was. Finally one of the boys said "peanuts," and silence again reigned. That is, comparative silence.

But the well was the center of attraction. As soon as the crowd got to it, a serious-eyed Jap in cap and jumper turned over the flywheel of the big sixty horse-power gasoline engine, and the centrifugal pump started its song. When the big stream of water ran from the pipe, every one made it a point to take at least one drink.

While the crowd was laughing and talking, A. N. Okuzumi, one of the big men in the company, went among them bowing and saying something. Suddenly they flitted like a flock of birds. Lunch was now ready.

REAL BEER FOR JAPS.

That lunch was not a Japanese affair. It was purely and strictly American. No little cups of sake and rice cakes for them. Instead oodles of beer, cold from the ice, as many different brands as any bar could show. A perfect forest of bottles surmounted the long table, and between were sandwiches. Even the W.C.T.U. was not forgotten. There were cases of pop for the non-alcoholically inclined. They did not receive the attention they merited.

Around the table the groups were curious. All were dressed spick and span, in latest fashion. There were several young bloods, looking like possible princes. Then there were the solid Japanese business men of Los Angeles, some of them in the Japanese-American Bank.

One young fellow had found the

RIOT NEAR OLD CHURCH.

Mexicans Wage Pitched Battle Close to Walls of the San Gabriel Mission.

Like an episode of medieval days in the fifteenth century, when clans fought in the shadow of some stately old edifice, was the factional riot among Mexicans near the antiquated San Gabriel Mission's walls Saturday night. Knives flashed in the darkness, revolvers were drawn, and after a long fight, three county officers and a detective managed to quell the conflict. The trouble started at a Mexican dance incident to the celebration which has been going on throughout Southern California. A quarrel between men grew into a pitched battle, with several score of men engaged. When the officers arrived, they found a surging, battling mob of men, whose knives and revolvers flashed in the half light given by the one lamp remaining after the others had been extinguished. The officers fought against heavy odds to disarm the belligerents, and then tried to find the ringleaders. Most of these fled. A. V. De Toro, a private detective of this city, was in San Gabriel on business. He helped to quell the riot, and brought Vicot Parades to the County Jail, charged with being the ringleader of the aggressive faction. De Toro, John Tanrigues, Peter Welch and D. C. Verdugo, the last three being Alhambra constables, stopped the free fight.

WHEW! THINGS WILL BE DONE.

OLD-TIME SPANISH BARBECUE FOR "STAGS" ALONE.

J. N. Gillett, Our Next Governor, Knight, Shortridge and Boss Ruef, With Three Hundred Guests, Will Mix at Dominguez Rancho This Week as Guests of Carson Brothers.

Genuine old-time Spanish-American hospitality is to have a fit setting in the affair planned for the Dominguez Rancho, to take place next Saturday. The Carson brothers will tender to 300 guests a barbecue that will vividly recall the days when every home was open to the stranger.

The banquet is to be given by John Carson, George Carson, Edward Carson, Joseph Carson and David Carson, and it is announced for "stags only."

Private cars will be provided through the courtesy of H. E. Huntington, and will leave the Sixth-street depot at 2 and 2:30 o'clock. Besides the Los Angeles guests, there will be a gathering of many old-time friends of the Carson and Dominguez families from all through the country.

Joe Romero will be in charge of the barbecue arrangements, and the bill of fare will require five steers, twelve sheep, one hundred and fifty tenderloin steaks for the enchiladas and tamales, and other things in proportion.

A feast of oratory is also to be provided, for there will be a bright array of "spellbinders." On the programme will appear the names of George Knight, Judge D. K. Trask, Hon. R. F. Del Valle, William J. Hunsaker, Lee Gates, W. H. Harris and Miguel Estudillo, Assemblyman from Riverside. Frank Domingues will act as toastmaster.

Guests of honor will be the Republican nominee for Governor, Gillett; Hon. George Knight, Hon. Sam Shortridge and Abe Ruef.

COMPANY FIGHTS INCORPORATION.

"SPECIAL REASONS" FOR NOT FILING ITS PAPERS.

Woman Brings Suit Against Pacific Outfitting Company and Finds It Has Practically no Standing in Court—States That Poor Women Have Been Victimized.

What are the "special reasons" which the Pacific Outfitting Company of this city have for not filing their articles of incorporation in this county?

These "special reasons" just at present are a matter of "special" interest in the suit brought by Mary Smith against the company and its manager, Mark Levinson, before Justice Young in the Township Court to recover $10.50 paid for goods and the balance of the $299.99 sued for in damages.

According to the complaint of Mrs. Smith filed in court through her attorney, Henry H. Roser, the plaintiff made an agreement with the company on August 10, to buy some skirts and clothing on the installment plan and paid a deposit. Later when she called for the goods she was told she would have to pay a further sum and did so.

Now she complains that the company, through its manager, refuses to deliver the goods unless the entire purchase price is paid in advance. The plaintiff placed the case in the hands of her attorney and he made a demand upon the company for the goods in vain, and then commenced suit in the Township Court.

In the original complaint was left blank the name of the State in which the company was organized, and the attorney for the company filed a demurrer claiming this fact should have been named. An amended complaint was prepared, but Mr. Roser states that when he made a careful search for the articles of incorporation he found they had never been filed.

In the amended complaint filed last week Attorney Roser recites the fact of his search and that the company has not completed its incorporation in this county, and excuses the continued blank by asserting that:

Plaintiff has not sufficient information upon which to base an allegation, owing to said violation of Sections 296 and 299 of the Civil Code by said so-called Pacific Outfitting Company."

The case came before Justice Young again last Friday and then it was that the company told the judge that there were special reasons why the incorporation papers of the company had not been filed. The case will be argued in court next Thursday, and it is stated that there will be some sensational developments as to the methods of doing business by the company, especially if the "special reasons" are given.

When seen by a reporter of The Times yesterday, Mr. Roser was emphatic in his declaration that the company should be forced to file its articles of incorporation. He stated that the manager told him when he called there in the interest of his client that the company had paid a lawyer $1000 to draw up the contract under which the company sells goods on the installment plan.

It is stated that the company has a number of stores on the Pacific Coast and that many poor women who have made agreements with it in hopes of securing a good outfit on the installment plan have been victimized by finding that when they had paid their money they could not get the goods until the whole sum is paid.

NO WEDDING BELLS FOR HIM.

Prospective Bridegroom Arrested and Confesses He Robbed Employer of Hundred Dollars.

With his wedding expected in a few weeks, Walter A. Quincke, a piano player, went to jail on a grand larceny charge yesterday. He was arrested by detectives after Fritz Guenther, for whom he worked, had followed him from Murietta Springs to this city. Guenther found his safe and cash drawer looted of more than $100. When he found Quincke here, he told the police at the Central Station. Quincke confessed that he had stolen the money. About $70 of it was recovered. Quincke, who resided in this city for a long time, is engaged to marry an estimable young woman, according to the officers. The wedding was to have been celebrated in a short time. Some of the officers are inclined to believe that Quincke stole the money to have plenty of funds for an extended honeymoon trip.

BLIND PIGS MULTIPLY.

Reports have been circulated about the Central Police Station for the past few days that numerous "blind pigs" are being operated boldly about the city. Most of the liquor ordinance violators are running their places under the guise of clubs, but are allowing many not members to buy liquor. Some time ago the police department detailed numerous officers in plain clothes to secure evidence against the "blind piggers" and spent a considerable sum of money in securing their conviction. After the crusade the proprietors of the places ceased business, but of late they have began to operate again.

Yesterday's Regular Edition .....

THE TIMES has a larger regular bona-fide circulation than any paper published in Los Angeles, and is widely among the intelligent, industrious, substantial, fore-sighted people who make Los Angeles the city it is. Its volume of business advertising, the finest display, the best results, attracts the attention of advertisers.

Offices: Times Building, First and Broadway.

Entered at the Los Angeles Postoffice for transmission as second-class matter.

Pen Points

The life of a reformer must be extraordinarily strenuous. They all die so quickly.

Nino Guerra stands a good chance of making up against the same thing that the dattos in the Philippines.

Chicago is to have the largest Courthouse in the world. It is needed mainly to make more room for the police department.

An ear of corn taken from a Kansas farm had 1176 kernels. If the corn were distilled, how many colonels could it make?

Bryan's theory of having two kinds of money will never become popular as long as it continues to be so hard to adjust one kind.

The reduced majorities in Maine are fully explained by the statement that an attempt was made to reduce the number of drinks.

It seems to us that Theodore Roosevelt works his Cabinet a little harder than any President has done since the time of Abraham Lincoln.

It is claimed that Mr. Bryan has ground in politics. But he offsets that to some degree by occasionally buying up a new farm in Nebraska.

Silence gives consent, as the old saying has it, it is difficult to see how the consent of William J. Bryan is to be obtained to anything.

Mr. Hearst has purchased a drove of hogs for his farm in Switzerland. He evidently wants to compare them with those he has met in his audiences.

Mr. Bryan claims that the Colorado potato is better than any other animal. He could have seen Hearst's man Friday looking Sacramento one day last week.

The London Chronicle recalls an old parson who used to eat peaches from trees while holding his hands in his pockets. How he lived in winter is not stated.

Some eminent medical doctors say that we can eat what we like, and there is warrant for those lifted brothers who practically say we can eat as we like.

Now all the talk about Mr. Bryan has "covered" himself in the South, how there now making Joe Bailey and Sharp Williams look like a pair of jack rabbits.

It remains to be said that in the struggle to suppress the hardest task was to raise the first thousand dollars. To make the statement up to date change the first thousand to million.

We understand Mr. Bryan contends is in favor of the Federal Government owning the trunk lines and the whole case and hand satchel should be owned by the States.

Despite the fact that we sell Cuba $20,000,000 worth of goods a year it is seen that we have more than merely sentimental desire to see Cuba moved to that unhappy island.

Nicholas Longworth has been nominated to succeed himself in Congress, showing that he is on Sam Gompers's hat, his election may be confidently expected by an increased majority.

Ninety per cent. of our leaf tobacco goes to Cuba, but that's no reason why we be afflicted with the sense of humor would be prejudiced against a man otherwise in a great many respects entirely inoffensive.

Washington, the Hearst candidate for Governor, says he will have nothing to do with the Democratic party. The announcement was made immediately after the Democratic party hoot-tooted at Sacramento.

Mr. Henry Watterson advises everybody to put their money in hens. Now if a man chasing a hen around can put his money in it, and then sit all nights watching the blamed thing for fear of chicken thieves.

Any man can devise a scheme to meet with the necessity of a man's getting up o'clock in the morning to milk the cows, his advice to get rich on the farm may strike a large number of people more favorably.

Mr. Bryan would doubtless gladly accept Mr. Thaw's request to have him discharged with the greatest celerity, if any assurance were forthcoming that another like it would immediately take its place.

Reports of the Russian town of Bialystock, where the horrible Jewish massacre has taken place recently, is spelled Bedlietz. But that's no wonder, as the name of the English language being pronounced

It is one of the current mysteries "bees that burrow." Any one who has been stung with a bee knows well that they burrow. But what other kind of bees, as far as all the small boys of our acquaintance are aware.

A Kansas man says the day will come when the farmers of this country will use the automobile. Interesting, however, Indicate that telephones are being passed in the vicinity to that effect.

BILL AND HENRI.

W. J. Bryan is receiving a decided ovation as he swings around the southern circle. Crowds go to see and to hear him, as they did during each of his two unsuccessful Presidential campaigns. Mr. Bryan is regarded as a national curiosity. He is a fine orator, beyond all denial, and that is sufficient to attract large numbers of people, for fine oratory is not so common in these degenerate times as to have lost its attractions.

It is unfortunate for Mr. Bryan, as The Times has heretofore observed, that with all his undoubted popularity he is a very poor vote-getter. His popularity is of a kind that is picturesque rather than substantial. His theories are a sort of "bafren ideality," and his hopes of triumph and power are as a replica of an "iridescent dream." But Mr. Bryan is evidently enjoying his evanescent popularity to the limit, as a prisoner sentenced to be hanged on the morrow enjoys an elaborate dinner on the evening preceding the final ceremony.

Mr. Bryan appeared in Louisville, Ky., on the evening of Wednesday, September 12, in response to a somewhat urgent request that he should "address the South from that point" on the political issues of the hour. Needless to say, the distinguished visitor was received with great eclat. Col. Henri Watterson presided over the great gathering in honor of Bryan, and was scheduled as "one of the chief orators of the occasion." We are not specifically informed as to the contents and tenor of Col. Watterson's address as "one of the chief orators," but it is perfectly safe to say that he did not quote extensively from his editorials in the Courier-Journal of two or three years ago. At that time Col. Henri was denouncing Bryan and Bryanism with all the virility of his caustic pen. His opinion of Bryan as expressed in the Courier-Journal of January 30, 1904—although he has since made it over into a crow-pie and has swallowed the whole nauseous concoction—is of undeniable interest and pertinence at the present time. He said in 1904:

"As a patriot, what sacrifices has he made? As a general, what victories has he won? It is not alone that, preaching man against mammon—and preaching it as though no one had ever preached it before—he appears in the courts struggling with a widow for the greater part of her husband's estate, the will and attendant documents prepared by himself in his own house—the testator not a relation, nor even an old friend—but it is given out, and all the circumstances indicate, that he is making common cause with a candidate who will appear before the next Democratic National Convention literally loaded down with gold; his sole, entire strength derivable from the lavish use of money.

"He is being used, and he will continue to be used by the Republicans as their best exhibit; to divide and confuse Democrats; to stimulate and embolden the grafters; to make the needed diversion everywhere deemed indispensable to the reelection of Roosevelt; and he lends himself to these uses by throwing himself into the breach, backed by Mr. Hearst's millions, to demand his own supremacy and the continuance of policies notoriously predoomed to defeat.

"Yet, all this while, Mr. Bryan is not forgetting either his money interest as the owner of a newspaper which lives on his candidacy alone and his lecture business which can only flourish whilst he keeps in the foreground of national affairs. No party leader, from Henry Clay to James G. Blaine, ever thought of making such draughts upon the popular credulity. No party leader ever dreamed of setting up such an autocracy. It is either, it can only be either, insanity or thrift; but is it possible that, without any other rhyme or reason except the Faith Cure, it has power to lure into its support any sane Democrat who loves his country and his party, and preserves in himself the least spirit of manhood, or pride of opinion?"

Mr. Bryan is substantially the same today as he was in 1904. It must be that the redoubtable Watterson, therefore, has suffered a radical change of nature, else how could he support in 1906 the man whom he so roundly denounced in 1904? It had been generally supposed that Col. Watterson would find some difficulty in supporting the Presidential aspirations of Bryan in 1908; but the latest chameleon-like exhibition of the doughty colonel dispels this illusion.

The world do move. At the recent meeting of the British Medical Association at Toronto, Canada, a distinctive feature of the proceedings was the hostility of the members to alcohol. Sir Victor Horsley of the University Hospital, London, declared that the doctors of England now recognise that the value of alcohol as a drug is practically nil. In former years it was the traditional remedy for many diseases. It was used for blood poisoning and for pneumonia. As illustrative of the comparative use of alcohol and milk, Sir Victor said that in seven great hospitals of London, in 1863, the expenditure on milk was $15,000 and for alcohol about $50,000. Now the milk figures have risen to about $50,000 and alcohol has decreased to $15,000. Antiseptic surgery has rendered unnecessary the treatment of the patient with alcohol, and it has been discovered that when drugs are necessary there are any number of others that are better than alcohol.

OUR GIGANTIC INTERNAL TRADE.

Occupied, busily occupied, as we all are with our own immediate concerns, very few of us realize how gigantic is the internal trade of the United States. It is only when the figures are collected, tabulated and published by such an agency as the useful Bureau of Statistics of the Department of Commerce and Labor, that we can grasp the subject.

For instance, during the first four months of the present season the aggregate freight movement through the "Soo" canals amounted to 22,710,551 net tons, an increase of 3,000,000 over the corresponding months of 1905, and 13,000,000 tons over the same period of 1904.

During the five months ended July 31 no less than 24,965,419 tons of freight passed through the Detroit River, the principal items of which were 5,991,817 tons of coal, 13,477,434 tons of iron ore, and 49,411,098 bushels of grain and flaxseed.

During the first seven months of this calendar year freight shipped by water out of domestic ports on the Great Lakes consisted of 19,142,512 tons of ore and minerals, 1,914,251 tons of logs and lumber, 7,598,740 tons of coal, 1,667,920 tons of grain and flaxseed, 511,009 tons of flour, and 2,641,727 tons of unclassified freight—a total of 33,477,159 tons, in contrast with 31,103,103 tons in the seven months of 1905, and 16,395,096 in 1904. Compared with 1905 shipments, iron ore and coal each showed an increase of nearly 1,000,000 tons.

The estimated production of coke at Connellsville during the first thirty weeks of 1906 totaled 8,275,577 tons, a quantity never before equaled for a like period in the history of the industry. That means busy factories. Shipments this season to July 31 required the use of 432,176 railroad cars.

Anthracite coal shipments in July from eastern producing regions were 4,981,448, as against 4,546,743 tons in July, 1905, and 4,623,227 tons in 1904.

Grain receipts at fifteen interior primary markets in July were 64,444,247 bushels, over 8,000,000 more than in July, 1905, and 30,000,000 more than in July, 1904. For the seven-months periods the figures are 401,187,918 bushels in 1906, 342,496,515 in 1905, and 322,423,743 in 1904.

Spring wheat receipts at Minneapolis, Milwaukee, Duluth and Chicago, from August 1, 1905, to July 31, 1906, aggregated 171,490,830 bushels, against 146,303,900 in 1905, and 143,913,602 in 1904.

Eastbound trunk line movements of grain from Chicago and Chicago Junction points during the first seven months of 1906 aggregated 74,466,000 bushels, a gain of 13,000,000 bushels over 1905 seven months, and of 16,000,000 bushels over 1904, seven months.

In spite of the packing-house scare, shipments of their products in July amounted to 203,250,030 pounds in July, 1905, and 130,660,716 pounds in July, 1906, against 192,490,724 pounds in July, 1904. For the seven months of this year similar shipments reached 1,675,436,262 pounds, or 300,000,000 pounds more than in 1905, seven months, and 250,000,000 pounds more than in 1904, seven months.

Live stock receipts at Chicago, Kansas City, Omaha, St. Louis, St. Joseph, St. Paul and Sioux City in 1906, seven months, were 23,073,574 head, an increase of 900,000 head over the seven months of 1905, and 2,700,000 head over the seven months of 1904.

Grain, flour and cornmeal receipts at Boston, New York, Philadelphia, Baltimore and New Orleans in 1906, seven months, were 162,862,229 bushels, a gain of 38,000,000 over 1905, and 63,000,000 over 1904. Compared with 1905, all ports show heavy gains, except New Orleans, where a slight loss occurred.

If receipts of, and shipments from, California and other Pacific ports and chief railway points were collected and published in the same manner as the foregoing, it would easily be shown that internal trade west of the Rockies is proportionately quite as increasingly prosperous as that recorded from eastern and southern ports and railway points, particularly Los Angeles, with its manufacturing, its wholesaling, its building (in spite of the "closed-shop" bluff,) its tributary crops, its prosperous banks and its wide-awake, up-to-date American citizenship.

Would it not be a thousand pities for all of us to let unreasonable strikes or "tariff revision in spots" interfere with the marked progress we see on every hand, not only in Los Angeles and the whole State of California, but everywhere on the Pacific and west of the Rockies?

The thing to do, the best thing to do, the only thing to do, on such showings as the foregoing, is, as the late large-hearted, far-seeing American, Mark Hanna, so aptly said, and as Theodore Roosevelt also says, "Stand pat," for our own interests and for every American interest, be it labor or capital.

Penetrative Power of Radium.

At a recent meeting of the London Practitioners' Society, Dr. Robert Abbe showed, in order to illustrate the penetrative power of radium, a photographic plate upon which a revolver had been photographed by a single grain of radium. The cartridge with which the revolver was loaded and the internal mechanism of the revolver were clearly seen in the photograph, demonstrating that the rays had penetrated the steel.

A Case of Nerve.

For a feat of dexterity and nerve it would be difficult to surpass that of the Bosjesman of South Africa, who walks quietly up to a puff adder and deliberately sets his bare foot on its neck. In its struggles to escape and attempts to bite its assailant, the poison gland secretes a large amount of the venom. This is just what the Bosjesman want. Killing the snake, he eats the body and uses the poison for his arrows.

A Common Name.

An unpopular man, who was recently refused membership in a West End club, had the audacity to write to the club secretary demanding the name of the man who had blackballed him. The secretary could not resist the chance of sending the following reply: "Sir, I have received your letter demanding the name of the man who blackballed you. His name is Legion."—[Sporting Times.

MEN AND THINGS OVER THE SEAS.

Queer Watch Charms.

Sig. Mascagni and his wife wear watch fobs alike and these have been the occasion of much curious comment. They are common Italian coins, each punctured with six holes, in which a...sets bits of some white substance, the nature of which is not apparent except on close examination. These are, in reality, the teeth of the first two Mascagni children, the teeth of the mother's charm being the first of her little daughter's, while the proud father wears in his charm the milk teeth of his firstborn son.

Turkish Desire for Ignorance.

It is the fate of the heir-apparent to the throne of Turkey that he must be kept in ignorance of the happenings in the world. When, therefore, a doctor is to see him, the physician must submit to be searched like a pickpocket, so that he may not surreptitiously carry to the prisoner information which would enlighten him. When he pays a professional visit to the harem the doctor is under still greater suspicion. Being a European, he may not see the patient. This makes a diagnosis difficult. The attendants stretch a huge curtain across the room. Behind this the patient takes her stand, thrusts out her tongue and hand through the holes in the curtain, so that the man of medicine may see one and feel the other, yet not look upon the face of the person to whom they belong.

He Still Agreed.

Sir Robert Romer, who contemplates retirement after many years on the British bench, is decisive in manner and parsimonious of words. On one occasion Justice Rigby and he were sitting in the Court of Appeal. The former as delivering an elaborate decision and, as was usual with him, paused to emphasize a point. "I agree," said Sir Robert sonorously. "But I have not finished my observations," said Justice Rigby, and he proceeded more exhaustively. At length he finished. Lord Justice Romer waited some moments to be sure that the end had really come and then seriously responded, "I still agree," while the Appeal Court laughed long and heartily.

Rival of Niagara Falls.

The mighty falls of Niagara have a rival in the heart of South America at the meeting place of the three republics, Brazil, Argentina and Paraguay. The Falls of Iguazu, as they are called, are at the junction of the Iguazu River with the upper Parana, in a territory famous as the original locality of the Jesuit missions established in the sixteenth century, the ruins of which may still be seen by those who visit the falls. In the course of the upper Parana there are many notable waterfalls, but none of the others equal the magnificence of the Iguazu. The cataract of Niagara makes a clear leap in an enormous sheet of water twenty feet thick over a precipice varying from 150 to 180 feet in height. Above the falls is a broad expanse of river, while below is a narrow gorge through which the water is forced in a rapid torrent. The Falls of Iguazu offer a notable contrast to Niagara in many important features, for as the river makes a sharp bend the main volume of water rushes around the inner bank and is discharged into a long, narrow gorge, at one point making a plunge of 210 feet. Not all the volume of the river is received at this place, however, the rest of the water running out past it into the wide elbow formed by the bend and circling along the further shore among many rocks and islands before reaching the edge of the cliff, where it makes the descent in two great leaps of 100 feet each in a vast semicircle of 3000 feet.

China Waking Up.

According to Vice-Consul Arnold, in Foo-Chow, China is waking up in matters educational. There are now at least thirty native schools fashioned after the foreign model. Posters advertise the opening of various modern schools, which are springing up in every nook and corner. Scarcely a week passes without the announcement of the opening of a new school. Among those established are a normal school, with 300 students; a military school, with 250 students; a high school, with 250 students; a reform school; while a police training school, a medical school and several more high schools will open within a few months. It is no uncommon sight to see modern school desks encircling a dusty old Buddhist image in what was once a temple, while the walls are adorned with picture charts of geology, botany, zoology and anatomy along with maps of China, Japan and foreign countries. Interspersed between these there may be seen bits of blackboard properly equipped with chalk and erasers, while sitting upon the teacher's desk may be seen a geographical globe and possibly a bit of scientific apparatus. The temple yards are converted into play and drill grounds, for military drill and gymnastics now form an important part of the school curriculum. A school yard is no more complete without its horizontal bars, vaulting apparatus, dumb-bells and wooden rifles than is a schoolroom without its pictorial charts, terrestrial globe and laboratory apparatus.

THERE IS NO DEATH.

There is no death! The stars go down
To rise upon some fairer shore;
And bright in heaven's jewelled crown
They shine for evermore.

There is no death! The dust we tread
Shall change beneath the summer showers
To golden grain or mellow fruit,
Or rainbow tinted flowers.

There is no death! The forest leaves
Convert to life the viewless air;
The rocks disorganize to feed
The hungry moss they bear.

There is no death! The leaves may fall,
And flowers may fade and pass away;
They only wait through wintry hours
The coming of the May.

There is no death! An angel form
Walks o'er the earth with silent tread;
He bears our best loved things away;
And then we call them "dead."

He leaves our hearts all desolate,
He plucks our fairest, sweetest flowers;
Transported into bliss, they now
Adorn immortal bowers.

The bird-like voice, whose joyous tones
Made glad these scenes of sin and strife,
Sings now an everlasting song
Around the tree of life.

Where'er he sees a smile too bright,
Or heart too pure for taint or vice,
He bears it to that world of light,
To dwell in Paradise.

Born unto that undying life,
They leave us but to come again;
With joy we welcome them the same—
Except their sin and pain.

And ever near us, though unseen,
The dear immortal spirits tread;
For all the boundless universe
Is life—there are no dead.

—J. L. McCreery.

At the Churches Yesterday.

"The Successful Church."

DR. L. S. CORNELL, the new pastor of the First United Brethren Church, Hope and Pico streets, preached his first sermon to that congregation yesterday morning. His theme was "The Successful Church," and he spoke from the text, Acts ii:42-47. During the discourse he said:

"The successful church is a praying church. Of old, God has said: 'My house shall be called a house of prayer.'

"Jesus said that, 'men ought always to pray,' and Paul exhorted the church 'to pray without ceasing.' No church can hope to succeed that does not keep in touch with God by prayer. It expresses dependence and trust. The praying church has taken God into partnership, and seeks his help by its petitions.

"But the successful church is also a working church. It is not enough that the church pray; it must do. It is ours to help God answer our prayers. Paul said to the Christians at Corinth, 'We are laborers together with God.' The church is God's representative on the earth and its mission is to do his work. It is well to pray for God to save men from sin, but the duty of the church is not done unless it does its part in trying to help save men. It may be well to ask God to feed the hungry, but it is better to take a loaf of bread and answer your prayer by feeding the hungry. A church that does nothing to help mankind materially and spiritually is dead. It is God's work to pardon the sinner, but it is our work to lead him to God. God causes the earth to yield food but it remains for the disciple to give food to the hungry, clothes to the naked and consolation to the sick and suffering. The great test of discipleship, after all, is not what we have prayed for but what we have done. Listen to the words of Jesus. 'As oft as ye did it unto one of the least of these ye did it unto me.'

"Again the successful church is one that feels that it has a mission to accomplish in the uplift of man.

"The primitive church went forth conscious of its mission, with the words of the master ringing out, 'Go ye into all the world and preach my gospel to every creature.' Christ's message to the world was the mission of the church then, and it is the mission of the church now.

"Another feature of the successful church is friendliness. A church that fails to be friendly makes a great mistake. Its sympathy and friendship should not be confined to those of its own fold but should go out to the stranger and those who may occasionally worship with it. Furthermore, a successful church is one whose membership is composed of church-going people. The people spoken of in the text continue in the temple daily, which indicates that the place of worship was a pleasure to them.

"The real strength of a church does not consist in its wealth, social position or numbers, but in its success in helping men and women into the way of salvation and Christian living. Then again, the successful church is one that continues steadfast in the fundamental doctrines of the gospel. To such a church the divine Christ is the central truth. Such a church is not caught by every new religious fad that may have originated in some fertile imagination. Neither is it a body of curiosity seekers, looking for something strange and new, 'being tossed about by every wind of doctrine,' but rather a people 'steadfast, unmovable, always abounding in the work of the Lord.' Again, the church that succeeds is endowed with strong faith, large hopes, and great love. These elements constitute the mainspring of action."

"What I Have That I Give."

At the First Christian Church on yesterday morning, Rev. A. C. Smither spoke from the apostle's words: "What I have, that I give." He said in part:

"This beautiful incident of the healing of the lame man at the gate of the temple is most suggestive and helpful in its application to modern Christian work. These apostles had a gift from God. God's gifts are varied and beautiful and are discovered in most unexpected places. God has left upon men of every age, rank and condition divine endowments.

"These apostles consecrated their gift of healing to the need of man, to the good of the race. This is genuine consecration. To set apart to sacred uses and purposes, to turn over powers and possessions to the service of the race, to the upbuilding of mankind, to the alleviation of human suffering, is the highest kind of consecration. Service is the only true test and proof of consecrations. These apostles gave of these heaven-derived powers to minister relief to these needy sufferers.

"These apostles used the powers they had. 'What I have that give I thee.' God only expects men to use such gifts as they individually possess and not such as may be the heritage of their neighbors. Moses had but a rod but when dedicated to the need of his people and generation, it wrought a genuine and lasting service. David had but a harp, but with his seeing brought comfort and helpfulness to human hearts in all subsequent generations. The widow had but ten pennies, but with these she has given a tribute to generosity and a rebuke to stinginess in all subsequent ages of the church. Dorcas had but a needle, but with it clothed the poor and made for herself a robe of imperishable glory. It is the power we have, the possession committed to our hands that God wants us to use. The smallest power possessed by man's standard can often render the largest service according to the divine standard.

"These gifts were valuable only as they were used. Use is the ultimate purpose of all endowments. They reach their value only as they reach the value of usefulness. The diamond attains its value only as it sparkles in the necklace of service. God challenges all men to bring their endowments on to the field of service.

"These gifts resulted in this lame man being lifted up and placed on his feet with his heart filled with gladness and song. Such is the service we serve our fallen unfortunate fellow-men. We are to lift them up, are to add cheer to their lives, are to put a song upon their lips and set them asinging."

Glorious Rest.

Rev. Frank DeWitt Talmage, D.D., preached in the First Presbyterian Church yesterday on the theme of returning to the "old paths"—the simple, Christian faith in the Savior and His promises—as the only means of securing that greatest of blessings, relief from the oppressive burdens of life. The text was Matthew xi:28: "Come unto me, all ye that labor and are heavy laden, and I will give you rest." The speaker said, in part:

"Today, I would talk to those who have floundered knee-deep and chin-deep in the quicksands of trouble. I would try to interpret for you what the gospel rest of my text means. I would interpret it, not only for those who have found this rest, but also for those who may be persuaded to seek it, as a God-given blessing, at the foot of the cross. What is your burden, my brother? Perhaps it is some sorrow common to the whole human race. It is very heavy, and no lighter from the fact that others are bearing the same load. Perhaps it is some trouble peculiar to yourself, that you cannot bear to describe, even to a friend. 'Every heart knoweth its own bitterness' but whatever it may be, the invitation Christ gives is for you.

"He offers you rest from the overwhelming burden of sin. This was the heavy pack which nearly crushed the tired pilgrim in Bunyan's great allegory. It is the heavy burden that makes the hearts and brains, and eyes and feet, and hands and the backs of all terrifically ache during the sad journey of life.

"The past and the present, like the Siamese twins, are inseparably joined. From a human standpoint, we cannot live in the 'today' without feeling the blistered lips of the 'yesterday' breathing upon our cheeks.

"You tell me that a sin committed can never be undone. You say that the guilty can never become innocent; that the soul stained and polluted with transgression can never be made clean. From a human standpoint that is true; but there is a divine remedy that effects even that miracle. Christ has borne the penalty for the sins of the world, and through His blood shed for you your soul may be cleansed. 'He was wounded for our transgressions; He was bruised for our iniquities; the chastisement of our peace was upon him; and by His stripes we are healed.' Many years ago a young Russian officer became hopelessly in debt. By the law of that time he would have been expelled from the army on account of these debts. One night he sat up in his tent making an account of these debts, and wrote under them these words: 'Who will pay my debts?' Then, in utter discouragement, the young man fell sound asleep, with his head on the table. That night the Emperor was making his rounds of the camp. He saw the candle burning in the young man's tent and stepped in. There he saw the paper, and the troubled look upon the young officer's face. He read the memorandum, and then he picked up the pen and wrote under the question, 'I, Nicholas, the Emperor of all the Russias, will.' Today, like the Russian Emperor, Christ the Divine sufferer will pay the price of your sins. Christ the King will lift the heavy burden of our evil past. Christ's death shall cancel our well-deserved sentence of capital punishment. Oh, the joy, the peace, the rapture, the glorious triumph of feeling that Jesus can lift the heavy load of sin off from every crushed heart! Brother, sisterman, woman and child—if you have not yet received this glorious rest which comes from the forgiveness of sins, will you not at the foot of the cross, kneel and take it now?"

Association Day.

Yesterday was "Association Day" at the First Congregational Church, and representatives of the Young Men's Christian Association and the Young Women's Christian Association presented the claims of those societies to the congregation. General Secretary D. E. Luther of the Y.M.C.A., said, in part:

"As we review the work of the past year we have much to encourage us and inspire us to greater efforts in our own home city. During the past year, through the liberality of the citizens of Los Angeles, nearly $350,000 has been raised for the erecting of the "much-talked-of and much-looked-for new building." The membership of the association has nearly doubled. In its educational work it has increased its enrollments from 252 to 578, men and boys; increased the number of classes from 25 to 34; increased its number of teachers from 17 to 23; increased its educational receipts from $900 to $4400.

"In its religious work gospel services were held every Sunday at the building, and in different parts of the city during the week. As a result 145 men and boys asked for prayers; 19 boys and 47 men professed conversion; 8 boys and 15 men united with the different churches. A boys' encampment was held at Catalina Island in July with an attendance of nearly 100. But I must hasten.

"In giving these figures we have touched upon the different ways in which men and boys are being helped to find themselves through the association. So very much more is being done in different ways that it would be impossible for us to make report. Still as we look out upon the field, and see the great need of work we feel that practically nothing has been accomplished when so much is needed. It would have been impossible to have brought about anything like the results we have spoken of had it not been for the deep interest taken in the work by the citizens of this city, by the cordial support of our members, and by the thought, time and money given by our directors, and, from a wide experience in association work, I am proud to say that I believe the Los Angeles association has the strongest board of directors of which I have ever known. But, with all of our combined efforts, it would have been impossible to have accomplished what we have had it not been for the liberal support given us by the press of our city.

"The young men are flocking to our city, not only by the scores and hundreds, but by the thousands. They come here away from home and home influences, strangers in a strange land, and the association will not have fulfilled its full purpose until it has organized itself so completely that no young man can be able to say "no man careth for my soul."

Miss Cora L. Tatham spoke for the Y.W.C.A., and during her address she said:

"The opportunity of the Young Women's Christian Association to do a broad and comprehensive educational work right here in Los Angeles, is almost limitless. There is a real hungering and thirsting among young women for a more abundant intellectual life. I marvel that we are not more aroused on the subject of this sort of supplementary education for the many, and I firmly believe that developments along this line are only in their infancy.

"Eight noon talks are given each week by the two extension secretaries in the various telephone offices, a good deal of personal work has been done in the department stores and the Juniors have been organized into clubs for recreation and improvement. Other clubs—for in so large an organization it is necessary to have 'wheels within wheels'—are doing such things as bearing the hospital expenses of others less fortunate than themselves, maintaining a restroom for weary and belated travelers near the Southern Pacific, carrying on rest and vacation houses both at Hermosa and at Ocean Park. A great volume of refugee work was also accomplished through the extension department during that trying period following the San Francisco disaster.

"By the most careful financiering the association has been able to steadily forward without making any general appeal for current expenses. The Los Angeles membership is made up very largely of what we might call the semi-transient element in our population, a cause for rejoicing that those who most need its privileges find them, but it is our special desire for the coming year to increase our membership among the more permanent residents that the work may be upon a firmer basis. It is the most practical way in which the women of this church and congregation and express their interest."

COLLEGE WORK BEGINS TODAY.

Many Students at University Southern California.

Prospects Remarkably Bright for Twenty-sixth Year.

Faculty Enlarged and Scope of Endeavor Extended.

The University of Southern California will today formally open the twenty-sixth year of college work with the brightest prospects in the history of the institution. The unprecedented enrollment, numbering about 200 in the liberal arts and academy departments alone, previous to the regular matriculation week, insures a record-breaking attendance, and bespeaks a high indorsement of the remarkable advances made by the Methodist institution along all lines of academic endeavor, and also attests to the widespread popularity of the college.

Up to this time last year only seventy-five students had enrolled, and even this number surprised even the most sanguine. The greatly increased number of matriculants this year, composed largely of new students, registered from nearly every State in the Union, predicts this to be a banner year of achievement at the university.

MISS MACHA VANCE,
New professor of oratory at U. S. C.

COLLEGE WORK EXTENDED.

The scope of the instruction has been greatly extended in all departments to meet the ever advancing demands of the up-to-date student. The specialists at the head of the several departments are offering courses of great practical use to the student.

Particularly attractive to all students of the university are two general culture courses to be offered by Prof. James Main Dixon, M.A., F.R.S.E. The first will treat of the problems of the new Orient. He will thoroughly interpret the civilizations of the Far East, showing why Japan is taking the place she is today. The difficulties in the way of China will be shown, and he will deal also of our relations with the Philippines.

Dr. Dixon, through his connection with the Imperial University of Tokio, is well fitted to give such instruction, having founded the Imperial Ladies' Institute of Tokio, and having spent about thirteen years of service in the Japanese government educational work.

HISTORY OF CIVILIZATION.

The second course, entitled "Thinkers and Movements in European Literature, and Life from the Reformation to the French Revolution," is practically a history of European civilization and the essentials of the literature of the seventeenth and eighteenth centuries, and includes thorough discussions of such crucial national movements as Puritanism, Johnsonism, Moravianism and Methodism.

Another course of special attraction to the student will be that in journalism, and will deal with the qualifications, duties and training of the modern editor. Members of this class will do considerable editorial writing, which will receive the direct criticism of the leading journalists of the city.

The course in oratory and debate will be continued, and will be given the first semester in order to give opportunity for the members to participate in the various literary contests of the year.

The work of Prof. Dixon will be ably supplemented by courses in Browning and the English poets, to be given by Prof. Foster.

MISS VANCE SECURED.

The College of Oratory, of which Miss Beulah Wright will continue as dean, has been fortunate in securing the services of Miss Macha Vance, a graduate of the Cumnock School of Oratory, Northwestern University. Miss Vance, formerly of Decorah, Iowa, is both a teacher and reader of wide experience, having spent one season as reader of one of the leading concert companies of the East, and has also been engaged in Chautauqua work for some time. She has also had the experience of a year's teaching as head of the department of oratory at Ellsworth College, Iowa Falls, Iowa, and has been successful in staging amateur theatricals.

Prospects were never more flattering than at present in the department of oratory, and a goodly number of new students have signified their intention of entering the college.

Dean Wright will offer, as a special feature of her department an assembly class, meeting twice a week, which aims to study the art of reading and expression. In addition, a Shakespeare club will be organized for the purpose of study and presentation of the drama.

INSTALLING APPARATUS.

Dr. Beane, head of the department of electrical engineering, is engaged in installing a number of modern dynamos and other scientific apparatus for the use of the engineering students. This department is proving popular at the university and in all probability an entirely new and separate science wing will be built next year for the greater accommodation of applicants.

A large number of new students are registering for courses in engineering, a fact largely credited to the splendid facilities offered in the scientific departments.

Special advantages will be offered to students who are planning to pursue studies in the professional schools, and as a consequence, many applicants are enrolling for the pre-medical courses.

The registration of students will take place today, tomorrow and Wednesday. On the latter day the students will be assigned their first recitations, which will begin Thursday morning. It should be remembered that students may register any time during the week, if it is impossible for them to begin work sooner than Wednesday.

EXERCISES ON THURSDAY.

The first chapel exercises of the college year will be held at 10 o'clock Thursday morning at which time a special programme will be rendered. Dr. Healy, president of the board of trustees, will make the address of welcome, and will be followed by President Bovard and others.

Friday evening of this week the Y. W.C.A. and Y.M.C.A. will give a joint reception to the new students in the gymnasium. An interesting programme is promised by the committee in charge.

The dormitory idea is proving popular at the university. Hodge Hall, for men, is well patronized. Inquiries are coming in daily from young women desiring accommodations in the girls' dormitories.

Miss Macha Vance, the new associate professor of oratory arrived in the city yesterday from Decorah, Iowa, and will reside at No 2211 West Twenty-first street.

Prof. Stella Morgan of the department of English arrived Friday from the East, and will reside at No. 1077 West Thirty-seventh street.

In order to aid students of small means, President Bovard has made the following announcement:

"Residents of the University district, who have chores or odd jobs to be attended to will oblige the college management by sending particulars to the university office. All orders for help will receive prompt attention, and satisfaction is guaranteed."

HONOR LOS ANGELES MAN.

Hugh E. Smith Appointed Field Secretary by General Conference of Methodist Church.

Hugh E. Smith of this city, now in the East, has been selected as field secretary by the evangelistic commission of the General Conference of the Methodist Church, with headquarters in New York.

Attention has been attracted to Mr. Smith by his successful evangelistic services throughout the country, and

HUGH E. SMITH,
Evangelistic Secretary of the Methodist General Conference.

he was placed on the commission as the representative of the Southern California conference. Since holding this position he has done some splendid work, closing with participation in the great camp meeting at Ocean Grove, N. J., after which the commission fixed him as its salaried representative in the field.

It is well known in Methodist circles that the comprehensive plan for an evangelistic campaign in the Methodist churches of the whole country comes from the work and suggestion of Mr. Smith, and his appointment as the representative of the commission to organize this great work is a natural result. It is a distinct honor to Mr. Smith and the conference he represents.

Mr. Smith formulated the plan prior to the meeting of the General Conference in this city in 1904, to which he was a delegate, and succeeded in having it adopted by that body. A month before the meeting of the General Conference the importance of having a general secretary for the work was suggested through the Epworth League of the First Methodist Church of this city, but they did not ask the appointment of Mr. Smith; it came through merit alone.

Harry B. Wolf, who has announced himself as a candidate for the Democratic nomination for Congress from the Third Maryland District, began life as a newsboy. He is only 26 years old, and has practiced law for five years.

Bears the Signature of Chas. H. Fletcher

WHY OUR COAL?

Because it's from the best Company
Because it's sure to be what you ordered
Because you get it first-hand fresh and clean
Because you can get it when there is none elsewhere in the city.
Because it's from the Company that sells more than 75 per cent. of the coal used in Los Angeles.

BELVIDERE

Unrestricted Sacrifice of the Loveliest Lots in the Whole Beautiful Southwest

Under the Auctioneer's Merciless Hammer

All Unsold Lots in Beautiful Belvidere to be Sold at Public Auction to the Highest Bidder

Saturday Sept. 22, 1906

Commencing at 10 O'Clock

A. W. LOUDERBACK, Auctioneer

Fine Free Lunch and a Picnic Under the Trees. Come and Bring Your Friends

Belvidere occupies the most charming situation in Greater Los Angeles. Three car lines converge there—the Gardena and Inglewood branches of the Redondo electric railway and the new Moneta Avenue line. It has graded and oiled streets. It has a magnificent water system. Telephones, electric light and all other modern conveniences are available. Nearly every lot has bearing fruit trees. Many lots have beautiful hedge borders. Cypress, Eucalyptus and other shade and ornamental trees line the streets.

As a Residence Place the Lots are Simply Ideal

With three diverging lines of electric railway; within easy access of the city or the sea; with water abundant and soil unsurpassed; with fruit trees bearing; with surroundings refined and beautiful; with a view unmatched by any other part of the beautiful Southwest and with every improvement solid, permanent and substantial.

Terms of the Sale 10 per cent. cash when knocked down under the hammer, balance of one-quarter within 10 days and remainder in three equal payments, 6, 9 and 12 months at 6 per cent. interest. Certificate of title guaranteed by the Title Guarantee and Trust Company.

MONEY TO LOAN—
In Sums to Suit.

DON'T WORRY.

If you need a little ready cash and have no banking facilities to help you to meet the different obligations devolving upon you, we will be your banker, and will loan any amount, making time and payments to suit your convenience. We make a business of loaning money on FURNITURE, PIANOS, HORSES, WAGONS, LIVESTOCK, ETC., in amounts of $10 and up, quickly, privately and without publicity. Why not borrow the money from us to pay off all your debts, and you can then pay us back in small monthly installments. We are as reasonable as any, quicker than many and we are always courteous. The security remains in your possession and the interest stops the moment principal is paid. Open 8 a.m. to 5 p.m.

LOOT MANSION OF HAMBURGER.

Police Suppress Report of a Daring Night Burglary.

Palatial Residence Ransacked in Absence of Family.

Robbers Bar Doors and Fill Locks With Stoppers.

Burglars looted the palatial residence of D. A. Hamburger at No. 3103 South Figueroa street on Thursday night. The crime was not discovered until Friday afternoon.

Owing to the new police policy, the report of the crime was suppressed by the police officials. Through outside sources it was learned yesterday that the robbery was committed and that detectives had been detailed on the case. No estimate of the amount of goods stolen has yet been made.

The burglars ransacked every room in the house. They turned over bureaus and rummaged through drawers of chiffoniers. Contents of closets were strewn about the floors, and everything was left in a state of disorder. After securing their booty, the thieves worked at the door locks so that they could not be opened, and then left through the passage they had entered.

DISCOVERY OF ROBBERY.

Some time ago the Hamburgers moved away from their Figueroa-street residence to their summer home at Santa Monica. Most of the costly furnishings were left in the house. No one was left to guard the place. When Mr. Hamburger came to Los Angeles Friday he went to his home, and found the doors barred. The locks were packed, so that keys would not throw the bolts.

Realizing that some one must have been in the house and tampered with the locks, Mr. Hamburger induced a boy to enter the house through a window and remove the barriers from one of the doors. Immediately upon entering Mr. Hamburger saw that the house had been rifled, and that everything was turned topsy-turvy.

POLICE CALLED IN.

Police from the central station were called, and went through the house late Friday afternoon, making close examinations.

Paul McGuire of No. 3107 South Figueroa street, accompanied the officers in their search through the Hamburger home for clews to the identity of the robbers. From Mrs. McGuire it was learned that the police found that the thieves entered through the rear of the house, prying up a window with a jimmy, and made their exit in the same way.

From all that can be learned of the case, the officers are of the opinion that the crime was committed by the same gang which has been working quietly of late in all parts of the city. No arrests have been made on the case, and it is believed that the officers are baffled, as the men put to work on the case two days ago are now detailed on other cases.

SUPPRESSING REPORTS.

In working on the cases of robberies in the residence district of the city the police have been extremely reticent. The order issued by the present Police Commission, forbidding policemen to make known crimes, has done its work well. That a wave of crime is beginning in Los Angeles is the supposition of those in close touch with the police. The heads of the department are seeking to keep the record of crimes down by withholding reports of the offenses.

It was learned by reporters last night that the police are aware of a robbery that occurred on West Twenty-first street, Saturday night. Police are working on the case. All inquiries made at the Police Station were met with denials, and it was stated that no robbery had taken place.

MORE PEOPLE HURT.

Passengers and Pedestrians Meet With Accidents in Connection With Trolley Cars.

Carelessness on the part of passengers on downtown cars resulted in three persons being seriously injured last night. Two cases were sent to the Receiving Hospital, and an unidentified woman was assisted to a doctor's office in the Potomac Building. Three men jumped from a Moneta-avenue car, but the crew was unable to ascertain whether they were injured or not.

Charles Middlebrook, residing at the Salvation Army Home, stepped in front of a south-bound San Pedro-street car on Main street, about 8 o'clock last evening. Another car was approaching in the opposite direction, and he did not see it. The car was running at a low rate of speed, and hurled him some distance along the pavement. Police surgeons at the Receiving Hospital found that he had sustained a slight shock.

When W. M. Buchanan, No. 1367 Elwood street, tried to alight from a north-bound Hooper-avenue car at Fifth and Spring streets, last night about 8:30 o'clock, he was thrown to the pavement. Buchanan was removed to the Receiving Hospital. The police surgeons found that he had sustained several slight bruises and a laceration of the back.

An unidentified woman tried to leap from a north-bound Redondo car last night about 7:15 o'clock, at Third and Broadway. A young woman accompanying her had just left the car when it started across the street. The injured woman stepped from the car with her back to the front of it, and was thrown to the pavement. The crew of the car was in the front part and did not see the woman fall. She was assisted by two bystanders and the young woman to a doctor's office.

NEW PASTOR HERE.

Rev. Dr. Cornell Takes Charge of the First United Brethren Church.

Other Changes Made.

The United Brethren churches of California have just finished their annual conference at Reedley, and have made several changes in the ministry of Southern California churches that will be noted with interest. The conference was presided over by Bishop N. M. Bell, bishop for the Pacific Coast, whose home is at Berkeley.

Notable among the changes made was the exchange of positions of Rev. J. L. Parks, pastor of the First United Brethren Church of Los Angeles, and

REV. DR. L. S. CORNELL,
new pastor of the First United Brethren Church.

Dr. L. S. Cornell, general superintendent of the churches of the State.

Dr. Cornell, who assumed his duties as pastor of First Church, corner of Hope and Pico streets, yesterday, has been acting as general superintendent of the churches in California for the past year. Previous to that time he was located in Denver, where he has held a prominent place both as a minister and an educator. For six years he was regent of the State University, and for six years he held the position of State Superintendent of Public Instruction. Later he held prominent pastorates in Colorado.

Dr. Cornell has taken temporary quarters at No. 1323 South Hill street, the Venice Apartments, but will soon occupy the parsonage property at No. 1303 South Hope street. Rev. J. L. Parks has already begun his duties as general superintendent of the churches of the State.

A change has also been made in the pastorate of the Second Church of this city, Rev. J. M. Frame of Iowa having been appointed to that charge. Rev. T. B. Cannon goes to the church at Whittier, and Rev. R. M. Zuck will minister to the church at Riverside. The church at The Palms will be supplied for the present by Mr. Parks, and a supply is also to be sent to the Pasadena Mission.

NAVIES TO BE UP-TO-DATE.

Argentina and Brazil Are Envious of Each Other's Equipment of Warships.

[BY DIRECT WIRE TO THE TIMES.]

BUENOS AYRES, Sept. 16.—[Exclusive Dispatch.] The Minister of Marine said today that all members of the committee of notables have recognized the necessity of increasing the navy, the only differences referring to the time required. Some recommend waiting till the financial situation is less stringent.

According to private reports, Brazil has ordered from Vicker-Armstrong three battleships of 15,000 tons each. The matter will be settled definitely at the next Cabinet council.

The Rio de Janeiro press unanimously says that the Argentine navy scheme is in no way justified by the Brazilian armaments, as Brazil has no warlike ambitions.

It is understood that the Minister of Foreign Affairs of Paraguay, Señor Adolfo Soler, will visit Rio de Janeiro to discuss several pending matters.

POLICE CHARGES PARIS MOB.

PARIS, Sept. 16.—Although a majority of the stores here today complied with the compulsory weekly rest-day law, several remained open causing numerous demonstrations. The police were forced repeatedly to charge a mob of 400 persons in the Herns district, arresting twenty of them. Other demonstrations easily were dispersed.

HUNS HONOR WASHINGTON.

Thirty Thousand Present at Monument Unveiling.

Francis Kossuth and Count Apponyi Head Liberals.

Great Enthusiasm Manifest. Banquet Follows.

[BY THE ASSOCIATED PRESS—P.M.]

BUDAPEST, Sept. 16.—This was George Washington Day in Hungary's capital, and the entire population from morning until night, gave itself up to enthusiasm over the unveiling on monarchical territory of a monument of the first President of the United States.

The Stars and Stripes and the Hungarian colors intertwined were to be seen everywhere.

This morning, there were special sermons in many of the churches, the preachers calling attention to the importance of the event.

This afternoon, thousands of persons lined the streets through which passed an imposing parade to the City Park, in which the monument stands.

THIRTY THOUSAND PRESENT.

Thirty thousand persons were in the park, which was surrounded by many thousands more. Francis Kossuth, Hungarian Minister of Commerce, and Count Albert Apponyi, Minister of Worship, represented the independent party at the ceremonies, but were not present in their capacity as government officials.

The attendance included members of the Diet, the various municipal officers, Chester, the American Consul-General, 500 Hungarian-Americans, headed by E. T. Kohanyi of Cleveland, and delegates from patriotic societies in all parts of Hungary.

Prior to the unveiling, united choirs sang the Hungarian hymn and the national anthem and other hymns.

ENTHUSIASTIC HUNS.

The monument was unveiled amid scenes of great enthusiasm. Herr Brakovsky, Vice-President of the Chamber of Deputies, was the orator of the day.

He dwelt at length on Washington's great work for the cause of civilization, not only for the United States, but for all the world. He said the standard set by the Father of the American Republic had influenced Louis Kossuth, and that by that standard Hungary's greatness would be attained.

PRAISES OUR INSTITUTIONS.

Kohanyi, in a speech, praised American institutions and freedom. He said Hungarian-Americans were true citizens of the republic, but would always keep up their love for their native country.

Mayor Bauzy of Budapest promised to take good care of the monument, and hoped that the friendship between the countries would last forever.

After the speech, crowds paraded past the pedestal, covering the monument with flowers and floral designs.

TOASTS AT THE BANQUET.

At a banquet, tonight, Herr Bauzy toasted President Roosevelt and Consul-General Chester proposed the health of the King of Hungary.

Count Apponyi eulogized the United States, and expressed his admiration of Hungarian-Americans for being absolutely loyal to their new home while retaining their love for the Fatherland.

Mr. Chester availed himself of the opportunity to state that he only attended the ceremonies and the banquet as a private American citizen, thinking it was his duty to do so on such an occasion.

THEN AND NOW IN AUTO GAME.

MAN WHO SOLD FIRST MACHINE ON COAST RETURNS.

Such a Difference Between Modern Car and the One He Used to Sell, Which Couldn't Climb a Three Per Cent. Grade, and Which He Had to Dispose of to Tenderfeet.

The man who brought the first automobiles to the Pacific Coast returned yesterday, and a comparison of the automobiles then and now is engendered by the machine which he hopes to place on a footing with the leading makes in this region that he considers the automobilists' paradise of good roads and touring weather.

From 1897 to 1906, says this man, F. M. Hobilit, is an epoch in mechanical revolution. He recalls the awkward, unbeautiful contrivance that he exploited in 1897 under the name of horseless carriage and wonders that he succeeded in selling even four of them in Southern California. These were taken by eastern people and afterward shipped East. The only local sale he attempted to make was to a rancher in Redlands, who said he would buy the horseless carriage, then the butt of the cartoonist more than anything else, if it would climb to his home in the foothills. The grade was only 3 per cent., but the panting, choking machine reached the point where it would not budge. There was no sale.

The old horseless carriage, as a suggestion for the modern machine, fulfilled a field of usefulness outside of its place as shaming the worn-out horse into jealousy. A little of the history of the dealings in Southern California recalls that W. K. Cowan was one of the first dealers here. His horseless carriages were electric machines and carried a forty or forty-four-cell battery. They were equipped with a large diameter of wheels from thirty-eight to forty-eight inches. The electric machine of the same type is now built very much lighter with twenty-four and thirty-six cells and with smaller wheels.

What a difference now! Mr. Hobiltt's machine, the Aerocar, has lines that are those of a bird. The front fenders are shaped like an eagle's wing, and with a satiny finish of dark gray, and by the tendency of the fenders to lift the machine through the way the air gathers under them, the sensation of flying is contributed to. It is many times as powerful as the steamer he used to sail, with its four cylinders and shaft drive. Indeed the world has moved!

ATTACKED BY ROBBERS.

LIBERTY (Ind.) Sept. 16.—Mrs. Ora Miller is in a critical condition here as the result of an attack by two masked robbers last night. An auction sale had been held at the Miller home, and masked men entered the house in her husband's absence and demanded the money obtained from the sale of goods.

Red hot irons were placed against the woman's toes in an effort to compel her to reveal the place where the money was secreted. The robbers did not obtain any money, however.

WILL WAKE UP THE LIQUOR DEALERS.

Big Advance in Los Angeles License Rates to Be Asked of the City Council—Much Money Needed for the Schools.

WITH the opening of the public schools today the citizens of Los Angeles will have forcibly called to their notice the great need of more school facilities, and the fact that the Board of Education is short of funds necessary for the proper expansion of the work.

The Board of Education has considered closely the needs of the schools, and has decided that more money must be forthcoming from some source. A bond issue at the present time is impracticable; and the plan has been evolved of securing an increase in the rate of liquor licenses, so that this increased fund may be turned to the use of the city's schools.

The matter has been discussed with the City Attorney, and the result is that he will present to the City Council a recommendation that a change be effected whereby retail liquor licenses shall be raised from the present rate of $75 per month to $250; wholesale liquor licenses from $60 to $100, and restaurant liquor licenses from $60 to $75 per month. The City Attorney will also recommend that places holding wholesale liquor licenses be compelled to close at 6 o'clock p.m.

It is believed this will meet with general approbation, as it will place the liquor business on a higher basis, and will give an additional revenue from a source that is best enabled to meet it. The increase of licenses to the amounts mentioned would result in raising money that would go a long way toward providing for the urgent necessities of the city's schools, and is probably the most practicable method with which to meet the emergency which faces the Board of Education.

The City Attorney is expected to bring the matter to the attention of the Council tod

Special Sale

Of Close-in Lots in Poole & Jones Tract

BUSINESS LOTS

The Jefferson street frontage east of Normandie avenue will be sold at the very low price of $2000 for inside lots; terms, $500 cash and $20 per month.

Jefferson street is now an important business street, and when the paving is completed will be one of the most desirable avenues of trade in Los Angeles. To secure a quick sale the owners have decided to sell at the above unprecedented low price.

SPLENDID RESIDENCE LOTS

Fronting on Raymond avenue, Kenwood avenue, Van Buren Place and Budlong avenue, $2000 and $2100, $400 cash and $20 per month. There are only sixty-five of these lots left in this tract. Building restrictions $3000.

It is an absolute fact that such an opportunity to secure high-class lots at a low price and such easy terms has not occurred in Los Angeles in the last decade.

Marconi Securities

Installments Small Monthly Payments

Marconi Wireless Telegraphy Will Revolutionize the World.

The best invention ever offered the public. We say this without fear of contradiction. Don't wait until it is too late. This is a chance of a lifetime. It is advancing every day. We have some inside information that we know that will make it advance still more rapidly. We have an option on some stock that was purchased when it was very low. We can sell you this stock while it lasts very reasonable. In fact, we consider that it is cheaper today in proportion than it was one year ago. There is not much more of this stock left. When the company made up its books the 1st of January, 1906, they had only 29,000 shares left on its books. We do not think that it will take long to dispose of this. Our method of disposing of this stock gives the party with small means an equal chance. Remember that as soon as you make your first payment, from that day you have the benefits of all advances. English Marconi sold recently for over 300 per cent. advance and you cannot get any at that. We have a much larger territory. We can sell you either the American or Canadian. See us before buying elsewhere. CUT THIS OUT AND SEND IT TO US. Call or write for prospectus and terms.

SERMON ON OMAR.

Church of the Unity Pastor Declares Khayyam Was Man of Profound Spirituality.

Omar Khayyam, the old Persian poet-philosopher, and his "Rubaiyat," was eloquently and interestingly treated by Rev. Burt Estes Howard at the Church of the Unity last evening, before an audience that taxed the capacity of the edifice.

Dr. Howard interprets Omar as having been a man of profound spirituality rather than an atheist; a seeker after truth, whose intellect and fidelity to his convictions compelled him to revolt against the creed and hypocrisy of his day. Born in the eleventh century and singing his songs amid the flowers of Persia, while Europe was but a land of religious persecution and fanatic, bloody strife, the poet had lain forgotten during these intervening centuries till resurrected in far-off England by Thomas Hyde, Housley and others, and finally brought into fame in our own day by Fitzgerald. Dr. Howard stated that though England produced the poet who caught and translated the spirit of Omar, it was in America where Fitzgerald and the "Rubaiyat" found greatest appreciation. The demand for the work has amounted to 1,000,000 copies.

The lecture concluded with readings from Fitzgerald's translation of the "Rubaiyat."

Next Sunday evening, at the Church of the Unity, selections from the "Rubaiyat" set to music by Liza Lehman, making the song cycle "In a Persian Garden," will be sung by the choir of the church. The quartette includes Mrs. Frank Colby, Miss Beresford Joy, Johan Zinck and Charles Bowes.

SCHOOLS OPEN, PUPILS READY.

RUSH OF SCHOLARS WILL CAUSE HALF-DAY SESSIONS.

In Spite of Added Facilities City Institutions Will Be Crowded—The Buildings Incomplete—More Applicants for High Schools Than Can Be Comfortably Cared for.

And now comes the schoolboy, with shining morning face, but unlike the kids of W. Shakespeare's period, he comes with a hop, skip and jump. No pace like a snail for the Los Angeles lad as he starts for the first day at school.

This morning the public schools of Los Angeles will open their new year's work. Between 30,000 and 40,000 children will report at the various schools today, and the 1050 teachers will be ready for an arduous day.

Book-store merchants have been dreaming fond dreams o'er the arrival of this day. The reality is better than the dreaming, for it means the transfer of hoards of hard cash from the pockets of Mr. and Mrs. Schoolpatron to the cash register of the book-store man.

History is bound to repeat itself, and hundreds of patience-frayed men, women and children will stand in the market places and long for the chance to give their money in exchange for text-books. Oh, what a pleasure when the first day at school is over and Johnnie and Mary come with their lists of books that must be purchased ere the signal bell sounds for the morrow's marching line.

Indications point to an overwhelming rush to the city's high schools today. On Friday there were 226 enrollments of new pupils at the Polytechnic High School. The grand rush will occur today. It was estimated that by crowding the Polytechnic the school would be able to care for 200 more pupils than those enrolled last year.

The older High School, on Fort Moore Hill, is likewise in straits for more room, and this applies as well to nearly every school in the city. In many places half-day sessions will be a necessity. The failure to have several of the new buildings and additions completed by school-opening time causes much inconvenience.

It is said that the University of Southern California and Occidental College will both profit by the crowded condition of the city schools, as students will enter the academy departments of both of these institutions who heretofore have been in attendance at the public schools.

WRECK VICTIMS RECOVERING.

Number of Those Hurt in Trolley Collision May Force Inquiry by Authorities.

Victims of the collision between an eastbound Santa Fe-avenue car and a Long Beach car, at Fourteenth street and Long Beach avenue, Saturday night, are recovering and the attending physicians say that it is quite unlikely that any of the injured will die as a result of the accident.

It is reported that a number of the victims of the wreck are contemplating forcing the authorities to investigate the collision. They believe that the smash-up was due to criminal negligence and they will inquire into the cause.

The complete list of injured follows: Miss Kate Broder, No. 2439 Corney street; Miss M. H. Green, No. 1168 West Thirty-ninth street; Miss Dorothy Mesmer, Nadeau Park; J. W. Williams, Nadeau Park; J. H. Nonemaker No. 116 Lawrence street; Ben Crafton, No. 1740 East Fourteenth street; Sam Lloyd, motorman Los Angeles Railway car; Frank Carter, colored, No. 1320 Elwood street; R. Simms, colored, No. 221 East Washington street; R. L. Norris, conductor of the Los Angeles Railway car, and J. Brown, motorman of the Long Beach car.

WOMEN HURT BY ORANGE PEEL.

Both Sustain Fracture of Hips—One, Aged Seventy, May Never Recover.

Miss A. Wallace of No. 125 East Twenty-seventh street, and Mrs. Cynthia Hoffman of No. 2121 Downey avenue sustained fractures of the right hips yesterday by slipping on orange peelings thrown on the sidewalks by careless people.

Miss Wallace was walking east on Second street, between Broadway and Hill streets, about noon, when she fell heavily. Finding that she could not arise to her feet, Miss Wallace accepted the help of a pedestrian to a near-by store. She was taken to the Receiving Hospital, and later to her home.

As Mrs. Hoffman was making her way out of the Pacific Electric building, after returning from Latin station last night, she stepped on a piece of orange peeling and fell.

Dr. Hasig, at whose home Mrs. Hoffman lives, assisted the aged woman to the Receiving Hospital, and at his request she was sent to the County Hospital.

Mrs. Hoffman is 70 years old, and her injury may result seriously.

Important Announcement.

There will still be reduced rates for the round trip to some points via the Gould System. The Denver and Rio Grande and Texas and Pacific R.R. Our lines show you the grandest scenery and has splendid through car service. Our office is at 250 South Spring st., opposite the Orpheum Theater.

HOTEL CLERK ROBS A GUEST.

DETECTIVES ENTRAP EMPLOYEE OF ST. ELMO HOSTELRY.

Series of Thefts at Place Lead Police to Carry Out Successful Plan That Results in Capture of Thief While He Was in Act of Stealing Money from Lodger.

Marked money, two detectives waiting in the hall, and a lodger expecting to be robbed, put an end Saturday night to a series of bold thefts in the St. Elmo Hotel. Charles H. Phillis, the night clerk, went to jail charged with grand larceny—as the sequel of a bit of melodramatic police work.

For three months past, the police say, reports of robberies have been coming from the hotel. The detective department at the Central Station detailed men to work on the case. A lodger was sent to the place Saturday night, and in his possession was placed a sum of money, all marked. Before the arrival of the lodger the hotel was visited by two detectives. These secreted themselves in a room.

The lodger had instructions to feign sleep and to shout as soon as he felt any one robbing him. The officers believed that the night clerk was following the guests to their rooms and taking their money.

The instructions were carried out. Phillis gave the man a room. After the pseudo victim had retired, shamming sleepiness, the night clerk stole into the apartment. Cautiously he reached beneath the lodger's pillow and took the money which had been placed there. At once the "sleeper" raised the roof with his cries. The officers rushed into the room and seized Phillis. On his person they found some of the coins which they had marked. Grand larceny was the charge made at the station.

FREE FREE

ALL APPLICANTS IN PERSON AT THE LOS ANGELES MEDICAL INST., ROOMS 400-402 REMICK BLDG., FOURTH FLOOR, ENTRANCE NO. 517 SOUTH BROADWAY, UP TO SEPTEMBER 30TH, WILL RECEIVE EXPERT TREATMENT FREE OF CHARGE UNTIL CURED. OUR OFFICES ARE ON THE FOURTH FLOOR. TAKE ELEVATOR.

We Cure Catarrh, Deafness, Ear Noises, Asthma, Throat, Lung and Blood Diseases.

If you are a sufferer from catarrh, deafness, ear noises, asthma, bronchitis, etc., you naturally want the most expert specialists to treat your case. You do not want to trust your health to the hands of amateurs. You feel that the best is none too good for you.

We believe so. The Los Angeles Medical Institute, situated on the fourth floor of the Remick building, No. 517 South Broadway, stands the test of time. We have been here for nearly three years, and today have the largest practice on the Coast. Advertising alone would not give us the business we are now doing. We are good enough judges of human nature to appreciate the fact that meritorious service is the best and most permanent foundation for success. If we give better service at lower cost than any other specialist, we shall secure, by perfectly logical and common sense methods, what is virtually a franchise from the public to treat all cases of catarrh troubles. A franchise based upon public approval and preference is stronger and more enduring than can be secured by legislative enactment, and it is this sort of a franchise obtained in this way that we have earned and propose to keep.

SPORTING PAGE.

CORNELL AND CAMBRIDGE.

Contest Between These Crews Is Possible.

Race With Yale Would Not Arouse Interest.

Harvard's Style Too Much Like English.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, Sept. 16.—[Exclusive Dispatch.] Capt. Frank Beddington writes to the Times correspondent: "I have noted a cable dispatch from New York which speaks of the prospect of Yale trying to arrange a match for next year with either Oxford or Cambridge. Although this would be an exceedingly popular event, it is difficult to imagine that public interest here would be the same as it was in the recent contest.

What would arouse national enthusiasm to a far greater extent would be a race between Cornell and the Cambridge crew that defeated Harvard. It is easy to see the reason in favor of this. First of all, as regards the projected match with Oxford or Cambridge, nothing could be done till after the inter-university race here next spring, as it would not please us much to see a beaten crew compete in a race that is almost international, therefore the challenger would have to be thrown out to the winners of the English university race. That delays negotiations until after next April.

"Now Cornell has beaten Harvard this year. Cornell rows in the American style. Cambridge is a representative English university crew. It holds the unbeaten certificate and could scarcely, after recent events, refuse to row Cornell. This race would rather settle the question of style in rowing. Which is best, the American or the English style? The recent contest did not prove much as the style of the Harvard boys closely resembles that of Cambridge."

GOOD GOLF PLAY.

A. A. Fries, Who Got in Tournament at Small Handicap Runs Away from E. T. Pettigrew.

Play in the President's Cup handicap golf tournament was brought down to the semi-final round yesterday at the Los Angeles Country Club, two hard-fought matches being played and decided. A. F. Morlan defeated W. A. Barker 3 up and 1 to play, and A. A. Fries defeated E. T. Pettigrew, 5 up and 4 to play. This leaves Morlan, Fries, S. G. Wilson and J. O. Cobb to fight it out for the trophy in the semi-finals and final rounds. All of these players have shown up well throughout all of their matches in the preliminary rounds, which have been marked by exciting play that bear testimony to the clever handicapping of the Green Committee, and the concluding matches between them will bring out some interesting golf.

Perfect weather gave the golfers a chance to show what they could do yesterday, and the first of the large and enthusiastic crowds that have followed the play around the links was on hand to applaud their fine work. The matches from now on to the close of the tournament will bring out a majority of the club's enthusiasts, and a close hard fight is expected. The matches in the semi-final round will consist of eighteen holes as in the earlier rounds and will have to be completed by September 24. The finals will not have to be run off until the 8th of October, and will consist of thirty-six holes.

O'BRIEN PROBABLY LOST.

Foxy Pug Signs for Big Scrap in San Francisco and May Then Go to Australia.

The fight fans will certainly feel disappointed that Philadelphia Jack O'Brien could not be induced to come here and fight Tommy Burns for the October date of the Pacific Athletic Club, for he is one of the best drawing cards of the country; one of the best fighters and one that hundreds of local sports would like to see in action here. Manager McCarey has been holding off a match for Burns for a long time in the hope that he could get O'Brien, but Jack evidently thinks he is good enough to be coaxed a little, and as McCarey could probably not see his way clear to offering a very big purse for Burns and O'Brien, Jack has postponed his Australian trip in the expectation of Coffroth coming through.

Something like forty-five rounds will easily settle the dispute between Berger and O'Brien, and should Jack win he will doubtless go on to Australia and take a chance at Squires. If he gets away with the kangaroo he might feel swelled up sufficiently to challenge Jeffries to come out of his alfalfa patch and win the big bug championship again. Still, Jack would sing low and sweet if he looked at Jeff. It is bad for the cause of sport that Jeff should be on the retired list, for there are all kinds of claimants for the honor he gave up. If he should come out again it is a cinch that every known running record would be broken by the present heavy aspirants hot-footing it for the tall timber.

Minor Baseball.

One of the liveliest amateur baseball games of the season was played at Santa Monica yesterday between the Reliance team of Los Angeles and the Santa Monicas. At the end of the ninth inning the score was a tie, each team having sent six men around the bases. In the tenth inning the Reliances went to bat and failed to score. Santa Monica, with two men out and two strikes on the man at bat, succeeded in scoring the run that won the game. The batteries were Bodkin and Bolton for Reliance; Prager and Kent, and Ingham for Santa Monica. Santa Monica is again open to a challenge for a game at the beach next Sunday afternoon.

Let Seattle Slide.

If the Seattle team is so crazy to get back in the Dugdale bushes of the Northwest League, why don't the Pacific Coast League let 'er go. The kind of ball those fellows get up there is too ripe for their blood, and the cast-off suits them better. As long as they wouldn't pay any more to see Oscar Graham, Nagle or Hitt pitch than they would to see Bunny Goodwin or Toren, the town should be dropped back to Dugdale. Throw off all this excess baggage, Mr. Bert. Overnight selling skates have no chance to run one-two-three in stake events, anyway, and they are always liable to stumble in the stretch and trip up a real live one.

Dolgeville Team Defeated.

The Western Arms and Hardware baseball team defeated the Dolgeville nine by 7 to 6 in a game played yesterday at Dolgeville.

Mainsheet, 2:07¾, Al Thomas Up.

LOS ANGELES CAPTURES ONE.

SLAUGHTER YOUNG HOPKINS FOR SEVENTEEN SWATS.

Oakland Makes a Big Collection of Eleven Errors in First Game and Comes Back in Second With Five. Seattle and San Francisco Both Win Double-Headers.

[BY THE ASSOCIATED PRESS—P.M.]

OAKLAND, Sept. 16.—Los Angeles and Oakland broke even today. In the morning game Oakland's errors equalled the hits. The afternoon game was a tie up to the tenth, when Oakland bunched hits and won out. Score:

FISHER BUMPED HARD.

LOSES DOUBLE HEADER.

[BY THE ASSOCIATED PRESS—P.M.]

SEATTLE, Sept. 16.—Seattle took two games of a double header from Fresno today. Fresno had the lead in the first up to the ninth, when Seattle tied, O'Banion becoming nervous. McGregor finished the game, but Kane and Van Buren got timely hits, bringing in the winning run. Hoag was hit hard at critical moments, and Garvin was effective when he had to be. Score:

First game:
Seattle, 7; hits, 13; errors, 2.
Fresno, 6; hits, 11; errors, 3.
Batteries—Jones and Blankenship; O'Banion and McGregor and Hogan.

Second game:
Seattle, 4; hits, 5; errors, 4.
Fresno, 2; hits, 5; errors, 2.
Batteries—Garvin and Hansen; Hoag and Dashwood.
Umpire—Derrick.

SEALS GRAB TWO.

STOP PORTLAND'S RUSH.

[BY THE ASSOCIATED PRESS—P.M.]

PORTLAND, Sept. 16.—San Francisco took both games today through the inability of Portland to bunch their hits. Scores:

First game:
Portland, 3; hits, 5; errors, 6.
San Francisco, 6; hits, 8; errors, 2.
Batteries—Califf and Carson; Welch and Wilson.

Second game:
Portland, 5; hits, 7; errors, 2.
San Francisco, 6; hits, 6; errors, 6.
Batteries—Moore, Henderson and Carson; Myers and Spies.

STATE LEAGUE BALL.

SAN JOSE IN THE AIR.

[BY THE ASSOCIATED PRESS—P.M.]

STOCKTON, Sept. 16.—In the fourth inning, with the score 1 to 0, in favor of San José, Stockton at bat and the bases full, Arrelanes made a balk, forcing in a run. Mayer and Steffani went up in the air and called their men off the field. Umpire Hodson pulled his watch at the expiration of the time limit and forfeited the game to Stockton, 9 to 0.

The visitors, however, were prevailed upon to finish the game in view of the fact that there was a record-breaking attendance. The final score was 5 to 4, with the champions on the long end. Joe Corbett did the slab honors for Stockton, and held the visitors down to four hits. Score:

Stockton, 5; hits, 11; errors, 2.
San José, 4; hits, 4; errors, 4.
Batteries—Corbett and Conrad; Arrelanes and Kent.
Umpire—Hodson.

AMERICAN LEAGUE BALL.

ALTROCK IN FINE FORM.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Sept. 16.—Chicago shut out Detroit, 2 to 0, here today, in a fast pitcher's battle. Chicago scored one in the third on a pair of singles and a sacrifice. Another run came in the eighth, on a force-out, single and double, and the visitors' only misplay. At no stage of the game did the visitors get a man past second base. Score:

Chicago, 2; hits, 4; errors, 0.
Detroit, 0; hits, 5; errors, 1.
Batteries—Altrock and Roth; Selver and Schmidt.

ANOTHER SHUT-OUT.

[BY THE ASSOCIATED PRESS—P.M.]

ST. LOUIS, Sept. 16.—Cleveland defeated the locals today 2 to 0. Howell, who opposed Bernhardt, lost his game through wild pitching in the first and sixth innings, when the visitors scored their only runs. Score:

St. Louis, 0; hits, 3; errors, 1.
Cleveland, 2; hits, 7; errors, 1.
Batteries—Howell and Spencer; Bernhardt and Clarke.

NATIONAL LEAGUE GAMES.

CHANCE'S MACHINE WORKS FINE

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Sept. 16.—The locals closed their home season today with an easy victory over Pittsburgh. Hildebrand pitched a clever game, but received poor support, wild throws by Leach and Myer giving Chicago four of the runs. Score:

Chicago, 5; hits, 7; errors, 0.
Pittsburgh, 1; hits, 6; errors, 3.
Batteries—Pfeister and Moran; Hildebrand and Peitz.
Umpire—Conway.

ESSICK MAKES GOOD.

[BY THE ASSOCIATED PRESS—P.M.]

CINCINNATI, Sept. 16.—The Cincinnati team won the first and tied the second in the double-header with St. Louis here today. Scores:

First game:
Cincinnati, 2; hits, 6; errors, 1.
St. Louis, 1; hits, 9; errors, 4.
Batteries — Ewing and Schlei; Rhoades and Marshall.
Umpire—Klem.

Second game:
Cincinnati, 2; hits, 5; errors, 1.
St. Louis, 2; hits, 4; errors, 2.
Batteries — Essick and McLean; Thompson and Noonan.
Umpire—Emslie.

AMATEURS DOUBLE-HEADER.

Two Exciting Games at the Chutes Furnish Plenty of Ball for Small Bunch of Fans.

The Southern California League played two exciting games yesterday afternoon at Chutes Park before a fair-sized crowd and the fans got all they wanted in the way of rooting, for some of the enthusiasts never did stop yelling. In the first game the Hoegees beat the Riveras by a score of 2 to 2, and in the second the Morans walloped the Keystones 5 to 0. Rivera made their two runs easily off a single, a double steal, two wild pitches and a fielder's choice, on which both men were safe. The Hoegees made theirs on two errors, a wild pitch, a triple and a long fly to center.

For the second game the Morans appeared in new uniforms, and cut quite a dash in the atmosphere. They had 1 to 0 the best of the game to the eighth inning, and then the Keystones went into the air and four more runs resulted for the Morans. The bad part of the games was the fierce umpiring of Colbath and Ritter, and the most amusing thing was the scheme of the third baseman for the Keystones, who sat down in the eighth inning when the first baseman threw the ball to him in the attempt to catch a runner. The ball went over the baseman's head, and several runners tore into the plate.

There will be no amateur game at the Chutes next Sunday, for the Fats and Slats will use the ground for their benefit game for one of the local charities.

Studied Eastern Standards.

Kinter Hamilton, faculty director of athletics at Harvard School, Los Angeles, has returned from Philadelphia, where he gathered statistics relating to amateur athletics, at the University of Pennsylvania, with a view to applying them to Harvard School and Y.M.C.A. athletics here this fall and winter. Mr. Hamilton is a member of the district committee of the Pacific Coast division of the Athletic League of North America which comprises the athletic affairs of the Y.M.C.A. When the committee meets, Hamilton will present a report detailing the result of his investigations. Eastern methods will be culled for the best ideas to apply to the Coast. Mr. Hamilton also took a summer course in law at the university.

How Seattle Boosts.

Here is the way the Seattle Times boosts the Seattle club in a recent issue: "Is it loyalty to the club that represents their city, or are the fans suckers, to support a second-division or tail-end team season after season? It is the same gag with all these phony outfits. Each spring the manager and owner begin to shoot the bull con about what the team is going to do the coming season."

Swimming Pool Is Closed.

The swimming pool at the Y.M.C.A. gym at No. 833 South Spring street was closed Saturday afternoon to permit workmen to overlay the space with a new floor to be used in gymnasium work. Shower baths will be installed in the place of the pools and the various athletic teams will begin practicing after September 24, when the gym formally will be opened to use.

THOMAS IS EXPELLED.

Famous Driver and Trainer Ruled Off Turf.

Canned Because He Refused to Race His Horse.

Warns Presiding Judge Hoyt to Be on His Guard.

[BY DIRECT WIRE TO THE TIMES.]

SYRACUSE, Sept. 16.—[Exclusive Dispatch.] "Al" Thomas, for more than twenty-five years one of the most prominent figures on the harness turf and widely known all over the country as a leading trainer and driver, was expelled yesterday from the turf for life. The expulsion was announced before the finish of the last heat in the first race, and was received by horsemen in silence. Before leaving the track, Thomas expressed his opinion of the judges in a more forcible language than he used on Wednesday, his abuse being directed mostly at Presiding Judge Hoyt, whom Thomas also cautioned to be on his guard and go about well guarded. The expulsion was the result of Thomas's refusal to start the season's champion trotting stallion, Mainsheet, in the 2:09 event last Wednesday, after the second heat, which he won, but was set back for fouling Ed Greene and Jack Curry.

This is the most sensational case of expulsion in the annals of the harness turf, and will arouse an intense interest among the trotting horsemen and breeders, for Mr. Thomas is a breeder of trotters as well.

WOUNDED BY GUN PLAY.

Los Nietos Lad Gets a Hole Through His Leg When Pistol Is Snapped.

LOS NIETOS, Sept. 16.—As the result of another "didn't know it was loaded" episode a nineteen-year-old youth almost lost his life here yesterday, and now lies with a 38-caliber bullet through his right leg.

The victim is Vétro Lopez, whose family occupy one of the houses on the E. R. King ranch. Vetro and a younger brother were "having fun" yesterday, playing with an old pistol and, after twirling the weapon around playfully, the younger lad pointed it at his brother and pulled the trigger.

The usual result occurred, and when the smoke cleared, the lad saw his brother lying in a heap, bleeding profusely. It was found that the bullet had gone entirely through the limb, near the thigh. Doctors say that unless blood poisons sets in, the lad will recover.

WHITTIERS BEST BATTERS.

The Los Nietos ball team crossed bats yesterday with the Whittier Athletic Association's team, the game resulting in a score of 7 to 6 in favor of the visitors.

TALK INCORPORATION.

SAWTELLE, Sept. 16.—A mass meeting of citizens is to be held tomorrow night at Leed's Hall, and upon the action taken at this time depends whether or not Sawtelle shall at this time undertake to enter upon self-government as a municipality of the sixth class. A preliminary meeting was held a week ago and all who were present, with two or three exceptions, declared themselves in favor of incorporation. A year ago, when an incorporation election was held, the proposition was overwhelmingly defeated; but it is thought now, that should there be an election, the verdict would be reversed. The present plan is to let everybody who believes that he would like to fill a public office to place his name among the nominees. All would go before the electors on an even footing and the honors would fall upon those receiving the greatest number of votes.

Our Motto, "No Misrepresentation"

500 Per Cent. Profit
To Those Who Join Us In This
Real Estate Syndicate

We are personally taking a large interest in this property and offer the balance to investors generally.

We have a contract to purchase a large tract of land that will net us about ten times the amount of our investment when it is improved, watered and subdivided. While our profits from this will undoubtedly be 1000 per cent., yet we only promise investors one-half of that amount in order to be conservative in our statements.

You can invest $100 to $3000 and take out from $500 to $25,000 as soon as the improvements are in and the property resold. The owners of tracts and subdivisions have all become independently rich. Millions have been made by men who bought cheap land and improved it. Here is an opportunity right at your door. Will you take Russell Sage's advice and buy;

The amount we have to raise covers the cost of the land, free and clear of incumbrance, water development and improvements. There will be no debts, future assessments or anything more to pay.

All subscriptions to this syndicate fund are protected and guaranteed by the capital stock of the company that owns the land and the dividends will be paid to investors as fast as they are earned. These certificates will increase in value immediately and any one who needs to draw out their money can sell out at a profit at any time.

There is absolutely no risk.

For business reasons it is not advisable to publish complete information, but we will make all the facts known to intending investors. We have worked a long time to bring this matter to a head and are now ready to develop the natural advantages of the land.

Come and let us lay the ungarnished facts before you; they will bear close scrutiny; this is a simple, straight investment that promises the best returns we have ever known.

CALL ON US OR WRITE

It will be best to see us personally as soon as possible. Out of town investors can send remittances to the California Savings Bank of Los Angeles with instructions to pay it to us for certificates of stock, or, they can write us direct for full particulars by mail.

When we stand behind an enterprise of this character it means something. We do not lend ourselves to questionable schemes. If you do not know us we can refer you to our banks and numerous clients who will vouch for our reliability.

AT THE CITY'S

EAGLE ROCK.

The Eagle Rock Water Company is pushing the work of laying water mains from the reservoir down Sycamore and Central avenues. Until the completion of grading work on Colorado street, the laying of water mains on the northern side of the valley will be delayed. Colorado street is being graded as a boulevard 120 feet wide, with double car track running down the middle. It will probably be sixty days before the completion of the work.

Recent sales of lots in the Kenilworth tract as reported by the Edwards and Winters Company include the following: To D. E. Luther, lots 43 and 44, being the northwest corner of Las Flores Drive and Kenilworth avenue, 100x185 feet; consideration $[illegible]. To C. L. Wiles, lots 45 and 46, 100x185 feet, on the west side of Kenilworth avenue; consideration $1500. To J. W. Lamson, lot 50, 50x185 feet on the west side of Kenilworth avenue; consideration $750. EAST LOS ANGELES.

Eastlake Camp, No. 530, Woodmen of the World, will meet Tuesday evening in the hall at No. 2500 Pasadena avenue which was built by George Schleicher for lodge purposes. The hall will be dedicated the first Tuesday in October. At that time a number of prominent speakers from other camps will address the gathering to which all Woodmen are invited. Fred W. Hauser, who will make the welcoming address, will be followed by T. Clinton Veale of Pasadena, who will speak on "The Objects of Woodcraft;" Peter F. Gilroy, late organizer, "The History of the Jurisdiction;" W. O. Morton, "Woodmen of the World;" R. D. List of Highland Park, "Our New Forest;" J. H. Clarke, a charter member, "The History of the Camp." A special musical programme has been arranged for the evening. The camp has 353 members.

J. B. Rogers of the East Side Federal Bank has returned from a vacation spent on Mt. Wilson. Alma Dodge of the same bank has returned from Catalina.

Drs. F. M and E. B. Arnold have been guests during the summer at the home of their father, J. W. Arnold, of No. 2620 Downey avenue. They left last Thursday for their home in Mexico.

Last Monday evening a surprise party was tendered the Misses Edith and Ethel McCormick at the home of Mrs. Adams on Downey avenue. Music and games furnished the amusements.

Several improvements have recently been made in the East Side Baptist Church. The most important is the addition of the new Sunday-school room.

Mr. and Mrs. Bott of No. 120 Avenue 23 have returned from an outing in the San Bernardino Mountains.

Rev. J. A. Smith, pastor of the East Side Christian Church, has gone to Buffalo, N. Y., to attend the national convention of the Christian churches. Rev. Cal. Ogburn is occupying the pulpit during his absence.

Miss Alice B. Korn and Walter B. Hatch were married Tuesday evening at the home of Mrs. Simpson, No. 3513 Arroyo Seco avenue. Rev. W. M. Sterling officiated.

Mr. and Mrs. A. Poole of North Hancock street have returned from a two weeks' outing at Catalina.

Members of the Wednesday Morning Club of the East Side Congregational Church are working hard to finish a quantity of winter clothing to be sent to San Francisco refugees before the cold weather begins.

Mrs. R. W. Drumgold of No. 137 North Gates street returned from Catalina Wednesday.

Mr. and Mrs. Frank B. Sturge of North Sichel street have returned from Venice, where they spent the month of August.

The East Side Congregational Church has contracted for a large pipe organ to be placed November 1.

Monday morning a burglar entered a barn in the rear of David Smart's residence on Pasadena avenue and Avenue 39 and stole his two large automobile lights which were attached to the machine. A number of homes on the East Side have recently been entered. The thief has not been caught.

HIGHLAND PARK.

Occidental College opened Wednesday morning with a large enrollment. The remainder of the week was occupied with the work of registration and the prospect is for the best school year ever. College yells and songs have made the welkin ring nightly and the voice of the undergraduate is heard in the land. Several of the more enthusiastic students have donned football suits just to show the desire in their hearts to win for the Presbyterian college. The Y.M.C.A. of the college held a reception in the association rooms Friday afternoon for the new students.

UNIVERSITY.

The Women's Auxiliary of the University of Southern California held its first regular meeting of the year Friday afternoon when the committees having the lunch room and banquet hall made reports. It was reported that $1000 will be required to finally complete the improvements planned; $500 of this has already been secured through a loan from A. J. Wallace and the second $500 will be secured later. After discussing plans for repaying this $500 it was decided that each member should undertake to secure $15. This will be done by getting new members, by solicitation and by the individual earnings. At the next meeting an interesting feature is to be an experience meeting when the ladies will report their progress along this line. Mrs. A. B. Armstrong, the president, has already secured $162 to apply on this indebtedness. The Auxiliary expects to be ready to serve meals by the end of this week. The management of the lunch room is in the hands of Mrs. Bennett, who formerly conducted the cafeteria of the Los Angeles High School. Mrs. Best, the dean of women, was present at the meeting, and Mrs. Greer, the new matron of the girls' dormitory, was presented.

From nearly every State in the Union, students have arrived at the University of Southern California, or have sent letters and telegrams notifying of their early coming. Miss Nellie and Miss Mabel Vale came late Saturday night from Indianola, Iowa, and are staying at the girls' dormitory.

The boys' boarding club in Hodge Hall will begin operations this morning. Frank Bunker is steward of the club and he expects to furnish good meals at a cost of $2.50 per week.

On Tuesday of next week Bishop Moore will be present at the chapel exercises. He is holding conference in San Diego this week.

Austin Gates of Alhambra registered Friday. The athletic enthusiasts are especially well pleased with this in view of the fact that Occidental had previously announced that he would be one of their strong men in baseball circles. He is a graduate of the High School and enters as a full-fledged freshman.

Many have already taken advantage of the coming of Prof. Von Fingerlin, and have registered for special language courses. Several of these are well known musical people of the city who wish to pursue Italian or some other modern language.

Grief over the death of John E. Milliken, the venerable janitor, is general among the students. He was much liked by all and having held the position ever since the establishment of the university, was considered a part of it. Dr. Healy conducted the funeral Friday afternoon, at the family home at No. 818 West Thirty-seventh street, and interment was made at Rosedale.

HIGHLAND PARK.

A meeting will be held in Wood's Hall tonight to consider a proposition submitted by the Los Angeles Railway Company to build a line through the New York Valley. This section is being built up so rapidly that transportation facilities are much needed.

The Misses Canfield and Clapp of No. 5320 Pasadena avenue entertained a number of Occidental students at breakfast Wednesday morning.

A corps of surveyors from the County Surveyor's office is at work on the county roads at West Avenue 50 and city limits, prepartory to the grading and improving of the roads around Mt. Washington. This new suburb is growing rapidly.

The Rev. John Brann of Everett, Wash., preached in All Saints' Church yesterday morning.

Mrs. Patterson of No. 123 West Avenue 52 enetrtained the K.U.M. Society at dinner Friday evening in honor of her son, who has returned, after a three months' absence.

The Los Angeles Methodist Seminary, on Mt. Hermon, has started on its third year. The number of students is larger than ever.

Thomas Bradley of No. 121 East Avenue 52, who sustained internal injuries and a sprained ankle in the Sea Cliff wreck on the Southern Pacific Railroad is now able to be about.

Rev. G. C. Butterfield, Presbyterian Sunday-school missionary, has installed a portable chapel at Avenue 28 and Huron street. The Presbyterian Church has provided a number of these portable buildings for use in rapidly-growing sections of the city, and this one opened by Mr. Butterfield is the first to be started. Ninety members have already been enrolled.

SUES FOR SIGHT.

Pleasant Way Pleasant Pays for His Cure of Malaria—Says Quinine Made Him Blind.

A novel suit involving damages to the extent of $75,427 has been brought against the Southern Pacific Company in the Superior Court of San Francisco, George W. Pleasant, a former employé of the company, alleges that while in the charge of the Sisters' Hospital of Los Angeles, where the Southern Pacific sends its patients in this city, he was given large overdoses of quinine that have resulted in making him practically blind.

Pleasant was taken to the Sisters' Hospital on January 24 last at the instance of the company, and remained there a little over one month. He was suffering from malaria, and it is alleged that those who had charge of him gave him quinine during this time in such quantities as to bring on the trouble that is now affecting his eyes. While the treatment was successful in driving out the malaria to a certain extent, Pleasant is unwilling to pay for his freedom from it with the loss of his eyesight, which he values at $75,427 above the cost of his cure.

DRINKS POISON, SHOOTS SELF.

Middle-Aged Man Ends Life in His Home and Body Is Discovered by Tenant.

J. E. Ohde, a middle-aged man, swallowed laudanum, and then shot himself through the head in his home, at No. 2230 Enterprise street, where he has for a long time lived alone. The suicide took place Saturday night, and was discovered yesterday afternoon. The man's body lay across his bed. No motive is known for the deed.

Ohde was a widower. No children are known to be living. He had lived in Los Angeles a number of years, and was comfortably well to do. He owned the cottage where he lived, and also another nearer the street, and which is occupied by A. Mendoza and wife.

On Saturday Ohde was apparently well and cheerful. Yesterday he did not appear, as usual, and Mrs. Mendoza became anxious in the afternoon, and looked through a window. She saw the body and notified the authorities. Undertaker's assistants found the corpse with a revolver clutched in the left hand, a bullet hole in the side of the head, a laudanum bottle, half full, beside the bed. No one had heard the shot.

The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming headache, neuralgia and distressing pains of all sorts. I have used them for the past seven years in this capacity with the best of results."
MRS. JOE MERRILL, Peru, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

ROARING DRUNKS STRIKE COUPLE.

INTOXICATED DRIVERS ARE JAILED IN PASADENA.

Charged With Having Run Down Aged Man and Woman at Lamanda Park in the Evening Yesterday. Benedicts Defeat Bachelors in Elks' Lodge Baseball.

Office of The Times, No. 34 S. Raymond Ave.

PASADENA, Sept. 16.—Harry Ranson and E. T. Smith, teamsters, are locked up in the City Jail with a charge of drunkenness against them and the chance of having to face a more serious charge. The men, who are employed by J. B. Myers of No. 150 South Delacy street, are charged with having run down an aged man and woman at Lamanda Park late this evening.

Smith has been employed at Sierra Madre for two days on a contract for Myers, and, in company with Ranson, was returning from that place late this evening. The men stopped at Arcadia, where they imbibed several drinks and then started home in a hilarious mood. They were driving one of Myers's horses hitched to a light spring wagon. After leaving Lamanda Park they drove rapidly and ran against the aged couple who were walking along the road. The man was thrown to the ground and seriously hurt. The woman had a narrow escape from injury.

The victims were at once put on board a Pasadena car and sent in to this city for medical treatment, and the police department was notified of the affair. Detective Copping was sent out and at Lake avenue he met the men coming in. They were both very noisy and were shouting and singing at the top of their voices. They were taken to the Police Station and booked on a charge of drunkenness and the horse and wagon was sent home.

The victims of the accident did not call at the Police Station neither did they go to the Pasadena Hospital, and the officers were unable this evening to learn either their identity or the extent of their injuries.

BENEDICTS BEAT BACHELORS.

The benedicts defeated the bachelors of the Elks' Lodge by a score of 17 to 13 in a spirited game of baseball on Myers's field this afternoon. Although there were times when the fielders on the opposing teams had difficulty in holding onto the ball and though the batters fanned out more frequently than is usual in games of baseball, some very exciting sport was furnished and the spectators seemed very well satisfied.

There has been much rivalry between the married and single men of the lodge concerning their respective abilities as ball players and the supporters of each side made sundry threats as to what their men were going to do to their opponents. When the game was called the teams started in with the intention of annihilating each other and the play was fast and furious while it lasted.

The line-up of the opposing teams follows:

Benedicts, Bachelors.
Robert Lacy, first base, T. D. Nestor
Arthur Smith, second base, H. Gaume,
Frank Spier, third base, Max Hughes,
Harvey Miner, shortstop, G. Scaby,
James Henry, right field, Dodge.
Walter Austin, center field, Abbott,
Harry Kemp, left field McDowell,
Eugene Kohler, pitcher, Fred Ryan,
Ed Abbott.
Charles Knight, catcher, Charles Foy.

PASADENA PERTINENCIES.

The Pasadena baseball team went down to defeat this afternoon before the Tufts-Lyons team of San Pedro. The score was 8 to 1 and the game was played on the San Pedro club's ground. The home players had every hope of carrying off the palm of victory, but the conditions were against them and they suffered defeat. This puts the Pasadena team in third place again, but the players are confident that they will be able to make up the lost ground in short order and they are determined to carry off the pennant if it be within their power.

There is talk of moving the Board of Trade from the rooms at present occupied to the large store further west now occupied by the candy store. There are two objects in making the move, and if the directors are able to secure the room wanted the change will probably be made in the immediate future. The present quarters of the board are not as large as they should be and furthermore it is thought that the proprietor, Ryan's cigar store, may be induced to move into the vacated building for the time being. The place now occupied by the cigar store is much needed by the postoffice and if it is not secured it will be necessary to have the Federal offices moved to some other site.

C. M. Richmond, the new assistant secretary of the Y.M.C.A., took up his duties yesterday morning. Last night the members of the association turned out in force to welcome the new official and a jolly time was enjoyed. Mr. Richmond will devote a large part of his time to the younger boys of the Y.M.C.A., a branch of the work for which his training especially fits him.

The following guests are registered at Switzer's Camp: Miss Baldwin, Pasadena; Miss Mason, Pasadena; Mr. and Mrs. W. S. Gilmore, Riverside; Mr. and Mrs. A. O. Lowenkrout, Riverside; Brooks Lowenkrout, Riverside; F. G. Davis, Sunset Beach; M. P. Conway, Los Angeles; Davis Conway, Los Angeles; L. von Krassow, Los Angeles; Fred L. Rohrig, Pasadena; Stewart Rohrig, Pasadena; Austin Rohrig, Pasadena.

C. F. Hillis, who was shot in the leg by Tom Hawkins while enjoying a spree a few weeks ago, again imbibed too heavily of the cheering cup today and landed in the City Jail with a charge of drunkenness against him. Hillis has not recovered from his injuries yet and still walks with a pronounced limp. As there was no hospital at the Police Station, he was locked up in a cell until he shall have had an opportunity to sober up somewhat.

All efforts to discover the identity of the man or men who entered the house of Mrs. Fisher on Locust street yesterday morning have proved futile and the crime seems likely to remain a mystery. Although the marauders left in a hurry they failed to leave any trace behind them by which they could be identified, and the police detectives have been working in the dark. The bracelet which was stolen is of peculiar workmanship and the officers hope that they may find it in some pawnshop and thus be able to trace the guilty parties.

Services were resumed today in the Universalist Church. So many of the members of the congregation were out of town during the past month that it was thought best to discontinue the church services until the cooler weather set in. The church was well filled today, however, to welcome the pastor back, and the outlook for the coming winter's work is thought to be encouraging. The topic of the pastor's sermon was "The Need of Religion in Our Life Today." The subject was handled in an interesting manner, and the pastor cited many circumstances to show the need of a practical religion in the ordinary business of everyday life. From now on the services will be held every Sunday at the usual hours.

The Social and Dramatic Society of St. Andrew's Roman Catholic Church will present "The Prince of Liars," by Sidney Grundy at St. Andrew's Hall, Fair Oaks avenue and Walnut street, next Thursday evening. The members of the society have had the play in preparation for some time, and have spent much time and study in arranging for a production that shall surpass any of their former endeavors. The performance will be for the benefit of the society.

Ex-City Attorney John C. Fitz Gerald is confined to his home by sickness. He has been ill for several days and at present unable to leave his bed. Mr. Fitz Gerald has not been in the best of health for some time, and his age and the vast amount of work that he has had to transact of late are responsible for his present breakdown. It is not thought that his illness will prove serious.

Last evening at the home of the Rev. A. W. Lamport on South Euclid avenue Miss Mamie Fehr became the bride of Clyde Echenrode. Miss Fehr is a member of the J.O.C. Club of the First Methodist Church, while Mr. Echenrode is a member of the "Minute Men" of the same religious organization. The young couple will be at home after October 1 at their new bungalow on North Euclid avenue.

Mrs. J. K. Vlier of Burton Court has been called East by the death of her father, A. K. Trueman of Lansing, Mich.

Miss Ludwici of North Orange Grove avenue left last evening for Philadelphia, to be gone several weeks.

Mrs. F. O. Johnson of Montague, Mass., is a guest for an indefinite time of Mrs. Edwin F. Fowler of Eureka street. Mrs. Johnson is making an extended tour of the States.

Mrs. E. Burke and Mrs. A. H. McHuron and little daughter, Kathleen of Berkeley, are guests of Mrs. C. W. Edwards of No. 816 North Fair Oaks avenue.

Mr. and Mrs. W. F. Wright and three sons of North Los Robles avenue returned last evening from a fishing trip to Catalina.

Mr. and Mrs. R. Evans Peterson of Markham avenue have gone East to spend the months of October and November.

Mrs. Lutie Wright Benton of Congress Place, accompanied by her father and son left last evening for a few weeks at Venice.

Mr. and Mrs. Allen M. Ripley of North Marengo avenue have returned from a three months' visit at Colorado Springs, Colo.

Mr. and Mrs. Frederick W. Austin and Miss Ethel Austin of South Orange Grove avenue departed yesterday for a week's outing at Sunset Beach. Miss Gladys Gardner accompanied them as the guest of Miss Austin.

Fountain pens. Morris-Thurston Co. Wadsworth sells paints.

MONROVIA TROLLEY PROSPECTS.

MONROVIA, Sept. 16.—H. E. Huntington and party came to Monrovia yesterday in the private car, El Peregrino. It is hoped that his visit presages the construction of a much-needed loop northward through the city to the more elevated sections, and thence west and south to the main line. The Pacific Electric Company owns franchises enabling it to make this improvement in service at no cost, but for construction. Some months ago a Board of Trade committee requested Mr. Huntington to complete the loop this year, and, also to extend a spur into the cañon. He assured the members of the committee that inclusive extensions had long been planned for Monrovia and that they would be completed as soon as conditions justified. He also promised to give the request his personal attention. It is deemed probable that a loop will be built within the coming year.

Promises and prophesies of realty dealers made earlier in the season, however extravagant they may have seemed, will be eclipsed if the pace set during the past three weeks continues. One of the notable sales yesterday was when P. A. Slosson, acting for Colin Stewart, sold to John Regan thirty-six feet frontage on Myrtle avenue between Lime and Lemon; consideration stated, $6380. This property was sold two years ago for $1500 and at the present purchase price is considered a good bargain as realty on Myrtle avenue in the business section is selling readily at $150 per front foot. A transfer, marking the exit of the orange groves in Monrovia, is the sale of "Idyllwild," a ten-acre ranch on Mayflower and Banana avenues, by W. E. Pile to Bogardus and Nason; consideration stated, $22,500. The new owners will improve and subdivide. The house on the property cost $15,000 when it was built a few years ago. W. H. Evans sold to J. F. Bumiller of Los Angeles, two acres fronting on J. I. C. avenue north of White Oak; consideration named, $3500. This tract will also have frontage on the new avenue which will be opened northward from White Oak. M. J. Esberger sold three lots in the Highland View tract facing on White Oak avenue to John C. Rupp; consideration, $2500. The purchaser will build two houses costing $8000.

In the special car, El Amigo, S. W. Mack left yesterday for Santa Ana where he will visit relatives. For a decade Mr. Mack was superintendent of the Associated Press in New York City. Over a year ago he suffered a nervous break down and for several months has been at the Pottenger Sanitorium.

TOLD AT OCEAN PARK.

OCEAN PARK, Sept. 16.—Pathetic is the case of T. J. Hayes, an old man who recently came to the beach from Rialto for his health, and is dying from senile debility at his apartments. Upon arrival here he rented a room, and soon afterward fell so ill that he was unable to let it be known that he he was either sick or suffering. Being 67 years old and in delicate health, his condition was made critical by reason of the neglect of proper or any care and attention when he was first taken sick. Hayes has a son-in-law in Rialto, but came to the beach alone. His former home was in Kansas.

City Engineer Chapman is endeavoring to determine the most effective method for the protection of the beach south of the recently completed bulkhead on Short Line Beach. It was here that the high tides of early spring wrought such havoc, and, unless some further measures of protection are taken, it is feared that when the tides are again heavy there will be further injury to interests along shore. An extension of the present bulkhead is under contemplation, and it is probable this will be reinforced with short jetties. The Center-street pier will probably also be converted into a jetty.

The Community League yielded up the ghost at a special meeting held Friday night. Upon motion of the creditors, the obligations were declared liquidated and a motion prevailed that a meeting be held next Friday night for the purpose of organizing a new association for the purpose of assisting in the development and upbuilding of the beach.

SCOURING WORLD TO FIND HEIR.

LONG BEACH WOMAN HAS A FORTUNE IN SIGHT.

Red-Letter Day for the German Lutherans in the Seaside City. Pastor Installed for the Rapid-Growing Congregation—Plans Completed for a $20,000 Sanatorium.

LONG BEACH, Sept. 16.—Mrs. W. T. Nichols of No. 805 East Ocean avenue has returned from a visit to Wales, where she went to look after her interests as one of the heirs of the Llewellyn estate, which has been in chancery for over fifty years, and which is estimated as worth $5,000,000 to each of the heirs.

The Llewellyn family in this country has kept informed for the estate, but as several important documents were missing none cared to expend the money required to fight for it. Three months ago, Mrs. Nichols received information which caused her to make a hurried trip to Wales and resulted in the finding of the missing papers.

A member of the family married a second time and his wife secured the papers and, because she disliked her step-children, refused to surrender them when needed. In time she died and the widower again married and the third wife acted precisely as her predecessor. Four months ago she died and in looking over her possessions the missing links in the evidence needed were located. It was by the merest chance they were not destroyed and Mrs. Nichols securing them delivered them to the Llewellyn lawyer.

The only obstacle now remaining is the location of a brother, William Llewellyn, who ran away from home when a boy. He was for several years in China, but is now somewhere in Australia. Inquiries will be made by English consuls and the family hopes to locate him soon and then secure a final settlement of the estate. Though Mr. and Mrs. Nichols are not lacking in this world's goods, the nest egg of five million is not to be sneezed at.

TOLD BY THE WAVES.

Today was a red-letter day for the German Lutherans in this city. Eighteen months ago a few members built a neat church on East Seventh street and services have been held by Rev. P. E. Block of Los Angeles. Steadily the congregation has grown until they felt they were able to support a minister of their own. Today Rev. A. Wyneken was installed. This afternoon Rev. Hansen of Pasadena conducted the services, which were held at the Presbyterian Church, and attended by many visitors, from Los Angeles, Pasadena and Orange. Music was furnished by a choir from Los Angeles and an orchestra from Pasadena. The ladies served lunch to the visitors at noon.

Plans have been completed for Dr. M. A. Stutz's new sanatorium and construction will begin in two weeks. The new structure, which will be located just east of Hotel Riviera, will be three stories high, contain forty guest rooms, besides laboratory and rest rooms. The cost of the building will be $20,000.

The retail merchants of Long Beach have effected a permanent organization to promote the common interests of its members and elected as officers, president, W. F. Pascoe; vice-president, W. H. Wise; secretary, W. C. Smith; treasurer, J. A. Carter. These, with H. S. Callahan, N. C. Wilson, William Harnett and L. L. Chambers, form the board of directors.

The city of Long Beach, by virtue of the Municipal Corporation Act of the State, which gives it the right to deepen, straighten and widen streams and their channels within its territory, and remove obstructions therefrom, claims that its consent to the proposed drawbridge of the Salt Lake road over Cerritos Slough is necessary and as it has not been asked nor plans submitted, the City Trustees have asked the War Department not to grant the request for such bridge until plans have been submitted and approved by the City Engineer. This protest has been sent to Capt. Price of the United States Board of Engineers.

Outstanding subscriptions to the stock of the new Hotel Bixby are being called in. On Friday over $20,000 was collected and certificates were issued. The structure has now reached the fourth story and will be ready for occupancy February 1. It has been pretty definitely settled that D. M. Linnard of Hotel Maryland, Pasadena, will also manage the Bixby.

The Knights and Ladies of Security have elected the following new officers: President, C. A. Wright; Vice-Presidents, Mrs. Arthur Cook, Willis and Mrs. William Brashear; Prelate, Miss Brashear; W. E. Owens, Guard; Mrs. W. W. Marble, Secretary.

The City Trustees and Chamber of Commerce have requested the men who have been nominated for freeholders to anticipate their election and begin work on the formation of a special charter. The election is called for October 1 and to wait until after that time would delay the completion of the charter and formalities connected with its approval by the people so that it could not be presented to the Legislature at its next session.

Today's crowd at the beach showed but little indication that the summer season is over. Hundreds enjoyed the surf and the launches all carried big excursions to the breakwater. The band concert at the Auditorium was also an attractive feature liberally patronized.

Saturday afternoon, the workmen of the Barber Asphalt Paving Company at work on East First street refused to pick up their tools when the dinner hour was over and the foreman, John Ellsworth walked into the crowd to know why, when Ed Hocking, a sub-foreman, on behalf of the men, presented Ellsworth a handsome gold watch in recognition of his thirty-second birthday.

LA HABRA ITEMS.

LA HABRA, Sept. 16.—The streets here have been receiving a much-needed coat of oil under the supervision of Roadmaster T. L. Jackson. Among the highways to be so treated are Central avenue, Walnut street and Whittier avenue.

The La Habra Woman's Club held an enjoyable meeting Thursday afternoon at the home of Mrs. T. B. Cooper.

The Ladies' Aid Society will meet September 18 and 19 at the home of Mrs. H. M. Little. Most of the time will be given to a quilting bee.

The annual picnic of the valley people will be held at Orange County Park September 22.

DRINK FOR DEL REY.

PLAYA DEL REY, Sept. 16.—How long this beach remains a prohibition resort is entirely dependent upon the action of the county Board of Supervisors on the application of G. M. Threlkeld for a license to sell liquor. He asks to be permitted to sell strong drink at wholesale and in the event of his success will occupy the Los Angeles-Pacific Electric depot. The hearing of the petition has been set for October 2.

REPLACE JAPS WITH CHOLOS.

LATTER MORE SATISFACTORY FOR RAILROAD WORK.

Los Angeles-Pacific Electric Line Employs Mexicans Instead of Little Brown Men as Fast as They Can Be Procured—Latter Do Not Spend Much Money Here.

SANTA MONICA, Sept. 16.—As fast as the Los Angeles-Pacific electric line can find Mexican laborers to take their places, the Japanese men employed in the section gangs along the road are being "let out." Men with families are being given the preference, and for them houses in which to live are being provided at Sherman. The compensation is understood to be $1.50 per day, and an employment agent has been dispatched to San Diego to secure additional forces, as many hundred men will be needed when the work on broad-gauging is commenced, as it will be quite soon. Camps will also be established at Redondo, Playa del Rey and Ivy Park.

It is stated that one of the objects in changing the nationality of the laborers is found in the fact that the Japs invariably spend or send all of their money out of the country, to the prejudice of home industry and institutions. Their food for the most part comes from the Orient. On the other hand, the cholos spend all they earn with the local merchants, in the feeding and clothing of their families. They are consumers of home products and generous patrons of local institutions, thus keeping the money in circulation at home.

BEAN OUTPUT SHORT.

Throughout the vast lima bean section centering about Santa Monica and extending eastward to Morocco, Sherman and Vineyard, and embracing thousands of acres, the harvest is now well on. Owing to the late spring rains and the visitation of a new pest in the shape of a strange bug, the yield will be under that of last season. There is also a reduction in acreage, owing to crop rotation and the encroachment of subdivisionists upon the bean preserves. The price is also not so encouraging as it was at this time one year ago.

The late rains and the inroads made by the new pest were responsible for the replanting of considerable acreage. This will prolong the harvest season and will add something to the cost of handling the crop, as it will not be possible to cut entire large fields at once, but will make it necessary for the harvesters to return at a later day to finish harvesting. For this reason cutting will be in progress for at least three weeks yet.

SANTA MONICA SAYINGS.

The friends of Miss Elvira Harrison and Stephen T. Garey were surprised to receive the announcement Friday night that this popular young couple had slipped away and been married at San Bernardino by Rev. Crutchfield last Saturday. The game was played so neatly that even the news of the issuance of the marriage license was covered.

W. I. Hull has arrived home after an outing of three weeks in the mountains. He went so far into the wilderness, in an effort to forget business and care, that he had not seen a newspaper, nor had any news of the outside world.

Mrs. L. E. Hubbell has returned to her home on the beach, after having passed the summer in visiting the cities of the East.

General Manager Darlington of the Hueneme, Malibu and Port Los Angeles Railway, arrived down the beach this afternoon. He reports everything at the front as active, with three miles of rails laid and the grade ready for the ties and rails for several more miles. The rails have not yet been spiked, owing to a delay in receiving the spikes, but these are now arriving. There are two grading camps, one at the new wharf and the other at the northwestern end of the grade. Considerable powder is being consumed in blasting operations and progress is necessarily slow.

The crawfish season opened today, but at Port Los Angeles, where the fishermen have their nets set, the catches were insignificant. One man, who had twenty-two nets in place and expected to bring out at least 400 pounds of the delectable shell fish, was forced to be content with a meager catch of thirty pounds. No reason is assigned for the shortage.

OFF FOR ISLAND.

Dwellers of Venice Will See Horses and Other Inland Wonders on Today's Trip.

VENICE, Sept. 16.—The transplanted canal city of the Adriatic will be a dead one tomorrow. Mayor Burks has declared the day a legal holiday—the first of the kind in the history of the municipal life of the strand settlement—and everybody who was able to secure a ticket or can get aboard the special train of the Southern Pacific will pass the day in the Inland Empire.

Seven o'clock is the hour set for departure. It will be a whole day off for Venice. All business houses and amusement attractions will remain closed during the day. There will be neither song nor music, and the only sound to break the stillness will be the moaning of the waves as they beat upon the deserted sands.

At 5:30 the siren whistle at the Kinney power-house will sing a song to arouse the natives from their slumbers, and from that hour until midnight Venetians will be on the move. The itinerary includes every city on the "inside track." Long stops will be made at Pomona, Redlands, Colton and Riverside. The latter city will be touched at the noon hour. San Bernardino will be the supper station. At Riverside there will be a programme of athletic sports, and all along the way there will be music by the three bands and performances by the specialists from the Midway.

PRIOR IN BAD WAY.

Prior, the speed-mad automobile driver, who was injured Friday night when the automobile of Mrs. B. F. Heinzeman of Los Angeles collapsed, is unable to move hand or foot. His entire system seems to have been paralyzed. This, however, is thought to be only temporary. Prior, while conscious and suffering intensely, said the machine must have been going at least fifty miles an hour when the accident happened. He thought a tire had slipped off, but investigation of the bonzine wagon shows that every spoke in one of the front wheels was broken.

This happened as the machine was attempting to make a sharp turn while running at a high speed. The collapse of the wheel threw the machine to the ground, when it turned a somersault, struck a trolley wire pole and rebounded. The five occupants miraculously escaped death, having been thrown under the overturning car.

CANAL CITY DRIFT.

The government is to assist in the equipment and maintenance of a life-saving station at this point. Volunteers are being enlisted, and the corps will be fully organized within a few days. Private subscriptions will meet the expense of providing a lifeboat and other necessary apparatus, the expense being borne, in part, by Uncle Sam.

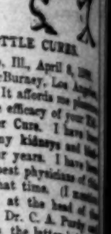
THOUSANDS
Of people will testify to the fact that Kidney and Bladder troubles have at last met with a conqueror in
McBurney's Kidney and Bladder Cure


ONE BOTTLE CURES.
Chicago, Ill., April 6, 1906.
Mr. W. F. McBurney, Los Angeles, Cal.—Dear Sir: It affords me pleasure to testify to the efficacy of your Kidney and Bladder Cure. I have been troubled with my kidneys and bladder for over four years. I have been treated by the best physicians of this city during that time. (I mention two who stand at the head of the profession, viz.: Dr. C. A. Purdy and Dr. Frank Walls, the latter being a coroner.) I regret to say they did me no good. I was advised to spend the winter in your glorious climate and use the ocean baths. I visited San Diego, Santa Monica and Santa Barbara, but received only temporary relief from the baths. On the night I left home I got a bottle of your medicine. The first dose did me good, and I was well when I reached home, and I can say in conclusion that I am grateful to you. If this letter is of any use to you, use it. THOS. WALLS.
Send 25c for five days' treatment and relief in 20 minutes. Kidney and Bladder Cure, $1.50. Liver and Blood Purifier, 50c. Sold by all druggists.

DR. SMASHES CARRIAGE.

Man drove at a rapid gait from livery stable last evening without means to see whether an electric car was coming. As a result of his lack of caution the carriage he occupied was smashed and he and a close friend were thrown to the pavement, the latter being run over by a car. He escaped with a deep gash on the nose. The carriage belonged to President John Anderson of the Farmers' Exchange Bank. The driver, a man named Rittler, was greatly excited, declaring he was not the company, though all who witnessed the accident hold the latter blameless.

SAN BERNARDINO BRIEFS.

Board of Supervisors has asked the construction of the county road between Redlands and Highland, announcing that it will appropriate $25,000 for the purpose. The road will cost $68,000, the bulk of the sum being borne by Highland and Redlands. Once completed the bridge will bring the two towns a more direct route between towns and make it possible to have an open driveway during the entire year.

San Bernardino wants to secure the Edison Electric Heating plant, which is to promise considerable growth in the next few years. The plant is at present located at Ontario, but the people are seeking about for a new location, presumably wishing to get nearer Los Angeles, but have sent out circulars to feel the various towns in this county and Orange, as to the part of a proposition can be

Arrowhead Reservoir and Power Company has filed its answer to the complaint of John A. Cole, who seeks a permanent injunction to restrain the company from continuing work on the Arrowhead reservoir project, which he claims will drain the water from Cole's land by pushing the underlying water through 1500 acres of the Las

SEEK SAFETY FROM FLOOD.

PRECAUTIONS TAKEN IN SAN BERNARDINO COUNTY.

Part of County Seat as Well as Some of Colton, Said to Be in Prospective Path of One of the Forks of Lytle Creek, if Preventive Measures Are Not Taken.

SAN BERNARDINO, Sept. 16.—With between 2000 and 4000 inches of water flowing to waste in Lytle Creek, and the artesian basin evidently holding its capacity of water, grave fears are entertained for the safety of property during the coming winter, which, experts believe, will be endangered in case pretracted storms occur. This fear has lead to consideration of immediate steps to lessen the danger as much as possible.

The Santa Fé has taken the matter through Civil Engineer F. T. Ferris, who will have a corps of engineers in the field this week making surveys with a view of mapping out the work that will be required, and upon the report of this corps the expense of the undertaking will be approximated. That the project is one of magnitude is admitted at the outstart. The county and city and also Colton are expected to share in the expense.

One of the chief features will be the straightening of the west fork of Lytle Creek. Originally this branch of the stream was made by a plow furrow, and is now a wide, deep and rocky-bottomed bottom, only waiting an overflow of the main stream to pour a flood into the western residence section of the city, carry out expensive city and county bridges, and railroad bridges, and to sweep through the business section of Colton.

That such a catastrophe is not unlikely to occur is admitted, and the present unusual conditions of the artesian basin make the danger real. The city would also lose its large reservoir, and many miles of water main would go out. These facts have been presented upon property holders, and when Colton comes the notice that water companies having offices there are going to share any expense that will remove the danger.

As at early date F. T. Perris will make an inspection tour over the creek country with County Surveyor Cook, City Engineer Brown, and engineers representing the various water companies, and it is expected that probably at the next meeting of the Board of Supervisors and the City Council, action will be officially acted upon, and the necessary work may be undertaken before the winter storms are on.

TRY TO FILL BLANKS.

The Democrats of this county are to hold a second convention, for the purpose of nominating county and township candidates, in other words, to fill out the ticket. There are numerous places in it left by the convention held at Ontario, for the reason that the delegates could not get men to fill the nominations.

The decision to call another convention was reached as a result of the trouble arising from the nomination of Jeff McElvaine, Republican nominee for Assessor, to a place on the Democratic ticket, and the peculiar fight that has arisen in Republican ranks over the vacancy which McElvaine's nomination on the State ticket has created in the county ticket.

The Democrats are aroused also by the fact that Boyd, who was a delegate to the Democratic State Convention, and who has on previous occasions cast his own vote and used his own proxy in favor of the resolution throwing Hearst out of the Democratic party. Full of confidence, Boyd believes that the Democracy should put up a full ticket and his enthusiasm being contagious, the County Central Committee issued a call for the reassembling of the delegates who were at first to meet next Saturday in the same pavilion here.

Of the best positions the county has to offer, those of County Clerk and County Recorder, are among the offices on the Democratic ticket. Both offices are growing in the belief that they can win both these offices and while some of the delegates are said to urge at least that one nominee be omitted, the Boyd enthusiasm is likely to sweep the next Democratic convention from its feet.

NEW NATURALIZATION.

Naturalization proceedings will occupy the attention of the Superior Court Monday afternoon, the circumstance being noteworthy as they will be the last proceedings of that nature that will be held under the present law. After all naturalization proceedings will be governed by strict Federal requirements, which throws a strong safeguard around the gift of citizenship and reduces the likelihood of undesirable foreigners securing the right of franchise. It makes bartering in naturalization papers a crime of enormity, requires the special clerk appointed to take charge of all blanks regularly account for every blank furnished him, and in many other ways makes the granting of citizenship from foreigners a less perfunctory business for all parties concerned.

SEEK SAFETY FROM FLOOD.

PRECAUTIONS TAKEN IN SAN BERNARDINO COUNTY.

Part of County Seat as Well as Town of Colton, Said to Be in Prospective Path of One of the Forks of Lytle Creek, if Preventive Measures Are Not Taken.

SAN BERNARDINO, Sept. 16.—With nearly 200 and 400 inches of water running to waste in Lytle Creek, and the mountain basin evidently holding its quantity of water, grave fears are entertained for the safety of property along the coming winter, which, it is believed, will be endangered in case protracted storms occur. This fear is said in consideration of immediate steps to lessen the danger as much as possible.

The Santa Fé has taken the matter through Civil Engineer F. T. Perris, who will have a corps of engineers in the field this week making surveys with a view of mapping out the work that will be required, and upon the report of which the expense of the undertaking will be approximated. That the danger is one of magnitude is admitted on the outstart. The county and the city also Colton are expected to share the expense.

Some of the chief features will be the course of the west fork of Lytle Creek. Originally this branch of the creek was made by a plow furrow, and is now a wide, deep and rocky bottom, only waiting an overflow of the main stream to pour a flood into the western residence section of the city and carry out expensive city and county bridges, and railroad bridges, as well as sweep through the business section of Colton.

Such a catastrophe is not unlikely to occur is admitted, and the unusual conditions of the arroyo make the danger real. The city would also lose its large reservoir and many miles of water main laid out. These facts have been called to the property holders, and it has become the notice that water is not to be used having offices there are in danger, and any expense that will be necessary to avert the danger.

Early date F. T. Perris will make a inspection tour over the creek with the County Surveyor Cook, Engineer Brown, and engineers from the various water companies, and it is expected that probably at the next meeting of the Board of Supervisors and the City Council, action will be officially acted upon, and necessary work may be undertaken before the winter storms are upon us.

NOT TO FILL BLANKS.

Residents of this county are to hold a convention, for the purpose of nominating county and township officers, in other words, to fill the blanks. There are numerous offices in it left by the convention of Ontario, for the reason that delegates could not get men to make nominations.

The move to call another convention is reached as a result of the action resulting from the nomination of McElvaine, Republican nominee for governor, to a place on the ticket, and the peculiar fight being waged in Republican ranks against money which McElvaine's backers in the State ticket has forced on the county ticket.

Democrats are aroused also by the fact that who was a delegate to the State Convention, and who carries besides his own vote the resolution throwing Hearst out of the Democratic party. Full of enthusiasm believes that the Democracy should put up a full ticket, the enthusiasm being confined to the County Central Committee, which issued a call for the reassembling of the delegates who were at the last meet next Saturday in the city hall here.

Of the positions the county clerk, those of County Clerk and Recorder, are among the most sought as the Democratic ticket.

Democrats are growing in the belief that they can win both these offices and some of the delegates are willing to go at least that one nomination, satisfied, the Boyd enthusiasm is going to sweep the next Democratic from its feet.

NATURALIZATION.

Naturalization proceedings will occupy the attention of the Superior Court Monday afternoon, the circumstance noteworthy as they will be the first proceedings of that nature to be held under the present law. All naturalization proceedings will be governed by strict Federal rules, which throws a strong safeguard around the gift of citizenship, the likelihood of undesirables securing the right of citizenship by making bartering in naturalization papers a crime of enormity; records of special clerk appointed to fill out all blanks regularly according to every blank furnished him, and in other ways makes the granting of citizens from foreigners a matter for all parties concerned.

SMASHES CARRIAGE.

A horse drove at a rapid gait from the city last evening without driver, no whether an electric car was to blame or as a result of his lack of attention, he occupied was thrown and a close miss from being killed beneath the wheels of a traction car. He escaped with a gash on the nose. The carriage belonged to President John Anderson of the Farmers' Exchange Bank. The driver, a man named Rittler, became excited, declaring he lost control of the company, though all agree that the accident hold the machine.

SAN BERNARDINO BRIEFS.

The Board of Supervisors has assented to the construction of the county road between Redlands and Highland, stipulating that it will appropriate $5000 for the purpose. The road is 4 miles long, the bulk of which is borne by Highland and when completed the bridge will bring the two towns a more direct route, thus and make it possible to have an open driveway during the year.

The city wants to secure the Pacific Heating plant, which has made considerable growth in recent years. The plant is at present at Ontario, but the company is looking about for a new location, reportedly wishing to get out of the orange districts, but have sent out feelers to feel the various sentiment in the county and Orange, as to the advisability of a proposition can be made.

The Bear Valley Reservoir and Power Company has filed its answer to the complaint of John A. Cole, who seeks an injunction to restrain the company from continuing work on the Bear Valley reservoir project, which will obtain the water from the underflow and underlying water of the Santa Ana river, and the 40,000 acres of the Las Flores rancho, along the Mojave River, owned by him. In the answer the company does not dispute the rights of Cole in the various waterways he describes in his complaint, but sets forth a claim on all the flood waters, and explains that for fifteen years Cole has known of the construction work being done by the company, which desires the flood waters for a public use, and that already $1,000,000 has been expended on the undertaking.

L. J. Eigholz, of the Examiner's Los Angeles staff, was in town Friday night, and met with a handful of discontented spirits in the parlors of the Stewart Hotel, for the purpose of talking over the launching of an Independence League Club in this city. That all was not smooth sailing at the meeting is indicated in the fact that no directing head was appointed to take charge of the political fight here, nor was date for future conference fixed.

PREPARING FOR GUESTS.

Preparations Going on in Redlands for the Entertainment of the Tourists.

REDLANDS, Sept. 16.—Extensive improvements, additions and alterations are being made in and about Hotel Casa Loma. This hostelry has remained open all summer and with success surprising to the management. Now that the summer season is practically over, E. S. Graham, president of the Casa Loma Hotel Company, is turning his time and attention to improving and renovating the hostelry for the season's tourist trade.

The most important improvement is the erection of a fine large amusement casino adjoining the hotel on the north. It will be 100x40 feet and will have a broad porch facing the tennis court on the east. The exterior will be covered with rough slabs having the bark on them. The interior will have an arched roof and will be finished in rustic. This room will be used for concerts, recitals, lectures, theatricals and the many other things which contribute to the social life of a Southern California tourist hotel. Some notable changes and improvements will also be made in the billiard-rooms. A kodak developing room with the necessary "dark room" is being arranged and other minor changes and improvements are being made. Mr. Graham spent several days in Los Angeles in the past week purchasing the 2000 yards of new carpet for the hotel.

REDLANDS NEWS POINTS.

The Domestic Water Company is planning for extensive improvements this coming winter. Principal among these is the thirteen-inch main which will carry water from reservoirs Nos. 4 and 5 to Church street, there connecting with the large city mains, making it possible to give good clear water even during the mountain storms of the rainy season.

Word has been received here announcing the serious illness of Rev. Minot J. Savage, the Unitarian preacher and author, at the home of his daughter in Cleveland. Rev. Mr. Savage is the father of Rev. Maxwell Savage, pastor of Unity Church of this city.

Unusual interest centers in the approaching visit of Theodore A. Bell, grand master of the Odd Fellows of California, because of his just having received the nomination for the office of Governor on the Democratic ticket. He is expected to visit the local lodge on Tuesday evening, the 25th inst.

Mexicans from all over this section of the county are holding a two days' celebration here on account of Mexican independence day, the anniversary of which will come tomorrow. Programmes of a literary and musical character, dancing, feasting and other amusements are provided.

The new sanitary street sweeper, which the city purchased for $2000 has arrived and will be demonstrated Monday. It is said to be a particularly good kind of machine for a dry country.

A business men's excursion from Venice will visit Redlands Monday, bringing with them bands and other amusements. A vaudeville performance will be part of the day's programme. Mayor Suess and City Marshal Fowler will welcome the guests upon their arrival.

QUAKER CITY NOTES.

WHITTIER, Sept. 16.—The funeral of Mrs. Eli J. Vestal, who died here Thursday, was held at the Friends' Church this afternoon. The service was one of the most largely attended ever held in that edifice, the spacious auditorium proving almost too small for the hundreds of friends. The service was conducted by Rev. Mahlon Perry, pastor of the church, assisted by Mrs. Esther Hiatt. There was music by Miss Anna Tomlinson, Mr. and Mrs. A. U. Tomlinson and Dr. Jessup. The floral tributes were beautiful, forming a floral bank at the edge of the pulpit platform, and spoke effectively of the esteem in which Mrs. Vestal was held by a large number of people.

The following staff has been chosen for the "Cardinal and White," the high school publication: Merrill Horine, editor-in-chief; Grace Brown, assistant; Frank Crook, business manager; Mr. Peabody, assistant; Gertrude Cox will have charge of the literary department Agness Lee of the Christian Association department; Geneva Graham of the exchanges, Mr. Cole of the personal column, Miss Underwood of the debating department, and Mr. Wood of athletics.

Whittier grade schools will open Monday. Additional teachers have been made necessary by the increased number of children who will attend.

Mr. and Mrs. Charles M. Hutchison of West Penn street have issued invitations for the marriage of their daughter, Miss Clara Belle Hutchison, to Victor Merle Hodgin, September 22. The wedding will take place at the family home, and will be witnessed by the more intimate friends of the contracting parties.

Mrs. L. L. Persing of East Philadelphia street, was the hostess, Friday, at a unique "Recipe shower," the guest of honor being Miss Susie Reynolds, who is soon to become a bride. About two score maids and matrons enjoyed Mrs. Persing's hospitality. The Persing home was artistically decorated in yellow and white. Masses of golden-glow and wild sunflowers were used in the principal rooms.

Mrs. A. H. Dunlap gave a children's party yesterday afternoon in honor of her son Randall, who became 10 years old today.

Mrs. Allen W. Tomlinson and Miss Anna Tomlinson entertained yesterday afternoon for Miss Mary Rees, who will become the bride of Alva Trueblood of Pittsburgh, Pa., on October 10 About fifty ladies were present.

A reception to new students was held at the college gymnasium last evening.

Mr. and Mrs. W. W. Bennett celebrated their silver wedding anniversary Friday evening, their guests leaving a handsome silver tea set as a souvenir.

PERUVIANS HONOR ROOT.

LIMA (Peru) Sept. 16.—Secretary of State Root was made an honorary member of the National Board of Peru yesterday. The United States cruiser Charleston left Callao tonight for Panama, with the Secretary on board. More than 2000 people participated in the municipal ball in his honor, Saturday night.

CHURCHES TO JOIN HANDS.

Annual Assembly Nazarenes Will Meet Here.

Pentecostal Congregations to Be Represented.

Movement to Unite Will Be Then Considered.

A religious gathering which will be of interest to many parts of the United States is to convene in Los Angeles the first week in October, and will take action that doubtless will result in the union of two rapidly-growing denominations.

The annual assembly of the Church of the Nazarene will open October 3 in the First Church of the Nazarene, Sixth and Wall streets, and will continue five days. It will be followed by the annual home camp meeting, at which will be gathered many of the most prominent workers in the holiness movement throughout the United States.

A delegation of officials from the Association of Pentecostal Churches of New England will attend the Nazarene Assembly and make a proposition for the union of these two bodies in one church organization. It is believed that there is little possibility of anything arising to prevent the consummation of this desired union, and that the Nazarene Church movement, originally started in Los Angeles, will thus extend clear across the continent.

The delegates from the Pentecostal Association Churches are the Rev. John N. Short of Cambridge, Mass.; Rev. A. B. Riggs and Rev. H. N. Brown, all of them leaders in the eastern church movement.

FLOCK TO THIS CITY.

It will be remembered that the Church of the Nazarene was organized in Los Angeles ten years ago by Dr. Phineas F. Bresee and Dr. J. P. Widney. Started as a purely local movement, the new society drew about it a zealous band of workers, and soon the demand came for the organization of similar churches in near-by localities, and finally the field spread until now many of the Western States have their churches of Nazarene, and the membership has increased greatly.

At the annual assembly next month there will be gathered here representatives of all these churches, and nearly all the ministers of the denomination. The assembly sessions will be presided over by Dr. P. F. Bresee, general superintendent of the churches. The business sessions will be held each forenoon, and are all open to the public. They are very similar in their work to those of a Methodist annual conference. The afternoons will be devoted to anniversary meetings, and the evenings are to be conducted by prominent leaders in the Nazarene Church.

The anniversary of the Home and Foreign Missionary Society will be held on Wednesday afternoon, October 3, with Leslie F. Gay presiding. Addresses will be made by Rev. A. B. Riggs of New England Association, Rev. J. W. Goodwin of Pasadena, Mrs. M. McReynolds, superintendent of the Nazarene Spanish Missions; Rev. C. V. LaFontsine, for the Nazarene Indian Missions, and Rev. Charles Stuberg of Chicago, for the Nazarene Swedish Missions.

PROGRAMME COMPLETED.

On the afternoon of Thursday, October 4, will occur the anniversary of the educational work, and this will especially set forth the field and achievements of the Pacific Bible College, which is conducted under the supervision of the Church of the Nazarene.

Rev. H. D. Brown of Seattle will preside and will give an address. Other speakers will be J. B. Creighton of Washington and Miss Leora Maris, principal of the Pacific Bible College.

A conference on evangelism will take place on Friday afternoon, October 5, with Rev. E. A. Girvin of Berkeley presiding. Rev. C. W. Wilson of Upland will give an address on "Pastoral Evangelism;" Rev. C. W. Ruth of Indianapolis, will speak on "The Opportunity of an Open Field," and the subject of "Organized Holiness" will be discussed by Rev. John N. Short of Cambridge, Mass., and Rev. Phoebe Epperson of Los Angeles.

The anniversary of the young people's societies will occur on Saturday, October 6. Rev. P. G. Linaweaver of Oakland will preside. "Young People and Personal Service" will be the subject of an address by Rev. C. E. Cornell of Chicago; "Leadership" will be the theme of Rev. Mrs. DeLance Wallace of Spokane, and "The Right Arm of the Work" will be the subject of Rev. Lucy P. Knott of the Mateo-street Church. This programme will be followed by short talks from various workers in young people's societies.

HOME CAMP MEETING.

On Sunday morning, October 7, will begin the home camp meeting, and this will continue for ten days. These meetings will be under the leadership of one of the most prominent workers in the field of the organized holiness movement, Rev. C. E. Cornell of Chicago. He will be assisted by well-known evangelists from various parts of the United States. The services will all be held in the First Church of the Nazarene, and will take place at 10 o'clock in the forenoon, 2:30 o'clock in the afternoon, and 7:30 o'clock in the evening. It is expected that these meetings will be largely attended by members from all the Nazarene churches in Southern California, and many will be attracted to them from churches located in other States.

A chorus choir of 100 voices has been organized from the local Nazarene churches for leading the music at the home camp meeting. All delegates to the assembly are to be entertained by the churches of this city.

REV. C. E. CORNELL.

He will lead the Home Camp Meeting of the Holiness movement here.

Tabernacle of the First Church of the Nazarene.

REV. P. F. BRESEE.

COMES TO GET MURDERER.

Shreveport Chief of Police Arrives to Secure Custody of Negro Who Killed Woman.

Sylvester Session, a negro wanted in Shreveport, La., for murder, will be taken back to that place by Chief of Police G. F. Gerad of Shreveport, who arrived in this city yesterday. The police say that Session will not fight extradition.

The capture of Session was made after he had traveled all over America. He had never remained at any place for any length of time until he came to this city. Then he fell in love and married. Under the name of Gilbert, he lived in Santa Monica with his wife, who knew but little of his past.

The crime for which Session is wanted was the slaying of his sweetheart. Session says that the woman was killed as the result of the accidental discharge of a revolver, for the possession of which he and the woman were scuffling. Fearing he would be lynched, Session fled after the woman's death.

AWAIT WORD FROM PEARY.

NEW YORK, Sept. 16.—[Exclusive Dispatch.] Those interested in the success of the expedition to the North Pole are expecting any day to receive news from Lieut. Robert E. Peary. It may be that the explorer has already attained the object for which the journey was taken. In that case he is likely to be heard from in the neighborhood of Labrador.

Discussions frequently take place these days at the house of the American Geographical Society, where many of the enthusiasts on Arctic exploring gather.

"We have every reason to believe," said A. A. Raven, the secretary of the society, today, "that we shall hear from Lieut. Peary in some way or other between now and October 1."

GAS FOR FUEL.

Why is it that one who has used GAS for fuel is never satisfied with any other fuel? GAS is the Perfect Fuel.

WEAK MEN

Let Me Guide You On Your Way To Regain Your Health and Renew Your Strength

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? If you have any or all of the above symptoms, you surely do not desire to remain so. Let me explain to you my methods of rebuilding the vigor of men, and refer you to the thousands I have cured. I guarantee to cure all the Special Diseases of men, such as Varicocele, Hydrocele, Stricture, Contracted Disorders, Contagious Blood Poison, Nervous Debility, etc.

GET CURED NOW

It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. The cure is absolutely certain. I cause no pain, and you need not be detained from your work for one day. I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

EXAMINATION FREE

I offer not only FREE Consultation and Advice, but to every case that comes to me I will make a Careful Examination and Diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about this trouble. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 1.

Dr. Taylor
The Leading Specialist

YOU PAY WHEN WELL

What better proof or more sincere assurance can I offer than I am willing to wait for my fee until I effect a cure? Could I afford to make such an offer if I was not absolutely certain of curing every case I take?

MEN

The Value of My Services Is Recognized by the Results

I begin with a thorough, searching examination, given in person only, in my especially equipped offices, and every step thereafter through the whole treatment is RIGHT. There is no point that care, skill and modern equipment could make better.

What are the results of treatments given under these conditions? NOTHING BUT LASTING CURES.

Functional Weakness

My treatment for functional decline or "Weakness," as termed by some, is the result of years' special work in functional disorders; the results I obtain are by direct methods and are not in common use.

VARICOCELE
I cure soundly and completely in 4 to 6 days. My treatment is painless, and one that will preserve and strengthen the reproductive system.

STRICTURE
There is no other treatment to my knowledge which will permanently remove all soreness, inflammation, callous or narrow conditions. It is most cleanly and perfect and completely cures.

CONTRACTED DISEASES
Failure to quickly cure these conditions is due to harsh measures, which are the direct cause for chronic conditions.

I cure Rectal, Kidney and Bladder Troubles, Piles, Fistula and Blood Diseases, Wasting, Nervous and Chronic Conditions, causing functional derangement, impairing strength and vitality.

NOT BY MAIL. This is a matter of guesswork. No one is able to give satisfactory results by such unreliable means. Thousands have tried it and failed. My method of treatment is reliable and gets at the cause.

Dr. MORTON, 316 S. Broadway
Hours—9 to 4, 7 to 8. Sundays—9 to 12

The Result

Of all treatments given by Dr. Harrison are perfect in all curable cases. Our methods are superior and are the result of 27 years' active work in hospital and special work in our offices. Consultation always free.

Our Folder, treating on diseases peculiar to men, sent free on request, or it may be found near foot of stairway at our entrance to offices, 202½ South Broadway.

YOU PAY WHEN CURED.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Returns from Chicago.

Rev. J. M. Schafle, pastor of the Pico Heights Congregational Church, has returned from a vacation spent in Chicago and near-by towns. He preached to his congregation yesterday.

Congregationalists Will Meet.

The General Association of Congregational Churches of Southern California will convene in Claremont, October 12. The committee on arrangements is composed of Rev. H. Kingman, pastor of the entertaining church, Rev. F. J. Culver, and Rev. J. L. Maile.

City Surveyors' Picnic.

The fourth annual picnic of the surveyors from the City Engineer's office was held yesterday at the rancho of Señor Velades on the Redondo car line, near the Los Angeles city limits. A spanish dinner was served, and there was music, speeches and vaudeville.

In Honor of Miss Young.

Miss Grace Enyeart of West Thirty-seventh street entertained with a delightfully informal dinner party, Wednesday evening, in honor of Miss Minnie Young, who is the guest for a short time of Mrs. Enyeart. Covers were laid for Misses Helen Hoose, Matie Williams, Clara Lipe, and Winefred Healy.

Seeks Lost Brother.

William H. Barnes, who left his relatives in Buckport, Me., forty-seven years ago to come to California, is now sought by his brother, C. F. Barnes, residing in Boston, Mass. The man wrote to the Chief of Police of this city asking for information. San Francisco officials had told him his brother was here.

Los Angeles Presbytery.

On Tuesday of next week the Presbytery of Los Angeles will meet in regular fall session at the Second Presbyterian Church, Downey avenue and Daly street. The moderator, Rev. F. P. Berry, D.D., will deliver the opening sermon, and the following evening there will be a popular meeting addressed by Rev. T. C. Horton and President John Willis Baer of Occidental College, on the subject, "The Young People's Problem."

Esperantist Society's Plans.

The Esperantist Society has secured the assembly hall in the Blanchard Building, No. 233 South Broadway, for its regular sessions on Monday nights. The meeting tonight will be devoted to oral exercises led by some member of the society. The society is supported entirely by voluntary contributions, so that any one is welcome to attend and take part in the exercises.

Sodality Will Give Drama.

The Young Ladies' Sodality of St. Joseph's Church will present the drama, "Pontia, the Daughter of Pilate," on Wednesday evening at the new St. Joseph's Hall, on South Los Angeles street, adjoining the church property. The drama has four acts, and the scenery, stage properties and electrical work have been especially arranged for its presentation. The cast of characters includes several of the well-known people of St. Joseph's parish.

BREVITIES.

Jewish New Year services. Seats reserved at Simpson Auditorium today from 4 to 6.

Grand scenery and unexcelled service are special features of the Northern Pacific. Rates to all eastern points as low as by any line. For full information call on or address C. E. Johnson, Traveling Passenger Agent, 345 South Spring street, Los Angeles, Cal.

CELEBRATE THE INDEPENDENCE.

Mexicans Have Fiesta as in Days of Old.

Great Gathering Down Vernon Way Yesterday.

Peppers and Chiles and the Ice Cream, Too.

Far from the influence of tall buildings, street cars and twentieth-century Americanism, in the midst of a great grove of giant, interlacing walnut trees, and with nature's vistas reaching away unobstructed to the hoary head of Mt. San Antonio, Mexican patriotism reveled yesterday in commemoration of the reëstablishment of the republic after French invasion.

Out on the old Carrezasa ranch, beyond Vernon and half a mile from the Long Beach electric line at Fifty-second street, these people of the "Land of Mañana" returned to the spirit of old days, when Los Angeles was but a pueblo.

No word of English was heard in all that throng of more than a thousand people. In fact no person could be found who knew sufficient English to translate for a Times reporter the programme of "La Junta Patriotica de Vernon."

Historic costumes, worn by fascinating señoritas, flashing bows, gay hats and the dashing unrestrained whirl of excitement effaced all cares of tomorrow and carried the revellers back to historic days of their native land.

WHAT?—ICE CREAM!

Branches drooping almost to the ground embowered the long lanes between the trees. Up and down these the younger people walked. A large rough pavilion was the center of all merriment from the middle of the afternoon until 5 o'clock this morning and about this were grouped open booths where almost every dish peppered and unpeppered known to the Mexican epicure was to be had. It seemed almost too bad that American ice cream and soda pop were allowed to play a part in the spread.

At break of day the Peraltas, who live near the scene of the festival, started a great fire in the bottom of a pit twelve feet square and four feet deep, and by 9 o'clock a deep bed of coals awaited the beginning of the barbecue. The last armfuls of wood were thrown on the fire and the big grates were thrown across and heated by the flames. Then the people began to arrive. For hours Slauson-avenue cars were jammed with people decked with the gay national colors of Mexico. From that hour until the middle of the afternoon all feasted. Eight hundred pounds of beef were consumed and at 6 o'clock twenty-two kegs of beer had been emptied.

UNDER TWO FLAGS.

The Imperial Band opened the exercises of the afternoon with a short concert of Mexican national airs. Again and again the music was almost silenced in the cheers of the people. Señor Ignacio Perez read the act of independence. An oration was delivered by Jesus Sandoval, in which he took occasion to speak of the friendly feeling Mexicans have for America.

"See, are not the flags side by side?" he asked. The people cheered.

Two charming young sisters, Refugio Quijada and Pilar Quijada, each gave a recitation. The chorus and verses of the Mexican national hymn was the prettiest event of the programme. The ten verses were given as solos and the following señoritas each sang a verse in the order given: Refugio Quijada, Emilia Lopez, Paula Gutierrez, Lolita Hernandez, Isidra Martinez, Herminia Peralta, Encarnacion Martinez, Antonia Reyes, Filiberta Montijo and Beatriz Gutierrez. Refugio Quijada was voted the prettiest singer of the ten and was presented the prize of a handsome bunch of flowers. Señoritas Natividad and Ursula Gutierrez played a duet on the guitar and mandolin.

This completed the programme and as the band struck up the beautiful La Paloma waltz, four young girls leaped to the center of the pavilion. The crowd fell back and Spanish dancing as it is seldom seen nowadays excited the onlookers to a frenzy of applause.

At the close of the number the merry-makers stormed for a repetition of the dancing, but the band left the platform, and their places were immediately taken by a Mexican orchestra and the all-night dance was begun.

More formal were the exercises which were held at Turner Hall on South Main street at 2 o'clock in the afternoon. There were several addresses and a programme of music. In the evening the gaily festooned hall became the scene of a grand ball. By actual count there were 432 people in the grand march which was called just before 9 o'clock. A close scrutiny of all those marchers failed to disclose more than a score of blue eyes among the ladies. Almost all eyes were brown, almost black under the high overhead lights and there was many a pretty pair.

Mexican people do not dance the waltz or the two-step as Americans dance it, although regular two-step music was played. It was fascinating to watch the merry whirl of dancers and it seemed that each couple was dancing a style of its own. In many cases a touch of the "Bowery" was strongly noticeable, but in these cases the man was seldom a Mexican.

FIREBUG SETS HOUSE ABLAZE.

Neighbors Discover Flames and Firemen Prevent Loss—Robbery Is Supposed Motive.

An incendiary fire was kindled by some unknown person in the front bedroom of the residence of E. L. Webster, at No. 1439 East Twenty-first street, about 8 o'clock last night. The neighbors discovered the flames and called the fire department. The firemen arrived shortly after the alarm had been sent in, and the flames were extinguished with but little loss. Robbery is supposed to have been the motive of the firebug.

Mr. and Mrs. Webster left home early in the evening. A short time after they had departed strange noises were heard about the place, and a little later the fire was discovered. Upon entering the residence the firemen found that th blaze had been started in a bed. A few articles were missing, but up to a late hour last night the police could not learn whether any valuable property had been stolen.

DU BOIS & DAVIDSON FURNITURE COMPANY
212-214 WEST SIXTH STREET
"Just Over the Line From HIGH Rents and HIGH Prices"

Ladies' Desk
THIS is an artistic piece of furniture; is carefully made throughout and of popular design. Comes in both golden and weathered oak. A desk that would sell most everywhere for $6.50 or $7.50—special this week at $4.75. Match it if you can. $4.75

Parlor Table
$3.90 Parlor table like cut at right—has 24-in. top of genuine mahogany; is exceptionally well finished—a value that can't be equaled anywhere at the price. Match it if you can.

Tabourettes Reduced
WE have a lot of fancy little golden oak tabourettes that are taking up valuable space that we need for other furniture and to clear them out quickly, we have cut the prices to wholesale cost.
These come in various designs, and have artistic iron legs, either in plain black or oxidized finish.
Were 60c, now 40c.
Were $1.10, now 80c.
Were $2.00, now $1.50.
Were $2.50, now $1.90.

Match Them If You Can
THIS is ourslogan. We say "match our values if you can," because we have confidence in our goods and our prices. Wide-awake people who watch the ads, and take time to investigate furniture prices will certainly realize that just over the line from high rents and high prices means something. We want to get acquainted with the furniture buyers who know good values and appreciate quality in furniture.

Birdseye Maple Beds
At Cut Prices This Week
BY way of drawing attention to our exceptionally fine showing of birdseye maple furniture for bedrooms, we have made two special low prices on handsome birdseye maple beds for this week.
One very artistic bed that sells regularly for $20 we have reduced to $12.
Another bed selling regularly for $23.75 is now $14.98.

Princess Dressers
For Only $18.50
THIS is a value we have offered before, and judging by the number we sell, few people have been able to match it. This neat Princess dresser, made of solid oak, with quarter sawed top, handsomely polished; would be good value at $23.50—our special price, $18.50.

Handsome Dining Table Reduced to
$14.00
A FINE pedestal dining table with 42-in. top extending to six feet. Special for this week, $14.00.
Another $22 round pedestal table, slightly damaged, for $16.

MUSIC AND THE STAGE.

The college of music, University of Southern California, will open for its year's work this morning.

In addition to the advantage of a complete staff of excellent teachers, Dean Skeele now has a modern and convenient building for his work, just completed and designed primarily for the purposes of musical instruction.

Dean Skeele

All of the old teachers of last year will be retained, and several new ones have been added to meet the rapidly growing patronage of the school. Among these is Miss Isabella Curl, who will be assistant instructor in the vocal department, and Miss Madge Patton, who will teach method piano study—a course of which she has just finished herself, in Buffalo. John Douglas Walker is retained as head of the vocal department, while Dean Skeele, in addition to his duties as head of the institution, is the professor of piano, organ and theory. A large attendance is looked for, and a number of promising advanced students are expected to graduate in the spring.

Edith Wakeman, former leading actress at the Burbank Theater, is another player of the few-years-ago California who has just ascended to high eminence. New York dispatches say that Miss Wakeman is to succeed Fay Davis as leading woman with Otis Skinner, in "The Duel." Miss Wakeman is of American birth, but since leaving her work in this city has spent most of her time in London, where, after many years of preliminaries, she scored a great success with George Alexander at the St. James Theater.

Mr. Eyton wishes to tell his side of the "leading lady" matter at the Burbank: "Although Miss Van Buren did not expect to report in New York City by the middle of October," says he, "she received advices last Tuesday to leave on the first train out of Los Angeles upon the termination of the week then noted. She notified me, and I immediately released her 'farewell week,' as my contract gave me no alternative. Miss Morosco, who was then in New York City, was notified of the circumstance, and immediately set to work on her own account. On Friday he found that he had succeeded in drawing upon the firm to whom Miss Van Buren is under contract, to allow her to remain two weeks longer—which means that she will play another week at the Burbank,' and then a week of 'Janice Meredith.' Our relations have been entirely pleasant, and merely business-like."

The juvenile members of the New York school of acting gave an excellent vaudeville programme Saturday afternoon at Mammoth Hall, attended by a large and select audience.

Prof. and Mrs. DeChauvenet and Leo Cook assisted with music. Among the participants were Lena Mason, Ina Bason, Marion Duffy, Yolande Duffy, Ray Woodcock and Irma Coonley.

The largest choir undertaking of the season is set is Lisa Lehmann's "In Powder Garden," which beautiful work will be performed next Friday evening by the choir of the First Church of the Unity, under the direction of Frank H. Colby. Solos will be Mrs. Frank H. Colby, Mrs. Beresford Joy, Johan Haaeland Charles A. Bowes.

The Catalina Band is about through with its work for the year, and after Friday of this week the members will disperse.

Professor R. C. Kammermeyer is organizing an orchestra, with several soloists, which will probably be heard at a large number of functions during the winter.

Manager C. H. Porter, who has closely watched the business end of the musical company for several years, has added his own name to the organization, and henceforth it will be called "Porter's Catalina Band."

Early next week some announcement is expected of the San Carlo Opera Company's prospective formation—and of their respective engagement in Los Angeles this winter.

Despite diligent search for the same it has failed to unearth any individual plans. The company is not together. Mr. Russell has made prospective engagements with a number of singers, but grand opera is the costly gamble that managers go against. It is even more of a risk than a circus. Who is putting up the money for Mr. Russell's plans? Is he building on air, and are his hopes—like Mr. Micawber's?

The long run of the Ulrich stock company will probably be concluded in October, and the stage of the Grand Opera House, inhabited, week by week, by strolling melodramas, alleged farces and occasional musical shows, will go out in winter upon the broad bosom of which the Grand is a part.

Pot is still boiling at Venice, but at present moment there are no developments in the musical situation.

Morosco still holds the fort, and upon the return of Doge Kinney is about due, will probably continue to do so. Kinney is a great believed in Chiaffarelli brand of music.

Which talk brings one to think of Manager Ellery.

For the present moment, Mr. Ellery has no intention of visiting California this year at least.

Despite a number of excellent bookings in the Middle West, return dates will be made where he struck the gold of Pittsburg, Milwaukee, Minneapolis and Chicago, and proposes in the future to push farther East.

Manager Bosworth intends to remain in Los Angeles until about October 1, and will start for winter quarters then.

Mr. Bosworth's physician assures him that his present first-class condition another winter in high, dry climate will put him beyond superadvise to disease, and that he may resume his profession with some permanency.

There is a possibility that he will be seen as a leading man here next winter.

The Belasco Theater is not only up to but ahead of most of its competitors in the matter of plays.

Those which are already booked for early production are "Just shelved by Wilton Lackaye, and "Sweet Kitty Belairs," a starring piece of Henrietta Crosman.

Belasco and Dill have again touched the high spring of popularity in San Francisco, and according to the papers of that city, are playing seven weeks to the dreamed-of business.

They returned from Australia, where, thriving and hustling, they were lost by in the rush of new and new faces, and they were forced to the tank towns of the woods. Now, in the days, the people seeth old friends.

"Will you let me have company on the Pacific Coast this Spring?" said L. E. Behymer or two ago, as he sat in stein's New York office.

Mr. Hammerstein shook his head. "I will make New York pay this time," he said. "I will not accept the verdict of the metropolis unapproachable—which it was last year."

This settles our possibilities of hearing Bonci this season.

"Jimmie" Bliss, well known to local theatergoers, will manage Henry E. Dixey, taking the part in Dixey's success, "The Man on the Box."

MUSIC AND THE STAGE.

The college of music, University of Southern California, will open for its regular work this morning. In addition to the advantage of a splendid staff of excellent teachers, the college now has a modern and convenient building for his work, just completed and designed primarily for the purposes of musical instruction.

All of the old teachers of last year will be retained, and several new ones have been added to meet the rapidly growing patronage of the school. Among these is Miss Isabella Curl, who will be assistant instructor in the vocal department, and Miss Madge Patton, who teaches method piano study—a branch of which she has just finished in Buffalo.

Douglas Walker is retained as head of the vocal department, while Mr. Steele, by addition to his duties as head of the institution, is the professor of piano, organ and theory.

A large attendance is looked for, and a number of promising advanced pupils are expected to graduate in singing.

Miss Wakeman, former leading actress at the Burbank Theater, is another player of the few-years-ago California girls who has just ascended to high position. New York dispatches say that Miss Wakeman is to succeed Fay Davis as leading woman with Otis Skinner, in "Kismet." Miss Wakeman is of Southern birth, but since leaving her home in this city has spent most of her time in London, where, after many preliminaries, she scored a great success with George Alexander at the St. James Theater.

Manager Belasco wishes to tell his side of the "leading lady" matter at the Burbank. "Although Miss Van Buren did not intend to report in New York City before the middle of October," says he, "she received advices last Tuesday to take the first train out of Los Angeles after the termination of the week then ended. This notified me, and I immediately informed her 'farewell week,' as my plans gave me no alternative. Mr. Belasco, who was then in New York, was notified of the circumstances and immediately set to work on a play to my account. On Friday he received a wire that he had succeeded in securing from the firm to whom Miss Bingham is under contract, to allow her to remain two weeks longer—which means she will play another week here and then a week of 'Janice Meredith.' Rehearsals have been entirely satisfactory and merely business-like."

Several members of the New Burbank acting gave an excellent musical programme Saturday afternoon in Blanchard Hall, attended by a large audience. Mrs. DeChauvenet and Leo Braun assisted with music. Among the readers were Lena Mason, Mrs. Marion Duffy, Yolande Woodcock and Irma Coonley.

The annual choir undertaking of the Temple is Liza Lehmann's "In a Persian Garden," which beautiful work will be performed next Sunday by the choir of the First Unity, under the direction of E. Colby. The soloists will be Mrs. Frank H. Colburn, Mrs. Rexford Joy, Johan Haagensen and Charles A. Bowes.

The Seventh Band is about to finish its work for the year, and today of this week the members will assemble. Professor B. C. Kammermeyer is organizing a symphony orchestra, with several concerts which will probably be given, a large number of functions to which he has been engaged.

Mr. C. H. Porter, who has just touched the business end of the musical company for several years, has added his own name to the organization, and henceforth it will be known as "Porter's Catalina Band."

Definite announcement is made that the San Carlo Opera Company, in its respective formation—and of course the engagement in Los Angeles.

Returned from Australia, [illegible] thriving and hustling, [illegible] to the rush of new [illegible] shows, and they were forced to the tank towns and the backwoods. Now, in the after-calamity days, the people seem glad to welcome old friends.

"Will you let me have a try at your company on the Pacific Coast in the Spring?" said L. E. Behymer a week or two ago, as he sat in Hammerstein's New York office.

Mr. Hammerstein shook his head. "I will make New York my only stand this time," he said. "After I get the verdict of the metropolis, I will be approachable—which is perhaps next year."

This settles our possibility of hearing Bonci this season.

"Jimmie" Bliss, well known to many local theatergoers, will be again with Henry E. Dixey, taking a character part in Dixey's successful play, "The Man on the Box."

THE MARK OF GOOD CLOTHES KNOW US FOR BEST VALUES

Don't twist your head off trying to see how it looks in the back.

The arrangement of mirrors at our store will show the effect from every point of view without turning your head.

Every side is thrown up for your inspection.

No one sided view—no buying in the dark.

Come in and try on some of the new overcoats for Fall.

Harris & Frank
LONDON CLOTHING COMPANY
337-341 South Spring Street

The Right Shoes for School.

Nothing more important the very first day the children start to school than that they be properly shod.

Bring them to Staub's when you're down buying their books today—STAUB sells the scientific shoes growing feet should wear.

STAUB sells the children's shoes that wear longest, fit best and keep their shape as long as they wear.

STAUB sells the kind of shoes it pays to buy.

A splendid school shoe of vici kid with patent tip and Goodyear welt soles at $2.50 and $3.00.

Other styles at these same prices that most people would really expect to pay more for. A Staub school shoe is a splendid looking shoe.

AT HALF—LEATHER BAGS—Elegant leather shopping bags of all sizes and shapes, buyable from $2.50 to $17.50, instead of $5 to $35—such an offer is worth your instant attention. No space to go into details; our word for the value obtainable.

Styles in
Wash Goods

Without exception we've the largest collection of new stylish wash goods in this part of California. Not just one piece of this and a sample of that, but complete assortments of the most wanted goods. Word of a few,

New styles in ginghams for school dresses, house gowns and shirt waist suits, all the new plaid checks, large and small, plain or fancy stripes and solid colors, 12½c and 15c.

32-inch fine imported Scotch zephyr ginghams, fancy plaids, plain and fancy stripes and checks, also solid colors, 25c.

Percales of American manufacture, 36 inches wide, in white and colored grounds, dots, figures and fancy stripes, all fast colors, 12½c.

Galateas, 29 inches wide, figured, dotted and striped, good for dresses, boys' waists or skirts, 15c.

New
Autumn Silks

The silks mentioned here are in the catalog of Fashion's accepted things. Dressmakers and all other women interested in autumn clothes are cordially invited to inspect and compare them.

Taffeta block plaids, made with hairline stripings, red, gray, reseda, national blue and maise, 20-inch widths, $1.25.

Plaids with metal grays prominent. Turquoise plaids, barred with black and green, black and white, black and old rose, 20-inch widths, $1.00.

Hairline stripes with silk embroidered Jacquard figures in bouquet effects, indescribably dainty, 21-inch widths, $1.25.

Shadow stripes and checks, and warp prints in variety, also all the solid colored gray, blue, navy, gobelin, tan, champagne, cardinal and the new browns, in louisines, taffetas, peau de cygne and messaline weaves, 20 and 21-inch widths, 85c to $1.25.

Foreign and Domestic Suitings

Fall dress fabrics grow in beauty, and the counters were never more attractive than just now with the great showing of foreign and domestic novelties. There's a reason for every sort displayed.

The development of the metal tone is a revelation in its diversified effect. Gray it is, but no gray such as you've grown tired of.

Stripes, plaids, checks and overplaids are features of fashion, each with the hall marks of elegance and newness characteristic of this store.

Custom-Made
Coats $10.00

Better not put off ordering your made-to-measure fall coat any longer. Already the feel of chill is in the air mornings and evenings and the rains will soon be falling. We've added some very handsome new cloths to the lines from which you may select for coats to order, at ten dollars and higher, we furnishing everything, and we invite your early inspection of goods and sample garments.

We've also renewed our well-known offer of free skirt making—walking skirts to measure free of charge, from goods bought here at $1 or more a yard. We will make any style at a surprisingly small charge. Dress Goods Section.

Vals. $1.50 Dozen

Good judges of Valenciennes laces, used to paying much more for duplicates of these, will be our best buyers today.

Standard patterns of our regularly-imported French, German, Italian round mesh and Mechlin laces—these last exceptionally good for handkerchief trimming—widths 1 to 1¾ inches, at $1.50 a doz. yds.

Bought elsewhese they'd cost you between $2.25 and $2.75 a dozen, but Valenciennes are so scarce and in such demand that many stores have barely enough to supply regular trade, at reg. prices.

Waist Fronts

Here are eleven odd French hand-embroidered waist fronts, with ample material for waist and sleeves, done on sheer or heavy linens. Embroideries are all white, white with blue or green, in solid and Anglais stitches, exquisitely fine and elaborate. A number are good for making into boleros. If you can get a pattern you like, little you care whether there are more of the same kind, but that's the reason we've reduced them.

Tho' their actual values at retail are $12.50, $15, $16.50, $17.50, $20 and $27.50, you may take your choice for $9.00—less than half average price.

If you can't use them now, keep them for next spring—or for Christmas presents. Such designs never go out of style, and such bargains come but seldom.

Bargain Silks

Now for the lower-priced silks, every bit as good in quality as the newest, but either secured by us under value, or the larger part of them previously purchased at original prices.

Grandmother taffetas, 19 inches wide, all colors, regularly 85c, special price 75c a yard. The best 19-inch taffeta made.

Imported French chiffon black taffeta, regularly 85c, today and Tuesday 65c a yard, while the 500 yards last. Soft and lustrous, for gowns, etc.

23-inch Paillette de soie; regularly $1.25; today, $1.
26-inch Paillette de soie; regularly $1.50; today, $1.22½.
36-inch taffeta; regularly $1.50; today, $1.22½.
36-inch taffeta; regularly $1.25; today, $1.

Richly Designed Cut Glass

We especially invite you to visit our Cut Glass Rooms this week. With our new fall arrivals the display is handsomer than ever—well worth a special trip down town to see. Great variety of moderate price pieces here just now, suitable for gifts. Every piece is hand polished—cut glass of genuinely standard quality.

Come in and look about at your leisure.

Classified Liners.

Times "Liner" Advertisers—Important. Note change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1905, the rate for Sunday "Liners" was raised to 1¼ cents per word for each insertion; minimum charge, 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of The Times, which averages over 70,000 copies. (When the 1-cent-per-word rate was established in 1893, The Times Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention. Rates one cent a word each insertion in the Daily; 1¼ cents per word in the Sunday edition; minimum charge, 25c.

"Liner (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rate 1¼ cents per word.

Houses.

FOR SALE—
ARE YOU GOING TO BUILD?
If you are, you want to make every dollar count. That is, you want the very best house you can get for the money. You can't beat this house for the price in Los Angeles.
—$1250—
This house contains 5 large rooms; the living-room has 2 bay windows with columns separating it from the reception hall and colonnaded arch to the dining-room, 2 bookcases, a large veranda extends around the house. The dining-room has a nice brick mantel, seat, hardwood floors and china closet with leaded glass doors; a double action door leads to the kitchen, which has an 18x30 porcelain sink, large drain board, drawers, etc. The pantry is completely fitted with flour bins, cooling closet, cupboards, lockers, drawers, etc. A good-sized screen porch. The bedrooms are large and conveniently arranged, finished in white; the plumbing is standard goods throughout, with hot and cold water; electric fixtures in all rooms; the closets are large.
I am building this model 5-room cottage complete in every detail, with cement walks, fenced, window shade, ready to move in for only
—$1250—
If you own a lot clear, I will build this house and you can pay $15 when it is finished, and $15 per month, including interest. You cannot afford to pay rent.

FOR SALE—
BEAUTIFUL SOUTHWEST BUNGALOW.
$2500; TERMS.
Positively the most artistic and up-to-date bungalow we have been able to find in the southwest. The living-room is 16x21, is heavily beamed and paneled and has a massive brick fireplace at one end, extending from the floor to the ceiling. The dining-room contains an unusually handsome buffet, large bay window with seats and is made especially attractive by French windows leading to a finishing porch. There is a large panel pantry, very convenient kitchen, screen porch with set tubs, two large airy bedrooms with fine closets and bath, oak floors, very handsome electric fixtures, Mission and white enamel finish. Is in far above the ordinary in every way and is a beauty.

FOR MODERN HOMES
IN A GROWING SECTION,

CHOOSE THE BEST
LOCATION
FIGUEROA BOULEVARD
TRACT.

LOTS ONLY $425 AND UP;
$50 DOWN, $10 A MONTH.

Figueroa Boulevard tract has no equal in the whole southwest. It lies smooth, level, and inviting at the corner of that fashionable boulevard, Figueroa street, and that always popular cross-thoroughfare, Florence avenue. Another fine residence street, Hoover, intersects it. It is highly improved, has graded and oiled streets, cement walks and curbs and large water mains. Telephone and electric conveniences may be had if desired.

FIGUEROA IS THE SHOW STREET
OF LOS ANGELES,
AND ALWAYS WILL BE.

Property bought there now will make money rapidly for its fortunate owner. If you are buying a home you might just as well have it where values are rapidly advancing. If you are buying for investment, it is wise to invest where returns are quick and satisfactory.

GO SEE IT TODAY.
THREE CAR LINES.
5-CENT FARES.

Until the Moneta-avenue line is completed, which will be soon, you can take the Redondo-Gardena car at Second and Spring or the San Pedro interurban at Third and Hill, and get off at Florence avenue.

FOR SALE—HOLLYWOOD.

FREE EXCURSIONS
start from our office at all times, fifty choice residence lots facing on Acacia, Gordon and Locust streets. The most choice and select property in that beautiful city for the money. The lots are situated with a grand view of the foothills and mountains, and the advantages of an ocean breeze, with the cooling effects in the summer, and the protection of the foothills during the winter. The improvements are of the best, with 5-foot cement walks and cement curbs, streets are graded and oiled, parkway to be planted with ornamental trees in front of every lot. Pure artesian water piped in the streets, all lots have 50-feet frontage.

PRICES $550 TO $700
on easy payments and 20 per cent cheaper than similar property. Terms each $50 cash, $10 per month. Our office open

TODAY AND SUNDAY
to issue free tickets. Bring your friends and family out to look over our property, then compare our prices with those of similar tracts. Call at our office, for tickets, maps, and all information.

FOR SALE—
Business Property.

FOR SALE—
BY F. M. PHELPS & CO.,
BARGAINS FOR QUICK BUYERS.

$4000—44x172 to alley, ALBANY ST. just off 9th. This is fine flat or apartment house property, and less than $100 per foot. Have short option only, so get busy.

$4000—INDUSTRIAL PROPERTY, 200x140 to alley, on Santa Fe R.R. near 18th; Salt Lake road right at hand; this choice warehouse or factory site consists of five 40-foot lots on the corner with alley in rear. If you want something at half price, here is your chance. Property is really worth close to $8000. A pick up.

$7500—1½ acres ADJOINING ABOVE, fronting on two streets, with Santa Fe R.R. on side; this is one of the choicest warehouse or factory sites in the city, and is worth nearly double the price asked. We have option and can deliver.

$9000—CORNER ON ORANGE near Witmer, improved with modern 8-room house. This is the cheapest corner on the street, and you cannot buy finddo property in the same block for the money. Chance for a quick turn.

$10,000—CORNER SANTEE AND 11TH, 50 x150 to alley with large 16-room house. Remember this is a corner and only 2 blocks from Main st.

$10,500—SANTEE AND 11TH, 50x150 to 20-foot alley, with fine large 9-room modern house in very good repair. This price is at least $2000 under market value; rent $58. By far the cheapest piece of property north of 12th st., and only requires $4500 to handle.

$10,500—INGRAHAM ST., near Kip; improved with 12-room house. This is close in and is the best apartment house or flat property in the city.

$11,500—W. 12TH ST. NEAR FIGUEROA, almost new flat building of 36 rooms, renting for $106 per month; lot 50x250. This is an exceptionally good buy and won't last long at this price.

$12,500—LOS ANGELES ST. near Pico, 47½ by 145 to alley, improved with small house. Remember Los Angeles st. is to be widened and paved, and now is the time to buy.
